Keep Coming Back To Love Christa Maurice, 2016-11-08 A love song in the making He was her high school sweetheart the man Candy once dreamed of sharing her life with But Ty was also a rock star on the rise with a flock of pretty groupies lining up to share his bed So what makes Ty think that now that he s ready to settle down Candy will be his one and only These days the single mom is older and wiser Still Candy can t help but feel a stir of something at his hot pursuit Ty knows he s got a lot to prove when it comes to winning Candy back But his rambling rocker lifestyle has also shown him that she s a woman worth fighting for No one has ever come close to captivating him the way she did from the first day they met a sweet faced young beauty who brought out his every protective instinct That s why when Candy s family is in crisis he s willing to risk everything for the woman he s never stopped loving

Working at Writing Robert L. Root, 1991 A survey of the composing processes of seven working writers columnist essayists Jim Fitzgerald and Kathleen Stocking political columnists Tom Wicker and Richard Reeves drama critic Walter Kerr and film critics David Denby and Neal Gabler Working at Writing offers rich and unique insights into how writing is actually done The book has three interlocking elements edited transcripts of interviews with the writers about their composing processes and the composition of specific works copies of the works discussed in the transcripts and a series of chapters that analyze the interviews and articles in the context of current

research into composing Through this unusual structure Root investigates both the ways in which the working practices of the seven writers relate to one another and to current models of composing and the ways in which such a discussion will be of value to others particularly to student writers and their teachers By considering the comments of practicing writers and the examples of their compositions and by comparing the evidence of research findings with those examples of practical experience Root gives student writers and their teachers as well the opportunity to better understand the paradigms that govern their own composing and to confirm modify abandon or replace them The final chapter discusses the implications of these professionals experience for those who hope to become working writers Stressing the importance of assiduous stringsaving immersion in context regular composition the rhetorical situation and the writer s understanding of his or her own process Root suggests both what separates the novice from the expert and how novices can apply the insights of this book as they work at their own writing *The Reality of Virtuality* Kirsten Cowan, Seth Ketron, Alena Kostyk, 2023-04-27
