

Stay  
Cool

The image features the words "Stay" and "Cool" in a large, bold, sans-serif font. The letters have a vibrant gradient, transitioning from a deep blue at the bottom to a bright magenta at the top. They are rendered with a 3D effect, showing highlights and shadows that give them a sense of depth. Surrounding the text are several translucent blue ice cubes of various sizes. Some cubes are positioned behind the letters, while others are in front, creating a refreshing, summery atmosphere. The entire composition is set against a plain white background.

## Keep Cool:

Community Cook Night Jamie Blomberg, 2010-08 This ministry seeks to provide families with the means to gather in Christ's love at the dinner table. Its participants will be equipped with resources to reach out in Christ's love to others who may benefit from this ministry. We seek quality preparation to serve the Lord in stewardship of resources, time, and talents. We will care for one another unconditionally, giving direction and opportunity to glorify God in all that we do together. Again, I tell you that if two of you on earth agree about anything you ask for it will be given to you by my Father in Heaven. For where two or three come together in my name, there I am with them. Matthew 18:19. Imagine what we could do if more congregations came together in this cook night ministry. We could provide meals for the needy people in our community with words from God delivered to their door. We could be providing meals for families that are hurting because of hardship. We could be providing a means for families across our community to gather around the dinner table in Christ's love and make a difference in the choices people make just by providing a practical need that every person and family can agree on. *The Spiritual Magazine*, 1846, *Code of Federal Regulations*, 1990. Ben ate peanut butter when he was young and he had a bad allergic reaction. At first he was too scared to speak up about his allergy and tell people that he couldn't be around peanuts. Now at six years old he knows that speaking up is very important since he encounters food with peanuts at school, at T ball practice, at birthday parties, and during the holidays. Because Ben's friends and family care about him, they are always understanding of his condition and are happy to put away dangerous foods if Ben asks them to. The Peanut Pickle will help children learn how to tell others about a food allergy and explain that they need a safe environment. It will teach them how to deal with difficult and awkward situations that inevitably arise when a child has a life-threatening food allergy. It also includes a guide for parents to help their children with food allergies. Field Guide for Fire Investigators Custer, Richard L. P. Cluster, 2006-05-19.
