**The Kennedy Circle** Lester Tanzer, 1961      **Kennedy and Roosevelt** Michael Beschloss, 2016-08-16 The revealing story of Franklin Roosevelt Joe Kennedy and a political alliance that changed history from a New York Times bestselling author When Franklin Roosevelt ran for president in 1932 he gained the support of Joseph Kennedy a little known businessman with Wall Street connections Instrumental in Roosevelt s victory their partnership began a longstanding alliance between two of America s most ambitious power brokers Kennedy worked closely with FDR as the first chairman of the Securities and Exchange Commission and later as ambassador to Great Britain But at the outbreak of World War II sensing a threat to his family and fortune Kennedy lobbied against American intervention putting him in direct conflict with Roosevelt s intentions Though he retreated from the spotlight to focus on the political careers of his sons Kennedy s relationship with Roosevelt would eventually come full circle in 1960 when Franklin Roosevelt Jr campaigned for John F Kennedy s presidential win With unprecedented access to Kennedy s private diaries as well as firsthand interviews with Roosevelt s family and White House aides New York Times bestselling author Michael Beschloss called the nation s leading presidential historian by Newsweek presents an insightful study in contrasts Roosevelt the scion of a political dynasty had a genius for the machinery of government Kennedy who built his own fortune was a political outsider determined to build a dynasty of his own From the author of *The Conquerors* and *Presidential Courage* this is a fascinating account of the complex ambiguous relationship of two shrewd ruthless power hungry men The New York Times Book Review      **Bobby Kennedy** Larry Tye, 2016-07-05 A multilayered inspiring portrait of RFK the most in depth look at an extraordinary figure whose transformational story shaped America Joe Scarborough The Washington Post NEW YORK TIMES BESTSELLER Soon to be a Hulu original series starring Chris Pine Larry Tye appears on CNN s *American Dynasties* The Kennedys We are in Larry Tye s debt for bringing back to life the young presidential candidate who almost half a century ago instilled hope for the future in angry fearful Americans David Nasaw The New York Times Book Review Bare knuckle operative cynical White House insider romantic visionary Robert F Kennedy was all of these things at one time or another and each of these aspects of his personality emerges in the pages of this powerful and perceptive biography History remembers RFK as a racial healer a tribune for the poor and the last progressive knight of a bygone era of American politics But Kennedy s enshrinement in the liberal pantheon was actually the final stage of a journey that began with his service as counsel to the red baiting senator Joseph McCarthy In *Bobby Kennedy* Larry Tye peels away layers of myth and misconception to capture the full arc of his subject s life Tye draws on unpublished memoirs unreleased government files and fifty eight boxes of papers that had been under lock and key for forty years He conducted hundreds of interviews with RFK intimates many of whom have never spoken publicly including Bobby s widow Ethel and his sister Jean Tye s determination to sift through the tangle of often contradictory opinions means that Bobby Kennedy will stand as the definitive biography about the most complex and

controversial member of the Kennedy family Praise for Bobby Kennedy A compelling story of how idealism can be cultivated and liberalism learned Tye does an exemplary job of capturing not just the chronology of Bobby's life but also the sense of him as a person Los Angeles Review of Books Captures RFK's rise and fall with straightforward prose bolstered by impressive research USA Today Tye has a keen gift for narrative storytelling and an ability to depict his subject with almost novelistic emotional detail Michiko Kakutani The New York Times Nuanced and thorough RFK's vision echoes through the decades The Economist

Goduti, Jr., 2009-10-21 John F Kennedy's advisors were enormously influential in the shaping of American foreign policy at a crucial time After struggling in his first year as president Kennedy employed the guidance of a core group including McGeorge Bundy Robert Kennedy Robert McNamara Maxwell Taylor and Theodore Sorensen This kitchen cabinet led to strong leadership in confronting serious challenges arising from the Soviet Union Cuba Southeast Asia and Berlin

*Downsizing Democracy* Matthew A. Crenson, Benjamin Ginsberg, 2020-03-03 Originally published in 2002 In Downsizing Democracy Matthew A Crenson and Benjamin Ginsberg describe how the once powerful idea of a collective citizenry has given way to a concept of personal autonomous democracy Today political change is effected through litigation lobbying and term limits rather than active participation in the political process resulting in narrow special interest groups dominating

state and federal decision making At a time when an American's investment in the democratic process has largely been reduced to an annual contribution to a political party or organization Downsizing Democracy offers a critical reassessment of American democracy John F. Kennedy Michael O'Brien, 2006-05-16 John F Kennedy creates an absorbing insightful and distinguished biography of one of America's most legendary Presidents While current fashion in Kennedy scholarship is to deride the man's achievements this book describes Kennedy's strengths explains his shortcomings and offers many new revelations There are many specialized books on Kennedy's career but no first class modern biography one that takes advantage of the huge volume of recent books and articles and new material released by the JFK library Ten years in the making this is a balanced and judicious profile that goes beyond the clash of interpretations and offers a fresh nuanced perspective *Name-Dropping* John Kenneth Galbraith, 2001-10-09 A charming memoir that serves to remind us that idealism and trust once existed in the White House and Washington a fact that may seem unbelievable Newsday A New York Times Notable Book Names You want names No one knows better ones than John Kenneth Galbraith says the San Diego Union Tribune Name Dropping covers the long and remarkable career of this economist and former ambassador charting sixty five years of politics government and American history as he writes of the many people he has known among them Franklin and Eleanor Roosevelt Harry S Truman John F Kennedy Adlai Stevenson and Jawaharlal Nehru with a wit style and elegance few can match Library Journal This mischievously and merrily unrepentant memoir offers a rich and uniquely personal history of the twentieth century a history the author himself helped to shape The Boston Globe Shrewd irreverent penetrating and hilarious Arthur M Schlesinger Jr It is not usual for a man past his 90th birthday to write a book that is as fresh and lively as the work of a 30 year old But John Kenneth Galbraith is not a usual man and he has done it The New York Times JFK and the Masculine Mystique Steven Watts, 2016-11-08 From very early on in his career John F Kennedy's allure was more akin to a movie star than a presidential candidate Why were Americans so attracted to Kennedy in the late 1950s and early 1960s his glamorous image good looks cool style tough minded rhetoric and sex appeal As Steve Watts argues JFK was tailor made for the cultural atmosphere of his time He benefited from a crisis of manhood that had welled up in postwar America when men had become ensnared by bureaucracy softened by suburban comfort and emasculated by a generation of newly aggressive women Kennedy appeared to revive the modern American man as youthful and vigorous masculine and athletic and a sexual conquistador His cultural crusade involved other prominent figures including Frank Sinatra Norman Mailer Ian Fleming Hugh Hefner Ben Bradlee Kirk Douglas and Tony Curtis who collectively symbolized masculine regeneration JFK and the Masculine Mystique is not just another standard biography of the youthful president By examining Kennedy in the context of certain books movies social critiques music and cultural discussions that framed his ascendancy Watts shows us the excitement and sense of possibility the optimism and aspirations that accompanied the dawn of a new age in America **Old Colony 208 Area, 'Towards Clean Water' ,1978** *Then Everything Changed* Jeff

Greenfield,2011-03-08 The New York Times bestseller from Jeff Greenfield the renowned CBS News senior political correspondent and veteran of CNN and ABC news offering an alternative history of America These things are true In December 1960 a suicide bomber paused when he saw the young President elect John F Kennedy s family come to the door to wave good bye In June 1968 Robert F Kennedy declared victory in California and then instead of heading to another ballroom as intended was hustled off through the kitchen In October 1976 President Ford made a critical gaffe in a debate against Jimmy Carter turning the tide in an election that had been rapidly narrowing But what if they had gone the other way In three narratives based on memoirs oral histories fresh reporting with key participants and his own knowledge of the principal players Jeff Greenfield explores how accidents of fate could have altered the course of history The scenarios that Greenfield depicts are startlingly realistic rich in detail shocking in their projections but always deeply remarkably plausible
