The Many Faces of Political Islam Mohammed Ayoob, 2008 A lucid comprehensive examination of the true relationship between Islam and global politics

The One State Reality Michael Barnett, Nathan J. Brown, Marc Lynch, Shibley Telhami, 2023-03-15 The One State Reality argues that a one state reality already predominates in the territories controlled by the state of Israel The editors show that starting with the one state reality rather than hoping for a two state solution reshapes how we regard the conflict what we consider acceptable and unacceptable solutions and how we discuss difficult normative questions The One State Reality forces a reconsideration of foundational concepts such as state sovereignty and nation encourages different readings of history shifts conversation about solutions from two states to alternatives that borrow from other political contexts and provides context for confronting uncomfortable questions such as whether Israel Palestine is an apartheid state

BESORAH Olufemi Oni, 2020-11-21 The message of the King was hijacked by His enemies and dressed in the garb of abominable religions much in the same way that a woman works yeast into a dough ball and makes them into three portions The three Abrahamic religions of Talmudic Judaism Christianity and Islam all claim to have the message of eternal hope for humanity but a closer examination reveals otherwise In five chapters of sizzling revelations the author takes the reader on a thought provoking journey to rediscover the lost message of the Kingdom unravelling mysteries previously unknown and new depths of insights into the most important event that is yet to come The Restoration of the Kingdom of Heaven There is truth to be told hope to be renewed and judgment to be declared Tables will be shaken secrets will be exposed the hidden will be revealed and dry bones shall rise He who took captive shall be taken captive he who killed with the sword must be killed with the sword Saviors will arise from Mount Tsiyon to judge the mount of Edom Babylon will fall and the Kingdom will be Yahuah's forever

The Gyroscopic Transformation of Self Quest in W. B. Yeats's Poetry Özlem Saylan,2019-01-17 Carrying a story to tell is the ancient burden of craftsmen and it is one of the characteristics of the quest to find oneself since a journey requires recognition of the aspects of self and anti self Like the speaker of his poems W B Yeats has something to tell His poetry draws nourishment from the battle between the dichotomies of self and anti self human and divine mind and intellect past and present and body and soul This book covers a selection of Yeats s poems from 1889 to 1939 discussing them within the frame of the quest to find oneself and its gyroscopic transformation The book illustrates that self is not a single entity but has multiple layers and it can be found within the quest in which it experiences a simultaneous transformation with every phase of the antithetical structure of gyroscopic movements In addition the way of the quest is cyclical however it is not a vicious cycle since in life every end is a phase of a beginning and every beginning is a phase of an end

[Hamas Contained](#) Tareq Baconi,2023-05-25 Judicious and impartial this important work adds nuance to the portrait of one of the Middle East s most divisive players Publishers Weekly Hamas is a multifaceted liberation organization that rules Gaza and the lives of the two million Palestinians who live there Demonized as a terrorist group in media and policy debates it has been subjected to accusations and assumptions that have helped justify extreme military action in the region In *Hamas Contained* Tareq Baconi offers the first history of the group on its own

terms Drawing on interviews with organization leaders as well as publications from the group Baconi maps Hamas's thirty year transition from fringe resistance to governance Questioning the conventional understanding of Hamas he shows how the movement's ideology ultimately threatens the Palestinian struggle and inadvertently its own legitimacy Baconi demonstrates how Hamas's armed struggle has failed in the face of a relentless occupation and he argues that Israel's approach of managing rather than resolving the conflict has neutralized Hamas's demand for Palestinian sovereignty This dynamic has perpetuated a deadlock characterized by its brutality and one that has led to the collective punishment of millions of Palestinian civilians

The Palestinian Left and Its Decline Francesco Saverio Leopardi, 2020-07-06 This book examines the history of the Palestinian Left by focusing on the trajectory of the Popular Front for the Liberation of Palestine PFLP during its declining phase Relying on a substantial corpus of primary sources this study illustrates how the PFLP's political agency contributed to its own marginalisation within the Palestinian national movement Following the 1982 eviction of the Palestine Liberation Organisation PLO from Lebanon the bases of the PFLP's opposition to Fatah's primacy in the national movement were jeopardised This book argues that the PFLP's loyalty to the PLO institutional and political framework prevented the formulation of a real counterhegemonic political project This drove the PFLP's action to suffer a fundamental contradiction undermining its stance within the national movement In the attempt to continue its opposition to Fatah while maintaining integration in the Palestinian mainstream the PFLP's agency fluctuated compromising its effectiveness and credibility Apparently irreversible the PFLP's marginalisation is a factor fostering the current Palestinian impasse as no alternative is emerging to break the thirteen year long Hamas Fatah polarisation

Mehran Kamrava, 2016-04-26 The two state solution is the official policy of Israel the United States the United Nations and the Palestinian Authority alike However international relations scholar Mehran Kamrava argues that Israel's state building process has never risen above the level of municipal governance and its goal has never been Palestinian independence He explains that a coherent Palestinian state has already been rendered an impossibility and to move forward Palestine must redefine its present predicament and future aspirations Based on detailed fieldwork exhaustive scholarship and an in depth examination of historical sources this controversial work will be widely read and debated by all sides
