Faces Of The Old Testament:

Faces of the Old Testament Joseph A. Callaway,1995 Each of these faces of ordinary human beings who were called upon by God to do extraordinary things provides a fascinating and compelling picture of the Old Testament [The Face of Old Testament Studies](#) David W. Baker,Bill T. Arnold,2004-10 Leading scholars provide an overview of current issues in Old Testament studies *[Bible Stories & Crafts: Old Testament](#)* Mary Tucker,2007-01-09 Bible stories from the Old and New Testaments are presented in creative ways to help children understand God's work and His presence in their everyday lives Each story is accompanied by discussion questions a memory verse and a fun craft activity **The Englishman's Hebrew Concordance of the Old Testament** George V. Wigram,1996 This new edition of the standard work The Englishman's Hebrew Concordance of the Old Testament is an improved and corrected edition that features a new larger format Now coded to Strong's it is invaluable in Bible study for those who do not know Hebrew A new index of out of sequence Strong's numbers allows the reader to quickly and easily locate any word by its Strong's number The Hebrew and English indexes have been retained **The New Faces of Christianity** Philip Jenkins,2006-09-01 Named one of the top religion books of 2002 by USA Today Philip Jenkins's phenomenally successful *The Next Christendom* permanently changed the way people think about the future of Christianity In that volume Jenkins called the world's attention to the little noticed fact that Christianity's center of gravity was moving inexorably southward to the point that Africa may soon be home to the world's largest Christian populations Now in this brilliant sequel Jenkins takes a much closer look at Christianity in the global South revealing what it is like and what it means for the future The faith of the South Jenkins finds is first and foremost a biblical faith Indeed in the global South many Christians identify powerfully with the world portrayed in the New Testament an agricultural world very much like their own marked by famine and plague poverty and exile until very recently a society of peasants farmers and small craftsmen In the global South as in the biblical world belief in spirits and witchcraft are commonplace and in many places such as Nigeria Indonesia and Sudan Christians are persecuted just as early Christians were Thus the Bible speaks to the global South with a vividness and authenticity simply unavailable to most believers in the industrialized North More important Jenkins shows that throughout the global South believers are reading the Bible with fresh eyes and coming away with new and sometimes startling interpretations Some of their conclusions are distinctly fundamentalist but Jenkins finds an intriguing paradox for they are also finding ideas in the Bible that are socially liberating especially with respect to women's rights Across Africa Asia and Latin America such Christians are social activists in the forefront of a wide range of liberation movements It's hard to overstate how interesting how eye opening how frequently surprising and sometimes disturbing Jenkins findings are Anyone interested in the implications of these trends for the major denominations for Muslim Christian conflict and for global politics will find *The New Faces of Christianity* provocative and incisive and indispensable **The Many Faces of Christ** Philip Jenkins,2015-10-13 In *The Many Faces of Christ* religious

historian Philip Jenkins refutes our most basic assumptions about the Lost Gospels and the history of Christianity He reveals that hundreds of alternative gospels were never lost but survived and in many cases remained influential texts both outside and within the official Church We are taught that these alternative scriptures such as the Gospels of Thomas Mary or Judas represented intoxicating daring and often bizarre ideas that were wholly suppressed by the Church in the fourth and fifth centuries In bringing order to the tumult the Church canonized only four gospels Matthew Mark Luke and John The rest according to this standard account were lost destroyed or hidden But more than a thousand years after Emperor Constantine converted to Christianity and made his Roman Empire do the same the Christian world retained a much broader range of scriptures than would be imaginable today *The Face Of God - A Guide To Understanding The Bible* ,2024-06-20 The Face of God A Guide to Understanding the Bible is a profound work that explores the divine messages contained in the Holy Scriptures This book offers readers a clear and detailed analysis of the biblical texts revealing the wisdom and teachings that have guided humanity for millennia Through its well structured chapters the author guides the reader on a spiritual journey that reveals the face of God as it appears in the Bible The origins prophecies psalms and parables are explored highlighting the depth of hidden meanings and the importance of the historical and cultural context This book is a valuable resource for those who wish to deepen their faith and better understand the roots of the Christian tradition With accessible language and a captivating narrative The Face of God A Guide to Understanding the Bible offers an enlightening key to deciphering the mysteries of the Scriptures and approaching the divine Perfect for theology scholars devotees and anyone seeking a greater understanding of the meaning and message of the Bible this book represents an indispensable guide on the spiritual journey of every believer **The Divine Face in Four Writers** Maurice Hunt,2017-06-29 A comparative study that explores the influence of Christian and Classical ideas about the divine face in the writing of four major writers in Western literature

Setting up in dialogue the heteronomic texts the narrative texts of the bible and Levinas s philosophical texts allows an enforced and renewed understanding of both The examination of these issues is pursued from diverse perspectives and disciplines probing the role biblical figures play in Levinas s thought and the manner by which to approach them Do the biblical allusions serve in Levinas s thought merely as a rhetorical and literary device as illustrations of his ideas or perhaps they have a deeper philosophical meaning which contributes to his project in general Do the references to biblical figures work in Levinas s philosophy in a way that other literary figures are incapable of and how do these references comply with his conflicted attitude towards literature
