Faith Formation And Popular Religion Lessons From The Tejano Experience:

Faith Formation and Popular Religion Anita De Luna, 2002 This book uses political religious and cultural history to examine catechesis Sister de Luna establishes that religiosidad popular the core theme for Hispanic theology is Christian and Catholic and traces its elements in Church catechisms of the sixteenth through the twentieth centuries She goes on to examine the relationship between theology of beauty catechesis and spirituality establishing that the three disciplines were integral to faith formation in the early church but were separated through the centuries An in depth analysis of six selected catechisms reveals that popular religion as a combination of faith and culture was evident at the beginning of Hispanic Catholicism in the sixteenth century The investigation notes the gradual elimination and eventual replacement of the cultural aspects in the catechetical texts in the nineteenth century The author concludes that the reunification of the cultural spiritual symbols with the presentation of doctrine could revitalize catechesis and bring Christian evangelization to a renewed effectiveness

religious discourse in contemporary Latino a fiction exploring how religion creates mediates or changes Latino culture and identity Much contemporary literary criticism on Latino a literature has focused on the bilingual and bicultural nature of Latino identity history and cultural production But just as the multiplicity of cultures and languages has shaped Latino identity and history so too has religion Studying the religious discourse found in fiction can clearly enrich not only our perception of the diversity within the Hispanic communities but also the diversity between sociologists and creative writers

Living Beauty Alejandro García-Rivera, Alex García-Rivera, Thomas J. Scirghi, 2008 The Christian mystery celebrated in the Roman Catholic liturgy is a sensible mystery and calls out for artistic expression Living Beauty explores the Christian mystery and points to the need for a liturgical aesthetic as a means to encounter the divine mystery A liturgical aesthetic gives an account of Christian worship in terms of a new set of categories that includes divine beauty a theology of sensibility

and the new notion of a unitive revelatory experience These categories help to reveal the aesthetic dimensions of the Church's watershed document on the liturgy *Sacrosanctum Concilium* The Church today stands in need of a new conversation on the aesthetic dimension of the liturgy and the role of the arts Contrary to common opinion the arts provide more than an environment or mere extrinsic ornamentation for the liturgy they are intrinsic to the very nature of liturgy They provide the means of being sanctified in the encounter with divine beauty that is the mystery of Christian worship Artistic expression enables the worshipping community to receive the divine mystery in beauty stic expression enables the worshipping community to receive the divine mystery in beauty stic expression enables the worshipping community to receive the divine mystery in beauty

Liberation Theologies in the United States Stacey M Floyd-Thomas, Anthony B Pinn, 2010-03-01 *Liberation Theologies in the United States* reveals how the critical use of religion can be utilized to challenge and combat oppression in America In the nascent United States religion often functioned as a justifier of oppression Yet while religious discourse buttressed such oppressive activities as slavery and the destruction of native populations oppressed communities have also made use of religion to critique and challenge this abuse As *Liberation Theologies in the United States* demonstrates this critical use of religion has often taken the form of liberation theologies which use primarily Christian principles to address questions of social justice including racism poverty and other types of oppression Stacey M Floyd Thomas and Anthony B Pinn have brought together a stellar group of liberation theology scholars to provide a synthetic introduction to the historical development context theory and goals of a range of U S born liberation theologies Black Theology Anthony B Pinn Womanist Theology Stacey M Floyd Thomas Latina Theology Nancy Pineda Madrid Hispanic Latino a Theology Benjam n Valent n Asian American Theology Andrew Sung Park Asian American Feminist Theology Grace Ji Sun Kim Native Feminist Theology Andrea Smith Native American Theology George Tink Tinker Gay and Lesbian Theology Robert E Shore Goss Feminist Theology Mary McClintock Fulkerson An extraordinary resource for understanding the vitality of liberation theologies and their relation to social transformation in the changing U S context

Written in an accessible and engaged way this powerful and informative text will inspire beginners and scholars alike I highly recommend it Kwok Pui lan author of *Postcolonial Imagination and Feminist Theology* A delight to read and an exemplary account of the genre of liberation theologies Religious Studies Review **Mexican Spirituality** Francisco Schulte, 2002 This book celebrates a number of Guadalupean sermons that serve as the fundamental source of the Mexican people's unique spiritual devotion and identity These sermons were preached published and circulated among the populace of Mexico in the seventeenth and eighteenth centuries They proclaim an unshakable conviction that the peoples of the American continent are the uniquely blessed recipients of God's and especially Mary's favor In their modern sense these sermons provide a wealth of information on Mexican theology spirituality and religious self understanding at a pivotal time in a people's culture **The Virgin of Guadalupe** Maxwell E. Johnson, 2002 The appearance of the Virgin Mary on a hill in Guadalupe Mexico in 1531 is perhaps the central tradition in Latino Catholicism The vision allegedly seen by recent convert Juan Diego signalled the rise of Catholicism in the New World at a time when Protestantism was spreading throughout the old world So what could a male anglo protestant liturgist possibly have to say on the subject In *The Virgin of Guadalupe* Lutheran minister Maxwell Johnson recognizes that this tradition is not only important to Latin American Catholics but to all Latin American Christians Acknowledging the significance if not necessarily the historical accuracy of the appearance of the Virgin is not simply a Roman Catholic need by a necessity for all Christian churches among whom the Hispanic presence is growing This is shown by the increased commemoration of Juan Diego on December 9 or of the Virgin of Guadalupe herself on December 12 on Protestant calendars This increased recognition among Protestants coincides with the Pope's canonization of Saint Juan Diego in the summer of 2002 In step with this movement Johnson considers the Virgin of Guadalupe from a Lutheran perspective and looks at ways in which she might be received into the evangelical or Protestant tradition **A God of Incredible Surprises** Virgilio Elizondo, 2003-11-10 In this remarkable rereading of the life of Jesus theologian Virgilio Elizondo cited by TIME Magazine as one of our the spiritual innovators of our time focuses on the humanity of Jesus and the healing his life offers to ourselves and our world today *Border of Death, Valley of Life* Daniel G. Groody, 2002 This book is a powerful first hand account of religious ministry reaching out to heal the lives of desperate people who come to the United States often illegally seeking a better life *¡Santo!* Edwin David Aponte, 2012 An overview of Latino spiritualities today Protestant Catholic Pentecostal and non Christian and the challenges they bring to Christian theology and ministry Given the context of increasing religious pluralism and a burgeoning interest in religions religiosity and spirituality within the United States and the knowledge that by the mid twenty first century an estimated 100 million Americans will claim Latin origin an understanding of the varieties of Latino spirituality becomes essential This book focuses on the ways in which Latinos and Latinas participate in the pursuit and practice of the spiritual or holy santo as part of their lived religion In seven chapters Aponte explores various understandings of santo and its participation in daily life rites of passage and worship **Latinos**

and the New Immigrant Church David A. Badillo, 2006-06-19 Latin Americans make up the largest new immigrant population in the United States and Latino Catholics are the fastest growing sector of the Catholic Church in America In this book historian David A Badillo offers a history of Latino Catholicism in the United States by looking at its growth in San Antonio Chicago New York and Miami Focusing on twentieth century Latino urbanism Badillo contrasts broad historic commonalities of Catholic religious tradition with variations of Latino ethnicity in various locales He emphasizes the contours of day to day life as well as various aspects of institutional and lived Catholicism The story of Catholicism goes beyond clergy and laity it entails the entire urban experience of neighborhoods downtown power seekers archdiocesan movers and shakers and a range of organizations and associations linked to parishes Although parishes remain the key site for Latino efforts to build individual and cultural identities Badillo argues that one must consider simultaneously the triad of parish city and ethnicity to fully comprehend the influence of various Latino populations on both Catholicism and the urban environment in the United States By contrasting the development of three distinctive Latino communities the Mexican Americans Puerto Ricans and Cuban Americans Badillo challenges the popular concept of an overarching Latino experience and offers instead an integrative approach to understanding the scope depth and complexity of the Latino contribution to the character of America s urban landscapes

Voices of Feminist Liberation Emily Leah Silverman, Dirk von der Horst, Whitney Bauman, 2014-10-14 *Voices of Feminist Liberation* brings together a wide range of scholars to explore the work of Rosemary Radford Ruether one of the most influential feminist and liberation theologians of our time Ruether s extraordinary and ground breaking thinking has shaped debates across liberation theology feminism and eco feminism queer theology social justice and inter religious dialogue At the same time her commitment to practice and agency has influenced sites of local resistance around the world as well as on globalised strategies for ecological sustainability and justice *Voices of Feminist Liberation* examines the potential of Ruether s thinking to mobilize critical theology social theory and cultural practice The scholars gathered here present their personal engagements with Ruether s thinking and teaching The book will be invaluable to scholars policy makers and activists seeking to understand how colonial and patriarchal oppression in the name of religion can be confronted and defeated

Spiritual Mestizaje Theresa Delgadillo, 2011-08-08 Demonstrates the centrality of Gloria Anzald as concept of spiritual mestizaje to the queer feminist Chicana theorists life and thought and its utility as a framework for interpreting contemporary Chicana narratives

Católicos Mario T. García, 2010-01-01 Chicano Catholicism both as a popular religion and a foundation for community organizing has over the past century inspired Chicano resistance to external forces of oppression and discrimination including from other non Mexican Catholics and even the institutionalized church Chicano Catholics have also used their faith to assert their particular identity and establish a kind of cultural citizenship Based exclusively on original research and sources Mario T Garc a here offers the first major historical study to explore the various dimensions of the role of Catholicism in Chicano history in the twentieth century This is also one of the first

significant studies in the still limited field of Chicano religious history. Topics range from how early Chicano Catholic intellectuals and civil rights leaders were influenced by Catholic Social Doctrine to the role that popular religion has played in the lives of ordinary men and women in both rural and urban areas. Garcia also examines faith-based Chicano community movements like Católicos Por La Raza in the 1960s and the Sanctuary movement in Los Angeles in the 1980s. While Latino history and culture has been for the most part inextricably linked with the tenets and practices of Catholicism, there has been very little written until recently about Chicano Catholic history. Garcia helps to fill that void and explore the impact, both positive and negative, that the Catholic experience has had on the Chicano community.
