Paul J. Griffiths, 2007-12-01 *An Apology for Apologetics* argues that a vigorous apologetics is a vital component of any sound effort at interreligious dialogue. Griffiths shows that a spirited defense of each religious tradition must be made by people who are both committed to their truth and open to serious criticisms by members of other faith traditions. He demonstrates why and how such a recognition of the necessity of interreligious apologetics, the NOIA principle, runs counter to the underlying presuppositions of many proponents of interreligious dialogue. Griffiths raises the specter of an unacceptable price that will be paid if the apologetic enterprise is abandoned. Religious traditions he shows convincingly will face relegation to the realm of purely private opinion and religious people will be denied the minimum plausibility they need to engage in public discourse. He argues ultimately that if basic doctrines cannot be defended against alien claims, religious tradition cannot survive. This book will without a doubt stimulate the debate it seeks to introduce. It unapologetically issues a challenge to teacup ecumenists and lazy pluralists. *An Apology for Apologetics* is for all who are seriously concerned with their own religious communities. It shows how to think about and communicate with those whose practices and convictions seem to differ significantly from one's own. *Christian Apologetics as Cross-Cultural Dialogue* Benno van den Toren, 2011-10-27 A call for a new understanding of apologetics moving away from appeals to transcultural rationality, arguing for a new form of cross-cultural dialogue. **Christian Apologetics** Douglas Groothuis, 2022-02-08 The Christian faith offers people hope. But how can we know that Christianity is true? How can Christians confidently present their beliefs in the face of doubts and competing views? In this second edition of a landmark apologetics text, Douglas Groothuis makes a clear and rigorous case for Christian theism, addressing the most common questions and objections raised regarding Christianity. **Faith's Defenders** Dr. Octavian Caius Obeada, 2024-07-28 *Faith's Defenders: The Christian Apologetic Mission* offers a comprehensive exploration of the crucial role of apologetics in the Christian Church. It examines the foundational beliefs, historical challenges, and modern-day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present. The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture, address doubts, and reinvigorate faith. Drawing on insights from renowned defenders of the faith, it highlights the importance of apologetics in strengthening the Church's witness and fostering meaningful dialogue, making a compelling call for the Church to present the gospel with confidence, clarity, and compassion. You can find the PAPERBACK version on Amazon: <https://amzn.to/4jiSDjr>. **Overhearing a Christian Apology to the Nones** Thomas E. Rodgeron, 2021-11-03 While the steady increase of the religiously unaffiliated Nones in America has generated anxious responses about rising secularism and loss of national identity, this book suggests a wider meaning-making approach wherein the Nones are seen as valuable dialogue partners necessary in this pivotal moment for the revealing of still-hidden truths about culture, spirituality, and religion. Christians who overhear this dialogue may find upon self-reflection an emerging truth about their relationships, embedded stories, level of faith development, and susceptibility to a culturally

conditioned transactional religion Nones who choose to engage in dialogue may find that the nothingness they bring to the dialogue is more significant than they realize revealing truths of an apophatic spiritual path necessary for generating a transformational faith of freedom and capable of rebalancing a divisive consumer driven society The religious and the not religious who are often seen as being on opposite sides of an imagined religious threshold may instead be seen as standing together in a liminal space that opens in wordless silence to yet unseen possibilities and from which emerge new stories aligned with the heart of Creation

itself as the revelation which supersedes all previous revelation Thus although Christians and Muslims share certain themes and figures such as Creation and the Last Judgement Abraham Moses Mary and Jesus Muslims refuse evidence contrary to the Qur'an leaving Christians without recourse to traditional scripture based arguments Gerasimus as a Christian apologist and mutakallim accepted these challenges and began the process of explaining and translating his faith in the new milieu to make it coherent and rational In his treatise Gerasimus reveals himself to be a full participant in this important period of intellectual history he sets down the basic points of controversy and outlines a response to them in a form that would be an excellent introduction to Christian theology written for the Muslim environment Gerasimus was also a mutakallim in his own right the Christian counterpart to those Islamic scholars who sought to defend their faith through rational arguments In an effort to argue the legitimacy of Christianity Gerasimus attempts to create a common language that influences the meaning of terminology and concepts of intellectual development in Muslim Christian debates Such language would set the stage for centuries to come This is certainly his greatest contribution

Currents in Twenty-First-Century Christian Apologetics John J. Johnson, 2008-09-01 In this book Johnson avoids the standard approach of many apologetic works that seek to prove in systematic fashion that Christianity is true Rather he takes the position of orthodox Christianity and looks at various challenges that have been raised against it For example should the horrors of the Holocaust force Christian thinkers to alter their view of God's goodness Is Christianity inherently anti Jewish for claiming that Jews must embrace Jesus as Messiah Are revived hallucination theories about Christ's resurrection tenable explanations of the birth of the Christian movement Is the presuppositional approach of certain Reformed thinkers useful for doing Christian apologetics These and similar questions are addressed in this book

Thinking About Christian Apologetics James K. Beilby, 2011-09-13 Most introductions to apologetics begin with the how to of defending the faith diving right into the major apologetic arguments and the body of evidence For those who want a more foundational look at this contested theological discipline this book examines Christian apologetics in its nature history approaches objections and practice

Cultural Contextualization of Apologetics Matt W. Lee, 2022-03-03 In the post Christian world we find sincere efforts in traditional Christian apologetics repeatedly running into invisible walls These blocks happen when cultural issues are neglected With mere rational arguments presented as a defense of Christianity logical answers alone are not attracting the nonbelievers nor resolving their skepticism People today have different obstacles in coming to the Christian faith particularly their own cultural presuppositions How do we present defend and commend Christianity to people whose culture gives them a frame of mind the one that cares very little about how rational the arguments are Cultural Contextualization of Apologetics explores the world of the New Testament and the ministry of the apostle Paul to excavate a fresh model for apologetics with cultural engagement to present an answer Matt W Lee analyzes the dynamics involved in Paul's cultural connection with his audience and how it relates to their receptivity uncovering a scheme of apologetics engagement patterned in his apologetics speeches From the background of Paul's world

to the forefront of contemporary apologetics preaching Cultural Contextualization of Apologetics offers a vision of apologetics communication that is both biblical and practical Sustaining Preachers and Preaching George Lovell, Neil Richardson, 2011-01-13 A textbook on preaching from an ecumenical perspective covering the foundations and practice of preaching *The Rowman & Littlefield Handbook of Contemporary Christianity in the United States* Mark A. Lamport, 2022-02-15 The Handbook of Contemporary Christianity in the United States is a one volume examination of Christianity in its role contributions and embattled engagements with the contemporary culture of the postmodern United States While Christianity has been a sustaining force and dominant storyline of the historical foundations of America obvious social political and scientific inroads have lessened its influence and altered the issues considered The handbook explores the strengths and weaknesses of the Christian faith and traditions in the United States and its rich and textured history with a discernable eye toward how the message strategies and initiatives of Christianity has adapted to contemporary American life

A History of Apologetics Avery Dulles, 2018-08-22 Making the case for the Christian faith apologetics has always been part of the Church's mission Yet Christians sometimes have had different approaches to defending the faith responding to the needs of their respective times and framing their arguments to address the particular issues of their day Cardinal Avery Dulles's A History of Apologetics provides a masterful overview of Christian apologetics from its beginning in the New Testament through the Middle Ages and on to the present resurgence of apologetics among Catholics and Protestants Dulles shows how Christian apologists have at times both criticized and drawn from their intellectual surroundings to present the reasonableness of Christian belief Written by one of Catholicism's leading American theologians A History of Apologetics also examines apologetics in the 20th and early 21st centuries including its decline among Catholics following Vatican II and its recent revival as well as the contributions of contemporary Evangelical Protestant apologists Dulles also considers the growing Catholic Protestant convergence in apologetics No student of apologetics and contemporary theology should be without this superb and masterful work

Siniscalchi,2016-01-07 Given the popes recent statements of their desires to implement the New Evangelization it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics For the New Evangelization places particular emphasis on repropounding the Gospel to those who have experienced a crisis of faith due to secularization One salient method of Catholic apologetics used to be characterized by three demonstrations each of which assumes the conclusions established in the previous step s Some might think that this classical method of apologetics has been abandoned in the postconciliar Church but Siniscalchi s book updates it Unlike the classical apologetics of the preconciliar era Siniscalchi engages contemporary scholarship in a variety of academic disciplines such as philosophy history biblical studies sociology and theology to develop the steps that are necessary for showing the reasonableness of faith **Humble Confidence** Benno van den Toren,Kang-San Tan,2022-12-20 Benno van den Toren and Kang San Tan provide a global intercultural model of apologetics as crosscultural dialogue and accountable witness Filled with Scriptural examples and real world experiences this is a conversational patient holistic and embodied guide to creating true dialogue in our multicultural multifaith world
