

Johan Christian Dahl 17881857

**Edward Geoffrey Stanley, Angus
Hawkins**

Johan Christian Dahl 1788-1857:

Nordic Landscape Painting in the Nineteenth Century Torsten Gunnarsson, 1998-01-01 This study identifies and analyzes the different types of landscape painting that dominated the Scandinavian countries in the 19th century The author shows how the wilderness became a symbol of Nordic strength as well as a counter image to industrialization and European urban culture Johan Christian Dahl, 1788-1857 ,1957 **Johan Christian Dahl, 1788-1857** Johan Christian Dahl, 1988

Johan Christian Dahl 1788-1857, jubileumsutstilling 1988 Johan Christian Dahl, Marit Ingeborg Lange, 1988 *Baltic Light* Catherine Johnston, Helmut Borsch-Supan, Helmut R. Leppien, National Gallery of Canada, Kasper Monrad, 1999-01-01 During the first half of the nineteenth century Danish and German artists studying in Paris and Rome brought back the concept of plein air painting and began to paint out of doors on their native soil They introduced a whole new aesthetic that was sensitive to the light and atmospheric conditions peculiar to the north especially during the long summer days This beautiful book focuses on the painters and paintings of this period particularly Caspar David Friedrich who produced many fine works before he developed the romantic style for which he is better known The book presents topographical landscapes panoramas and some group and individual portraits that often include a window from which light emanates Essays by eminent authorities discuss various aspects of the Danish and North German open air movement They note for example that the paintings reflect a direct view of nature devoid of the intellectual and moral overtones of the neoclassical paintings that preceded them They also discuss the fact that Schleswig Holstein was closely allied with Denmark until 1848 and this favored many Hamburg and north German artists studying at the Academy in Copenhagen where painting out of doors was encouraged In addition to the essays the book presents 108 works by twenty three artists catalogue entries for each work and a biography of each artist Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition Caspar David Friedrich Sabine Rewald, 2001 Caspar David Friedrich 1774 1840 a major figure in the German Romantic movement painted sublime works representing nature at its most melancholic and desolate One of his most famous motifs was that of two intimate figures seen from behind gazing at the moon Friedrich painted three versions of this theme one of which Two Men Contemplating the Moon has recently been acquired by The Metropolitan Museum of Art The book discusses the

Metropolitan s painting in conjunction with the other two versions and a number of related paintings and drawings by Friedrich and his Dresden friends It also presents fascinating details about the moon itself including what was known about it in Friedrich s lifetime and its presence and symbolism in contemporary Romantic poetry Seasonal Landscapes Hannes Palang,Helen Sooväli,Anu Printsmann,2007-05-24 Seasonality is so obvious that it is typically omitted from landscape research It is expressed both in the natural rhythms of the landscape and in human lifestyles This book opens new perspectives on how seasons are perceived by people and societies in different parts of the world it offers interdisciplinary perspectives on seasonality research and discusses its applications to planning The Rough Guide to Norway (Travel Guide eBook) Rough Guides,2017-03-30 The Rough Guide to Norway is the ultimate travel guide to Scandinavia s most inspiring country There s stunning photography to inspire you crystal clear maps to guide you and in depth coverage on everything from Norway s charmingly laidback cities to the mighty ice plateaus of Svalbard s arctic wilderness The Rough Guide to Norway will ensure you make the most of your time in Norway whether you are planning a city break in style conscious Oslo a retreat in a stunningly sited fjordside hamlet or an adventurous trip hiking past mountain waterfalls cross country skiing or chasing the elusive northern lights Insider reviews reveal the best places to eat drink and sleep with something for every budget whether you want to stay in a remote lighthouse or fisherman s hut enjoy Bergen s top notch culinary scene or have a night out bar hopping in Norway s buzzing capital city Make the most of your trip with The Rough Guide to Norway *The Rough Guide to Norway* Phil Lee,Rough Guides,2009-05-18 The Rough Guide to Norway is the ultimate travel guide with clear maps and detailed coverage of all the best Norwegian attractions Discover the diverse regions of Norway from the outstanding expresionist art in the unmissable Oslo galleries to the Loften Islands and majestic coastline of Norway This incisive thoughtful guide delves deeper than any other guide into the heart of Norway and its people the spectacular national parks stunning scenery and cosmopolitan cities Find detailed practical advice on what to see and do in Norway whilst relying on up to date descriptions of the best hotels in Norway recommended restaurants in Norway Norwegian bars and all the insider tips to the best shopping and entertainment in Norway for all budgets You ll find expert tips on exploring Norway s untrammelled wilderness catering for hikers and skiers to Base jumpers and glacier hikers with an authoritative background on Norway s history and culture Explore all corners of Norway with the clearest maps of any guide Make the most of your holiday with The Rough Guide to Norway **Caspar David Friedrich: The Soul of Nature** Alison Hokanson ,Joanna Sheers Seidenstein ,2025-02-03 Caspar David Friedrich 1774 1840 reimagined European landscape painting by portraying nature as a setting for profound spiritual and emotional encounters Working in the vanguard of the German Romantic movement which championed a radical new understanding of the bond between nature and the inner self Friedrich developed pictorial subjects and strategies that emphasize the individuality intimacy open endedness and complexity of our responses to the natural world The vision of the landscape that unfolds in his art meditative mysterious and full of wonder is

still vital today Presented in honor of the 250th anniversary of Friedrich s birth in 2024 Caspar David Friedrich The Soul of Nature is the first comprehensive exhibition dedicated to the artist held in the United States Organized in cooperation with the Alte Nationalgalerie of the Staatliche Museen zu Berlin Staatliche Kunstsammlungen Dresden and Hamburger Kunsthalle with unprecedented loans from more than 30 lenders in Europe and North America the exhibition will present approximately 75 works by Friedrich Oil paintings finished drawings and working sketches from every phase of the artist s career along with select examples by his contemporaries will illuminate how Friedrich developed a symbolic vocabulary of landscape motifs to convey the personal and existential meanings that he discovered in nature The exhibition will situate Friedrich s art within the tumultuous politics and vibrant culture of 19th century German society and by extension highlight the role of German Romanticism in shaping modern perceptions of the natural world

Volcano James Hamilton,2013-02-15 For years tourists have trekked across cracked rock at Hawaii s Kilauea volcano to witness the awe inspiring sight of creeping lava and its devastating effects on the landscape In 2010 Eyjafjallaj kull erupted in Iceland stranding travelers as a cloud of ash covered western and northern Europe causing the largest disruption of air travel since World War II And just a few months later Mount Merapi blew in Indonesia killing over 350 people and displacing over 350 000 others awakening people once more to the dangerous potential of these sleeping giants Though today largely dormant volcanoes continue to erupt across the world reminding us of their sheer physical power In Volcano James Hamilton explores the cultural history generated by the violence and terrifying beauty of volcanoes He describes the reverberations of early eruptions of Vesuvius and Etna in Greek and Roman myth He also examines the depiction of volcanoes in art from the earliest known wall painting of an erupting volcano in 6200 BCE to the distinctive colors of Andy Warhol and Michael Sandle s exploding mountains Surveying a number of twenty first century works Hamilton shows that volcanoes continue to influence the artistic imagination Combining established figures such as Joseph Wright and J M W Turner with previously unseen perspectives this richly illustrated book will appeal to anyone interested in science as well as the cultural impact of these spectacular natural features

A Grand Tour Journal 1820-1822 Edward Geoffrey Stanley,Angus Hawkins ,2022-12-14 In December 1820 at twenty one years old Edward Geoffrey Stanley the future 14th earl of Derby and three times prime minister began an extensive tour of continental Europe By the time of his return to England twenty months later he had visited many of the foremost centres for art and culture in Europe and mostly in Italy In his travel diaries he recorded his intensive social life his visits to historical sites his viewings of art collections his comments on architecture his admiration of landscapes and his impressions of foreign societies He was energetic enthusiastic and discerning the bridge of Augustus in Umbria gave him a stupendous idea of Roman grandeur the charm of the towns crowning the Tuscan hills struck him with the same delight that he felt when gazing at one of Poussin s paintings the waterfall at Terni which dropped 370 feet into an abyss of spray was awfully magnificent while the ceremonies of the Italian Catholic Church he judged to be a blend of mummery superstition

and bigotry Sights and experiences like these influenced him for the rest of his life This precious collection of diaries found only recently and published here for the first time reveal Edward Stanley to have been a young man of diligence courage and decisiveness a future leader with a conspicuous and burgeoning sense of political and social justice It was these characteristics seen in early development within these pages that shaped the man and the extraordinary career to come

For All the Wrong Reasons Mary K. Novello,1998 Follows the train of thought put in motion by Jean Jacques Rousseau in the broad areas of progressivism Romanticism collectivism and nationalism to determine their relevance to the history of educational thought After a brief biography of Rousseau and his influence on educational methods chapters explore the progressive education movement in the 19th century effects of the Romantic movement and concepts of citizenship that led to the American and French revolutions Concludes with an argument for the separation of school and state Annotation copyrighted by Book News Inc Portland OR Edvard Munch Sue Prideaux,Edvard Munch,2005-01-01 A comprehensive biography of Edvard Munch explores the events of his turbulent life and places his experiences in their intellectual emotional and spiritual contexts **Culture and Customs of Norway** Margaret Hayford O'Leary,2010-09-16 This thorough introduction to modern day Norway and Norwegian culture shows the impact a small country can have on the world in terms of peace building environmental issues technological innovation and more Culture and Customs of Norway provides an up to date view of Norway showcasing a nation that is part of modern Europe yet zealously maintains its own culture and identity Providing the most current information on a broad range of topics including cinema literature food art performing arts and architecture the book also places modern day Norway in a historical context that makes it possible to understand how Norwegian culture came to be as it is today Readers will discover a nation that is a fascinating juxtaposition of advanced technology especially in such fields as oil production and climate and some of the most spectacular natural beauty in the world They will read about such famous writers artists and composers as Henrik Ibsen Edvard Munch and Edvard Grieg And they will discover how Norway confronts the challenges of modern society without sacrificing its social democratic philosophy of social justice and shared responsibility both at home and globally **Architectural Conservation and Restoration in Norway and Russia** Evgeny Khodakovsky,Siri Lexau,2017-09-07 Norway and Russia have been closely related through the ages both geographically and historically and have experienced similar problems relating to climate building maintenance and national wooden architecture As a result the parallel study of architectural conservation and restoration theories and practices in both neighbouring Northern states makes for a stimulating collective monograph Architectural Conservation and Restoration in Norway and Russia delves into the main challenges of historic and contemporary architectural preservation practices in the two countries The book consists of three main parts the discovery and preservation of historical architecture in the late nineteenth to early twentieth century contemporary approaches to former restorations and the conservation and maintenance of historical architecture and finally current questions concerning

preservation of twentieth century architectural heritage which due to different building technologies and artistic qualities demand revised methods and historical evaluation This is a valuable resource for academics researchers and students in different areas of architecture medieval nineteenth century wooden and contemporary architecture as well as in the fields of art architectural history cultural heritage and Scandinavian and Russian studies **The Rough Guide to Barcelona** Jules Brown,2004 The Rough Guide to Barcelona offers the traveller a first class insight into this colourful and exciting city This fifth edition has been thoroughly updated and revised and includes up to the minute reviews of the city s best restaurants bars and clubs There are in depth accounts of all the sights from the tree lined Ramblas to the weird and wonderful modernista architecture all over the city The detailed contexts chapter includes a section on Catalan cookery with recipes

Norway Sakina Kagda,Barbara Cooke,Debbie Nevins,2016-07-15 Norway is a country with a rich history diverse culture and unique customs Today it is one of the most successful countries in the world and its citizens are among the happiest on Earth This book explores Norway s evolution from ancient times to the Vikings and finally to the present day examining the way Norway operates as a country its government and the people who make the country what it is today All books of the critically acclaimed Cultures of the World series ensure an immersive experience by offering vibrant photographs with descriptive nonfiction narratives and interactive activities such as creating an authentic traditional dish from an easy to follow recipe Copious maps and detailed timelines present the past and present of the country while exploration of the art and architecture help your readers to understand why diversity is the spice of Life *Modernism in Scandinavia* Charlotte Ashby,2017-02-23 Scandinavia is a region associated with modernity modern design modern living and a modern welfare state This new history of modernism in Scandinavia offers a picture of the complex reality that lies behind the label a modernism made up of many different figures impulses and visions It places the individuals who have achieved international fame such as Edvard Munch and Alvar Aalto in a wider context and through a series of case studies provides a rich analysis of the art architecture and design history of the Nordic region and of modernism as a concept and mode of practice Modernism in Scandinavia addresses the decades between 1890 and 1970 and presents an intertwined history of modernism across the region Charlotte Ashby gives a rationale for her focus on those countries which share an interrelated history and colonial past but also stresses influences from outside the region such as the English Arts and Crafts movement and the impact of emergent American modernism Her richly illustrated account guides the reader through key historical periods and cultural movements with case studies illuminating key art works buildings designed products and exhibitions
