John 1 10 Torrance Edition:

The Epigones William A. McComish,1989-01-01 This long standing series provides the guild of religion scholars a venue for publishing aimed primarily at colleagues It includes scholarly monographs revised dissertations Festschriften conference papers and translations of ancient and medieval documents Works cover the sub disciplines of biblical studies history of Christianity history of religion theology and ethics Festschriften for Karl Barth Donald W Dayton James Luther Mays Margaret R Miles and Walter Wink are among the seventy five volumes that have been published Contributors include C K Barrett Francois Bovon Paul S Chung Marie Helene Davies Frederick Herzog Ben F Meyer Pamela Ann Moeller Rudolf Pesch D Z Phillips Rudolf Schnackenburgm Eduard Schweizer John Vissers [The Trouble with "Truth through Personality"](#)

Charles W. Fuller,2010-04-05 In an era when the cult of personality has overtaken the task of preaching Charles W Fuller offers an engaging query into the necessary boundaries between the person of the preacher and the message preached By thoroughly evaluating Phillips Brooks s classic truth through personality definition of preaching Fuller brings to light a substantial error that remains in contemporary homiletics namely the tenuous correlation between Christ s incarnation and Christian preaching Ultimately Fuller asserts a sound evangelical framework for preaching on revelational ontological rhetorical and teleological grounds Preachers who desire to construct pulpit practice upon a robust evangelical foundation will benefit from Fuller s contribution *Chapter of Report ... of the State Mineralogist Covering Mining in California and the Activities of the State Mining Bureau* California State Mining Bureau,1924 *Mining in California ,1923* **The Seven**

Prayers of Jesus Laszlo Gallusz,2017-07-20 Millions of Christians believe that prayer is the breath of the soul on which depends the quality of their spiritual life The reality however is that genuine prayer is something we need to learn repeatedly We share the helplessness of the disciples who asked Jesus Lord teach us to pray Luke 11 1 This volume focuses on the praying of Jesus Christ in the New Testament The Seven Prayers of Jesus investigates his prayers in their literary and socio historical context and points to their theological significance and relevance for today Laszlo Gallusz hopes that this work will not only provide a fresh biblical perspective on the prayers of Jesus but also become a source of inspiration for our own prayer lives Dr Gallusz s engagement with Scripture shows his mastery of the biblical topic Yet he also writes with the heart of a pastor applying his insights to the life of the individual Christian and also that of the church This book will enrich the intellect and nurture the spirit of all those who read it I recommend it wholeheartedly Laurence A Turner Principal Lecturer Emeritus in Old Testament Newbold College Bracknell UK **Feeding the Flock** Terryl L. Givens,2017-06-01 Feeding the Flock the second volume of Terryl L Givens s landmark study of the foundations of Mormon thought and practice traces the essential contours of Mormon practice as it developed from Joseph Smith to the present Despite the stigmatizing fascination with its social innovations polygamy communalism its stark supernaturalism angels gold plates and seer stones and its most esoteric aspects a New World Garden of Eden sacred undergarments as well as its long standing outlier status among

American Protestants Givens reminds us that Mormonism remains the most enduring and thriving product of the nineteenth century's religious upheavals and innovations. Because Mormonism is founded on a radically unconventional cosmology based on unusual doctrines of human nature, deity, and soteriology, a history of its development cannot use conventional theological categories. Givens has structured these volumes in a way that recognizes the implicit logic of Mormon thought. The first book, *Wrestling the Angel*, centered on the theoretical foundations of Mormon thought and doctrine regarding God, humans, and salvation. *Feeding the Flock* considers Mormon practice, the authority of the institution of the church and its priesthood forms of worship and the function and nature of spiritual gifts in the church's history, revealing that Mormonism is still a tradition very much in the process of formation. At once original and provocative, engaging and learned, Givens offers the most sustained account of Mormon thought and practice yet written.

Violence, Hospitality, and the Cross Hans Boersma, 2006-04-01
The cross is central to understanding Christian theology. But is it possible that our postmodern setting requires a new model of understanding the cross? Hans Boersma's *Violence, Hospitality, and the Cross* proposes an understanding of the atonement that is sensitive both to the Christian tradition and to the postmodern critiques of that tradition. His fresh approach draws on the rich resources of the Christian tradition in its portrayal of God's hospitality in Jesus Christ.

Calvin's Doxology Pamela Ann Moeller, 1997-01-01

Miles, and Walter Wink are among the seventy-five volumes that have been published. Contributors include C. K. Barrett, Francois Bovon, Paul S. Chung, Marie Helene Davies, Frederick Herzog, Ben F. Meyer, Pamela Ann Moeller, Rudolf Pesch, D. Z. Phillips, Rudolf Schnackenburg, Eduard Schweizer, John Vissers.

Trinitarian Doxology Kevin J. Navarro, 2023-01-26
Liturgical theology tends towards the anthropocentric, focussing primarily on the behaviour of the worshippers. The theology of Thomas F. and James B. Torrance, however, provides an alternative approach: a Trinitarian and Christocentric study of liturgy which decentralises the worshippers' position in liturgy and focusses instead on Christ the One who is worshipped. In *Trinitarian Doxology*, Kevin J. Navarro examines the Torrance's theology, explicating and illuminating their work whilst simultaneously providing critical analysis which provides a lens for deeper understanding.

Embodied Words, Spoken Signs Rhodora E. Beaton, 2014
The twentieth century witnessed a renewed interest in a Roman Catholic theology of the word. The beginning of this renewal is marked by the work of Karl Rahner, who before the Second Vatican Council decried the fact that Roman Catholicism, in contrast to the Protestant theological tradition, lacked an adequate theology of the word. Rahner's contributions, as well as those of sacramental theologian Louis Marie Chauvet, demonstrate the Roman Catholic conviction that the word is fundamentally sacramental: it has the capacity to bear God's presence to

humanity Rooted in patristic and medieval sacramental tradition and engaged in dialogue with Reformation theologies Rhodora Beaton examines the further advances in Rahner and Chauvet to articulate the relationship between word and sacrament within the context of language culture and an already graced world as the place of divine self expression as well as analyzes the implications for Trinitarian theology sacramentality liturgy and action Apologetic Works 5 Nathan A. Finn,2016-05-24 Andrew Fuller 1754 1815 was the leading Baptist theologian of his era though his works are just now being made available in a critical edition Strictures on Sandemanianism is the fourth volume in The Works of Andrew Fuller In this treatise Fuller critiqued Sandemanianism a form of Restorationism that first emerged in Scotland in the eighteenth century and was influencing the Scotch Baptists of Fuller s day Fuller s biggest concern was the Sandemanian belief that saving faith is merely intellectual assent to the gospel Fuller believed this intellectualist view of faith undermined evangelical spirituality Strictures on Sandemanianism became a leading evangelical critique of Sandemanian views This critical edition will introduce scholars to this important work and shed light on evangelical debates about the faith justification and sanctification during the latter half of the long eighteenth century ca 1750 to 1815 The Thought of Jonathan Edwards Miklos Veto,2021-01-25 Jonathan Edwards is the greatest theologian of colonial America as well as its first important philosopher As a theologian he represents without any concession Calvinistic Orthodoxy re thought and re lived through the experience of the Great Awakening The large majority of his writings are of a theological character yet this theology is articulated and expressed through a systematic philosophical reflection Edwardsian thought covers three major areas First being grace and glory then the doctrine of the will extending to the study of the original sin and evil finally an entirely original theory of knowledge synthesizing spirituality aesthetics and epistemology The present book the first edition of which appeared in French almost thirty years ago is a uniquely comprehensive study of the work of Jonathan Edwards It discusses all the aspects of his thought over against the background of classical Protestant theology and of seventeenth and eighteenth century Western philosophy Our time witnesses a significant renewal of interest in Jonathan Edwards Professor Veto s book should prove to be a major contribution to assist and to guide the readers of America s Theologian **Acts of the General Assembly of the Free Church of Scotland ... Free Church of Scotland. General Assembly,1883 California Journal of Mines and Geology ,1924 Against the Protestant Gnostics Philip J. Lee,1993-08-19** In this penetrating and provocative assessment of the current state of religion and its effects on society at large Philip J Lee criticizes conservatives and liberals alike as he traces gnostic motifs to the very roots of American Protestantism With references to an extraordinary spectrum of writings from sources as diverse as John Calvin Martin Buber Tom Wolfe Margaret Atwood and Emily Dickinson he probes the effects of gnostic thinking on a wide range of issues Calling for the restoration of a dialectical faith and practice the book points to positive ways of restoring health to endangered Protestant churches **The Johannine Renaissance in Early Modern English Literature and Theology** Paul Cefalu,2017-11-03 The Johannine Renaissance in Early Modern English

Literature and Theology argues that the Fourth Gospel and First Epistle of Saint John the Evangelist were so influential during the early modern period in England as to share with Pauline theology pride of place as leading apostolic texts on matters Christological sacramental pneumatological and political The book argues further that in several instances Johannine theology is more central than both Pauline theology and the Synoptic theology of Matthew Mark and Luke particularly with regard to early modern polemicizing on the Trinity distinctions between agape and eros and the ideologies of radical dissent especially the seventeenth century antinomian challenge of free grace to traditional Puritan Pietism In particular early modern religious poetry including works by Robert Southwell George Herbert John Donne Richard Crashaw Thomas Traherne and Anna Trapnel embraces a distinctive form of Johannine devotion that emphasizes the divine rather than human nature of Christ the belief that salvation is achieved more through revelation than objective atonement and expiatory sin a realized eschatology a robust doctrine of assurance and comfort and a stylistic and rhetorical approach to representing these theological features that often emulates John s mode of discipleship misunderstanding and dramatic irony Early modern Johannine devotion assumes that religious lyrics often express a revelatory poetics that aims to clarify typically through the use of dramatic irony some of the deepest mysteries of the Fourth Gospel and First Epistle

Board of County Commissioners,1887 *Heads of Families at the Second Census of the United States Taken in the Year 1800: Vermont* United States. Census Office. 2d census, 1800,2011-07 The federal census of Vermont for 1800 was never published by the government It survived in the form of the original enumerators sheets until 1938 when the Vermont Historical Society published it for the first time Since the 1790 census showed Vermont s population to be 85 000 and the 1800 census indicated that it had grown to 154 396 the value of this later census to the genealogist is obvious The records in this publication are grouped under the counties of Addison Bennington Caledonia Chittenden Essex Franklin Orange Rutland Windham and Windsor and thereunder by towns Names of the heads of households are given in full and for each there is given in tabular form the number of free white males and females by five age groups and the number of other associated persons except untaxed Indians Altogether over 25 000 families are listed Includes a map of the state in 1796 *Ashgate Critical Essays on Women Writers in England, 1550-1700* Micheline White,2017-05-15 Anne Lock Isabella Whitney and Aemilia Lanyer have emerged as important literary figures in the past ten years and scholars have increasingly realized that their bold and often unorthodox works challenge previously held conceptions about women s engagement with early modern secular and religious literary culture This volume collects some of the most influential and innovative essays that elucidate these women s works from a wide range of feminist literary aesthetic economic racial sexual and theological perspectives The volume is prefaced by an extended editorial overview of scholarship in the field *The Christ's Faith* Michael Allen,2011-11-03 The Christ s Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without

addressing the interpretation of the Pauline phrase *pistis christou* this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ s faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ s Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God
