Hannover,2006 Comprehensive presentation of Swiss artist Armleder whose multi layered work covers art design and pop culture *A Show of Hands* Ileana Parvu,2024-12-13 In contrast to the divide between conception and execution advocated by Anglo American artists in the second half of the 1960s this book reappraises conceptual art by examining it from the perspective of craft The emphasis on craft shifts the focus from the Western art system to its margins where creators were relegated to the status of mere artisans in the colonial context on the pretext that attaining that of artists was beyond their reach From this peripheral point of view the book shows that work carried out with artisanal means can lead to conceptual practice Moreover this shift in perspective provides a new understanding of several positions within conceptualism which ultimately appears as an ongoing reflection on the role of the hands making and craft Look inside John Armleder, Piotr Uklanski John M.
