DeLue, 2016-03-16 Arthur Dove often credited as America s first abstract painter created dynamic and evocative images inspired by his surroundings from the farmland of upstate New York to the North Shore of Long Island But his interests were not limited to nature Challenging earlier accounts that view him as simply a landscape painter Arthur Dove Always Connect reveals for the first time the artist s intense engagement with language the nature of social interaction and scientific and technological advances Rachael Z DeLue rejects the traditional assumption that Dove can only be understood in terms of his nature paintings and association with photographer and gallerist Alfred Stieglitz and his circle Instead she uncovers deep and complex connections between Dove s work and his world including avant garde literature popular music meteorology mathematics aviation and World War

II Arthur Dove also offers the first sustained account of Dove's Dadaesque multimedia projects and the first explorations of his animal imagery and the role of humor in his art Beautifully illustrated with works from all periods of Dove's career this book presents a new vision of one of America's most innovative and captivating artists and reimagines how the story of modern art in the United States might be told aka Marcel Duchamp Anne Collins Goodyear, James W. McManus, 2014-12-30 aka Marcel Duchamp is an anthology of recent essays by leading scholars on Marcel Duchamp arguably the most influential artist of the twentieth century With scholarship addressing the full range of Duchamp's career these papers examine how Duchamp's influence grew and impressed itself upon his contemporaries and subsequent generations of artists Duchamp provides an illuminating model of the dynamics of play in construction of artistic identity and legacy which includes both personal volition and contributions made by fellow artists critics and historians This volume is not only important for its contributions to Duchamp studies and the light it sheds on the larger impact of Duchamp's art and career on modern and contemporary art but also for what it reveals about how the history of art itself is shaped over time by shifting agendas evolving methodologies and new discoveries Chimneys and Towers Betsy Fahlman, Claire Barry, Charles Demuth, 2007-09-05 Chimneys and Towers focuses on Demuth's late paintings of industrial sites in Lancaster Depicting the warehouses and factories of the city's tobacco and linoleum industries in sharp geometric forms these paintings bring to the depiction of his hometown the style of the American avant garde that he helped create *Dada in the Collection of the Museum of Modern Art* Museum of Modern Art (New York, N.Y.), Anne Umland, Adrian Sudhalter, 2008 Presents some seventy works books collages drawings films paintings photographs photomontages prints readymades reliefs in large scale reproductions and accompanying them with in depth essays by an interdepartmental group of the Museum's curators Front jacket flap **Anthropologists and the Rediscovery of America, 1886-1965** John S. Gilkeson, 2010-09-20 This book examines the intersection of cultural anthropology and American cultural nationalism from 1886 when Franz Boas left Germany for the United States until 1965 when the National Endowment for the Humanities was established Five chapters trace the development within academic anthropology of the concepts of culture social class national character value and civilization and their dissemination to non anthropologists As Americans came to think of culture anthropologically as a complex whole far broader and more inclusive than Matthew Arnold's the best which has been thought and said so too did they come to see American communities as stratified into social classes distinguished by their subcultures to attribute the making of the American character to socialization rather than birth to locate the distinctiveness of American culture in its unconscious canons of choice and to view American culture and civilization in a global perspective Hollywood Arensberg Mark Nelson, William H. Sherman, Ellen Hoobler, 2020-10-06 This comprehensive reconstruction and interpretation of Louise and Walter Arensberg's groundbreaking collection of modern and pre Columbian art takes readers room by room wall by wall object by object through the couple's Los Angeles home in which their collection was displayed Following the Armory Show

of 1913 Louise and Walter Arensberg began assembling one of the most important private collections of art in the United States as well as the world's largest private library of works by and about the philosopher Sir Francis Bacon. By the time Louise and Walter died in 1953 and 1954 respectively they had acquired some four thousand rare books and manuscripts and nearly one thousand works of art including world class specimens of Cubism Surrealism and Primitivism the bulk of Marcel Duchamp's oeuvre and hundreds of pre-Columbian objects. These exceptional works filled nearly all available space in every room of their house including the bathrooms. The Arensbergs have long had a central role in the histories of Modernism and collecting but images of their collection in situ have never been assembled or examined comprehensively until now. Presenting new research on how the Arensbergs acquired pre-Columbian art and featuring never before seen images of Hollywood Arensberg demonstrates the value of seeing the Arensbergs collection as part of a single vision framed by a unique domestic space at the heart of Hollywood's burgeoning artistic scene.
