John Henry Newman John Newman, 2010 Meditations devotions and prayers selected from the collection gathered together and published after Newman's death Often surprisingly simple and direct they combine the traditional language of Catholic devotion with Newman's own distinct voice

John Henry Newman Eamon Duffy, 2019-10-13 In another world it is otherwise but here below to live is to change and to be perfect is to have changed often From *An Essay on the Development of Christian Doctrine* 1903 Canonized by Pope Francis in October 2019 Saint John Henry Newman 1801-90 was one of the most controversial and influential thinkers of his day He is now recognized as one of the finest prose stylists of modern times as well as a popular poet and hymn writer His spiritual autobiography *Apologia Pro Vita Sua* is a modern classic and his many theological writings continue to be widely read and highly regarded by Christians of all traditions As Eamon Duffy brilliantly demonstrates in this fresh assessment of Newman's life and achievement other theologians of his time are now largely of historical interest whereas Newman is still very much our contemporary This splendid book expertly illuminates every aspect of Newman's life and work Wall Street Journal

John Henry Newman James Arthur, Guy Nicholls, 2007-11-15 John Henry Newman's writings and his lifelong search for religious truth continue to influence thought within a range of disciplines most notably theology philosophy and education One of his most significant contributions was to the understanding of higher education contained within his nineteenth century writings in particular his volume of lectures entitled *The Idea of a University* which has helped shape religious and educational thought over two centuries Newman's claim that university education the pursuit of universal knowledge and truth is as much an education in pure and practical knowledge as in moral life provides a continuing source of challenge and inspiration to education leaders today much as it did in the nineteenth century James Arthur examines Newman's key strengths and weaknesses and locates these firmly within the intellectual context of his time providing an overview of his work that allows students to appreciate the importance of his thought both within and outside the Catholic tradition

The Achievement of John Henry Newman Ian Turnbull Ker, 1990 The centennial of John Henry Newman's death in 1890 marks an appropriate time for a critical reevaluation of his work Here Ian Ker noted Newman scholar and author of the definitive *John Henry Newman A Biography* considers Newman's achievement as a whole but in a focused and selective way Ker deliberately concentrates on five aspects of Newman's intellectual and literary achievement that constitute his essential genius Newman's role as an educator is examined first through an interpretation of his theory of a liberal education found in *The Idea of a University* which Ker claims has often been misunderstood in certain crucial respects Newman's philosophical writings including *An Essay in Aid of a Grammar of Assent* are looked at next while Ker argues that Newman is not simply an important apologist for Christianity but also a significant philosopher in his own right whose originality is only beginning to be appreciated Ker also presents Newman the preacher providing a critique of the Anglican sermons that have long been recognized for their spirituality but that have

received surprisingly little attention with regard to their homiletic and literary art Newman's theological themes are explored as Ker offers a reassessment and overall view of the theological writings of both the Anglican and Catholic periods And lastly Ker considers Newman's literary achievement which has been generally underrated and to a considerable extent even unperceived Throughout this provocative book Ker mediates Newman's theological understanding to the believer of today to the inquiring general reader and to all scholars interested in embracing both post Vatican II thinking and traditional Catholic thought
