But on the vireole wings of Poesy

~~With~~ ^{With} the seasonable month endows
The reaps the blucket and the fruit tree wild
White Hawthorn and the pastoral ecstasies
Fast fading violets covered up in leaves
And mid May's eldest child
The coming muskrose full of sweetest wine
The cumulous haunts of flies on summer eve

John Keats Poems Transcripts Letters C:

Keats's Reading / Reading Keats Beth Lau, Greg Kucich, Daniel Johnson, 2022-02-12 This book explores John Keats's reading practices and intertextual dialogues with other writers. It also examines later writers' engagements with Keats's poetry. Finally, the book honors the distinguished Keats scholar Jack Stillinger and includes an essay surveying his career as well as a bibliography of his major publications. The first section of the volume, *Theorizing Keats's Reading*, contains four essays that identify major patterns in the poet's reading habits and responses to other works. The next section, *Keats's Reading*, consists of six essays that examine Keats's work in relation to specific earlier authors and texts. The four essays in the third section, *Reading Keats*, consider how Keats's poetry influenced the work of later writers and became embedded in British and American literary traditions. The final section of the book, *Contemporary Poetic Responses*, features three scholarly poets who in poetry and/or prose commentary discuss and exemplify Keats's impact on their work. **Keats, Hermeticism,**

and the Secret Societies Jennifer N. Wunder, 2016-04-22 Jennifer Wunder makes a strong case for the importance of hermeticism and the secret societies to an understanding of John Keats's poetry and his speculations about religious and philosophical questions. Although secret societies exercised enormous cultural influence during the late eighteenth and early nineteenth centuries, they have received little attention from Romantic scholars. And yet information about the societies permeated all aspects of Romantic culture. Groups such as the Rosicrucians and the Freemasons fascinated the reading public, and the market was flooded with articles, pamphlets, and books that discussed the societies's goals and hermetic philosophies, debated their influence, and drew on their mythologies for literary inspiration. Wunder recovers the common knowledge about the societies and offers readers a first look at the role they played in the writings of Romantic authors in general and Keats in particular. She argues that Keats was aware of the information available about the secret societies and employed hermetic terminology and imagery associated with these groups throughout his career. As she traces the influence of these secret societies on Keats's poetry and letters, she offers readers a new perspective not only on Keats's writings but also on scholarship treating his religious and philosophical beliefs. While scholars have tended either to consider Keats's aesthetic and religious speculations on their own terms or to adopt a more historical approach that rejects an emphasis on the spiritual for a materialist interpretation, Wunder offers us a middle way. Restoring Keats to a milieu characterized by simultaneously worldly and mythological propensities, she helps to explain if not fully reconcile the insights of both camps.

John Keats Nicholas Roe, 2012-09-14 This landmark biography of celebrated Romantic poet John Keats explodes entrenched conceptions of him as a delicate, overly sensitive tragic figure. Instead, Nicholas Roe reveals the real flesh and blood poet: a passionate man driven by ambition but prey to doubt, suspicion, and jealousy; sure of his vocation while bitterly resentful of the obstacles that blighted his career; devoured by sexual desire and frustration and in thrall to alcohol and opium. Through unparalleled original research, Roe arrives at a fascinating reassessment of Keats's entire life from his early

years at Keats's Livery Stables through his harrowing battle with tuberculosis and death at age 25. Zeroing in on crucial turning points, Roe finds in the locations of Keats's poems new keys to the nature of his imaginative quest. Roe is the first biographer to provide a full and fresh account of Keats's childhood in the City of London and how it shaped the would-be poet. The mysterious early death of Keats's father, his mother's too swift remarriage, living in the shadow of the notorious madhouse Bedlam—all these affected Keats far more than has been previously understood. The author also sheds light on Keats's doomed passion for Fanny Brawne, his circle of brilliant friends, hitherto unknown City relatives, and much more. Filled with revelations and daring to ask new questions, this book now stands as the definitive volume on one of the most beloved poets of the English language.

Keats and Shelley Kelvin Everest, 2021-12-16

Keats and Shelley: Winds of Light combines unrivalled textual knowledge, biographical and contextual expertise, and profoundly insightful close readings of the poetry in a selection of outstanding essays from a leading critic of English Romantic Poetry. Some of the essays have been previously published and are established as classic studies which have strongly influenced scholarly interpretation of the poems they discuss, including landmark readings of Shelley's Prometheus Unbound, Julian and Maddalo, and Ozymandias, and Keats's Isabella or the Pot of Basil and his sonnet On First Looking into Chapman's Homer. These are brought into relationship with new work on the two poets in a wide-ranging set of meditations which centre on Shelley's great elegy for Keats, Adonais. An introductory chapter considers the strongly contrasting poetic styles and achievement of the two iconic young Romantics, a contrast which has been obscured by their conventional close pairing in popular culture. Five studies of Keats are followed by a pivotal account of Shelley's elaborately wrought poetic tribute to Keats's destined greatness, which leads in to a balancing six studies of Shelley. Both poets are situated illuminatingly in their literary, personal and social historical milieu through a series of perspectives which combine lucid particularity with powerful generalization. The essays move from detailed analysis of textual minutiae to deep reflection on fundamental themes in the work of Keats and Shelley, including the ultimate themes of transience and permanence, and of life, death and immortality.

Literary Manuscript Culture in Romantic Britain Levy, Michelle Levy, 2020-02-14

A study of the production and circulation of literary manuscripts in Romantic-era Britain. Offers a detailed examination of the practices of literary manuscript culture, particularly the production, circulation, and preservation of manuscripts, based on extensive archival research. Demonstrates how literary manuscript culture co-evolved with print culture in a nuanced study of the interactions between the two media. Examines the changing cultural attitudes towards literary manuscripts and how these changes affected practices and values. Surveys the impact of digital media on our access to and understanding of historical

manuscripts This book examines how manuscript practices interacted with an expanding print marketplace to nurture and transform the period's literary culture. It unearths the alternative histories manuscripts tell us about British Romantic literary culture, describing the practices by which handwritten documents were written, shared, altered, and preserved, and explores the functions they served as instruments of expression and sociability. By demonstrating how literary manuscript culture co-evolved with print culture, this study illuminates the complex entanglements between the media of script and print.

Literature and Authenticity, 1780-1900 Michael Davies, 2016-05-06

Individually and collectively these essays establish a new direction for scholarship that examines the crucial activities of reading and writing about literature and how they relate to authenticity. Though authenticity is a term deep in literary resonance and rich in philosophical complexity, its connotations relative to the study of literature have rarely been explored or exploited through detailed critical examination of individual writers and their works. Here the notion of the authentic is recognised first and foremost as central to a range of literary and philosophical ways of thinking, particularly for nineteenth-century poets and novelists. Distinct from studies of literary fakes and forgeries, this collection focuses on authenticity as a central paradigm for approaching literature and its formation, that bears on issues of authority, self-reliance, truth, originality, the valid and the real, and the genuine and inauthentic, whether applied to the self or others. Topics and authors include the spiritual autobiographies of William Cowper and John Newton, Ruskin and travel writing, British Romantic women poets, William Wordsworth and P. B. Shelley, Robert Southey and Anna Seward, John Keats, Lord Byron, Elizabeth Gaskell, Henry David Thoreau, Henry Irving, and Joseph Conrad. The volume also includes a note on Professor Vincent Newey with a bibliography of his critical writings.
