A SEPARATE PEACE

JOHN KNOWLES

Afterword by
DAVID LEVITHAN

John Knowless A Separate Peace

Christopher Russell Reaske

John Knowles A Separate Peace:

A Separate Peace John Knowles, 2014-04-22 Nominated as one of America's best loved novels by PBS's The Great American Read An American classic and great bestseller for over thirty years *A Separate Peace* is timeless in its description of adolescence during a period when the entire country was losing its innocence to World War II Set at a boys boarding school in New England during the early years of World War II *A Separate Peace* is a harrowing and luminous parable of the dark side of adolescence Gene is a lonely introverted intellectual Phineas is a handsome taunting daredevil athlete What happens between the two friends one summer like the war itself banishes the innocence of these boys and their world

Quicklet on John Knowles' A Separate Peace (CliffNotes-like Book Summary and Analysis) Anna Wood, 2012-07-30

ABOUT THE BOOK Is it possible to be at peace while your country is at war Today the answer to that question often seems to be a decisive yes while the United States is entangled in military conflicts in numerous far away countries the average American citizen is able to lead a largely untouched life Except perhaps for the price of gas at the pump itself more an economic than political ramification we face few harsh reminders about the wars that are being fought in our name This was not always the case When John Knowles author of *A Separate Peace* sat down to write a novel inspired by his experiences as a high school student during World War II he was reflecting on an era that demanded far more sacrifices from the average U S citizen In addition to the food and fuel shortages that affected even the upper class rungs of society that Knowles was part of people were also forced to live with the war as an enormous psychological specter that was nearly impossible to ignore Because of the novel's frank and emotional portrayal of the way in which youths experienced World War II *A Separate Peace* is considered a classic of modern American literature and is a staple of high school curriculums still appearing regularly on bestseller lists such as the January 23-29 2012 list in the Boston Globe According to the Los Angeles Times Knowles felt incredibly validated by the book's popularity explaining What touches me most what pleases me most is that people who are far removed from the world of prep schools love it The world depicted in the pages of this novel is based largely on the one Knowles himself knew as a teenager in the early 1940s Devon the fictional school attended by the book's characters is modeled closely after Phillips Exeter Academy an elite college preparatory school in New Hampshire where Knowles himself studied Many of the historical details of the book such as the apple harvesting the shoveling work at the railroad the absence of senior faculty and the disappearance of maids from the campus are ones Knowles experienced directly as a student Howard T Easton a former instructor at Exeter published a reflection about the school's culture during the war in *The Exonian* in which he recalls We all had to adapt to unusual circumstances some of them quite trying In addition to being a faithful rendition of a particular historical time and place *A Separate Peace* also offers readers a timeless depiction of friendship the struggles of adolescence and the loss of innocence Just as the main characters are unable to hide from the war they are also unable to forestall the onset of adulthood a transition that marks the end of the carefree naïve happiness they knew as boys during the summer session Each character grapples with these changes in his own way but in the end none of them is left unchanged

EXCERPT FROM THE BOOK Fifteen years after graduating from the Devon School a college preparatory school for wealthy young boys Gene Forrester returns to campus for the first time There are two places in particular he aims to visit a marble staircase in one of the school's halls and a certain tree on the edge of the Devon River Upon reaching the staircase in question he notes with some foreboding that they appear to be particularly hard stairs as generations of boys' boots have barely made any indentation on the steps Trudging through the rain across the muddy campus Gene struggles to pick out the tree he's in search of When he does identify the tree he notes with some relief that it seems smaller and less intimidating than he remembered
