The Shape of Craft Ezra Shales, 2017-10-15 Today when we hear the word craft a whole host of things come immediately to mind microbreweries artisanal cheeses and an array of handmade objects Craft has become so overused that it can grate on our ears as pretentious and strain our credulity But its overuse also reveals just how

compelling craft has become in modern life In *The Shape of Craft* Ezra Shales explores some of the key questions of craft who makes it what do we mean when we think about a crafted object where and when crafted objects are made and what this all means to our understanding of craft He argues that beyond the cliché craft still adds texture to sterile modern homes and it provides many people with a livelihood not just a hobby Along the way Shales upends our definition of what is handcrafted or authentic revealing the contradictions in our expectations of craft Craft is and isn't what we think *Department of the Interior and Related Agencies Appropriations for 1993: Justification of the budget estimates, Indian health* United States. Congress. House. Committee on Appropriations. Subcommittee on Department of the Interior and Related Agencies, 1992
