John Milton Gregory and the University of Illinois Harry A. Kersey, 1968 John Milton Gregory Allene Gregory Allen, 1923 **John Milton Gregory, LL. D., First President of the University** University of Illinois (Urbana-Champaign campus), 1898 **Program of Exercises in Commemoration of John Milton Gregory at the University of Illinois, June 15 and 16, 1914**, 1914 The Seven Laws of Teaching John Milton Gregory, 1917 **The University and the People** Scott M. Gelber, 2011-09-28 The University and the People chronicles the influence of Populism a powerful agrarian movement on public higher education in the late nineteenth century Revisiting this pivotal era in the history of the American state university Scott Gelber demonstrates that Populists expressed a surprising degree of enthusiasm for institutions of higher learning More fundamentally he argues that the mission of the state university as we understand it today evolved from a fractious but productive relationship between public demands and academic authority Populists attacked a variety of elites professionals executives scholars and seemed to confirm academia's fear of anti intellectual public oversight The movement's vision of the state university highlighted deep tensions in American attitudes toward meritocracy and expertise Yet Populists also promoted state supported higher education with the aims of educating the sons and sometimes daughters of ordinary citizens blurring status distinctions and promoting civic engagement Accessibility utilitarianism and public service were the bywords of Populist journalists legislators trustees and sympathetic professors These academic populists encouraged state universities to reckon with egalitarian perspectives on admissions financial aid curricula and research And despite their critiques of college ivory towers Populists supported the humanities and social sciences tolerated a degree of ideological dissent and lobbied for record breaking appropriations for state institutions Report - University of Illinois Board of Trustees University of Illinois (System). Board of Trustees, 1901 **Report of the Board of Trustees of the University of Illinois** University of Illinois (Urbana-Champaign campus). Board of Trustees, 1901 John Milton Gregory as a Midwestern Educator Harry A. Kersey, 1965 **The Alumni Quarterly of the University of Illinois**, 1914 Labor's Millennium Brett H. Smith, 2010-01-01 Historians have traditionally interpreted the American land grant higher education movement as the result of political and economic forces Little attention has been given however to any explicit or implicit theological motivations for the movement This book tells the story of how the Christian belief of many founders of the University of Illinois motivated their educational theory and practice Constructing a social gospel of labor's millennium their shorthand for God's kingdom being enhanced through agricultural and mechanical education they initially proposed that the university would impart a millenarian blessing for the larger society by providing abundant food economic prosperity vocational dignity and a charitable spirit of sacred unity and public service Rich in primary source research Smith's account builds a compelling case for at least one such institution's adaptation of an inherited evangelical educational tradition transitioning into a new era of higher learning that has left its mark on university life today The Alumni Quarterly of the University of Illinois
