The Confederate Carpetbaggers Daniel E. Sutherland,1988-06-01 Following the American Civil War many former Confederates fled their southern homeland Some became expatriates settling in Canada Europe Mexico South America and Asia Others migrated to the western United States seeking fresh starts in the newly forming territories But a third somewhat more audacious group invaded the land of their Yankee foe Settling in northeastern and midwestern towns and cities these Confederate carpetbaggers believed that northern economic and educational opportunities offered the quickest means of rebuilding shattered fortunes and lives In *The Confederate Carpetbaggers* Daniel E Sutherland examines the lives of those southern men and women who moved north between 1865 and 1880 Dealing with their various motives for moving north problems of adaptation to northern society attempts to find new identities and efforts to maintain personal ties with other Confederates in the North as well as with old friends in the South Sutherland provides a detailed and illuminating account of the contributions these displaced southerners made to the financial literary artistic and political life of the nation The principal characters in Sutherland's story are Burton Norvell Harrison who served as private secretary to Jefferson Davis and his wife Constance Cary Harrison a popular belle in wartime Richmond In 1867 the Harrisons moved to New York City where they remained for four decades Their exploits beliefs and emotions serve as a prism through which to view the successes and failures of other Confederate carpetbaggers Although some emigrants returned to the South after brief unpleasant northern sojourns others spent the remainder of their lives in the North Some became millionaires others suffered poverty and ill health Some became famous most settled into tolerable unobtrusive lives as productive citizens in a reunited nation Sutherland's study breaks new and significant ground in explaining the complexities of Reconstruction and late nineteenth century American life Traditional approaches to Reconstruction history concentrate on the South particularly on the plight of freedmen and on the political battle for control of state governments Some scholars have made passing references to the most prominent Confederates in the North but until now no one has explored the lives of these men and women in detail In this entertaining and well written account Sutherland suggests that while the Confederate carpetbaggers were relatively few in number they made significant contributions to American progress in the years following the war contributions they might

not have made had they remained in the South Classics Old and New Edwin Anderson Alderman,1907 University of Virginia Paul Brandon Barringer,James Mercer Garnett,Rosewell Page,1904 The Conservative Press in Eighteenth- and Nineteenth-Century America Ronald Lora,William Henry Longton,1999-08-30 Selecting journals that speak for a very large number of topics addressed by the conservative press this volume profiles selected conservative journals published since 1787 The conservative press has scarcely spoken with a single voice whether the topics treated or even the time inhabited are the same or different Yet these journals testify to the persistent vigor and importance of conservatism Together they provide a focused survey of the history of American conservative thought from the late 18th Century to the late 19th Century Along with the companion volume covering the 20th Century conservative press the book provides an important resource on conservative thought in America Despite the disparities in conservative intellectual thought the journals covered even the more idiosyncratic and extreme are connected by their core values of conservatism The book is organized into sections reflecting these connections The first section covers journals associated with Federal Whig or in the Civil War era Northern Democratic political interests A later section includes journals sharing an attachment to Southern conservative values during the antebellum and Reconstruction periods Two sections deal respectively with 19th Century Orthodox Protestant periodicals and 19th Century Catholic and Episcopal journals and yet another section discusses journals united by a major focus on literary topics and cultural connections **Library Notes** North Carolina College for Women. Library,1922 Why Confederates Fought , **American Patriot's Handbook** George Grant,2016-01-05 This revised and updated edition of The American Patriot's Handbook gives an authoritative and concise introduction to the ideas events and personalities that have shaped American freedom ideals and values Included are important and inspirational speeches poems and song lyrics along with profiles of presidents and prominent individuals who have shaped the nation's history Key documents featured are The Mayflower Compact The Declaration of Independence The lyrics to The Star Spangled Banner The Inaugural Address by John F Kennedy The Letter from the Birmingham Jail by Martin Luther King Jr A wonderful amount of new material delves even deeper into our national identity to showcase not only our fighting spirit but strong compassion including Epitaph of a Patriot by Anne Bradstreet The Defense of the Alamo by Joaquin Miller Nobel Prize Acceptance by William Faulkner September 11 Address to the Nation by George W Bush The American Patriot's Handbook is the perfect resource for anyone who wishes to understand this majestic country from its historic founding until today *The Home Book of Verse, American and English, 1580-1920* Burton Egbert Stevenson,1926 Collects both American and English children's poetry from 1580 1920 **The American School Readers** Kate Forrest Oswell,1913 **Auguste Comte: Volume 2** Mary Pickering,1993 This volume explores the life and works of Auguste Comte during the last and most controversial part of his career the period from 1842 to 1857 **The Spirits of Bad Men Made Perfect** Constance Hall Jones,2019-12-13 This remarkable biography and edited diary tell the story of William Ellis Jones 1838 1910 an artillerist in Crenshaw's Battery Pegram's Battalion the Army of

Northern Virginia One of the few extant diaries by a Confederate artillerist Jones's articulate writings cover camp life as well as many of the key military events of 1862 including the Peninsula Campaign the Second Battle of Manassas the Maryland Campaign and the Battle of Fredericksburg In 1865 Jones returned to his prewar printing trade in Richmond and his lasting reputation stems from his namesake publishing company's role in the creation and dissemination of much of the Lost Cause ideology Unlike the pro Confederate books and pamphlets Jones published primary among them the Southern Historical Society Papers his diary shows the mindset of an unenthusiastic soldier In a model of contextualization Constance Hall Jones shows how her ancestor came to embrace an uncritical veneration of the army's leadership and to promulgate a mythology created by veterans and their descendants who refused to face the amorality of their cause Jones brackets the soldier's diary with rich biographical detail profiling his friends and relatives and providing insight into his childhood and post war years In doing so she offers one of the first serious investigations into the experience of a Welsh immigrant family loyal to the Confederacy and makes a significant contribution to our understanding of Civil War era Richmond and the nineteenth century publishing industry Invitingly written *The Spirits of Bad Men Made Perfect* is an engaging life and times story that will appeal to historians and general readers alike
