John Steadman:

Therapeutic Culture Jonathan B. Imber, For nearly half a century social scientists have made claims that there is a therapeutic ethos with extensive influence upon numerous aspects of American society In *Therapeutic Culture* twelve authors address the implications of this ethos and its effects on a wide range of social institutions extending from the family to schools and operating in religious behavior and within the legal system Has there been as the sociological theorist Philip Rieff argued in 1966 a triumph of the therapeutic If so in what kinds of institutions has it been most pervasive At the same time what aspects of modern culture has it replaced or defeated *Therapeutic Culture* addresses these questions and raises others Part 1 of this volume examines the emergence of the idea of authenticity as it defines the manipulation of emotions and behavior both in the United States and Great Britain Contributors include Elisabeth Lasch Quinn Frank Furedi Jonathan B Imber and Alan Woolfolk Part 2 illustrates specific cases of the effects of therapeutic culture within institutions including courts schools religious communities and the virtual community of the Internet Contributors include James L Nolan Jr John Steadman Rice Felicia Wu Song and James Tucker Part 3 extends the analyses of specific social institutions to the broader consequences that have resulted as a therapeutic ethos has taken root in contemporary life Contributors include Digby Anderson Ellen Herman and James Davison Hunter Part 4 is devoted to a previously unpublished essay by Philip Rieff whose significant influence can be seen in many of the contributions Rieff revisits the highly controversial confirmation hearings of Supreme Court Associate Justice Clarence Thomas in 1991 and offers ample evidence of the therapeutic uses of politics as well as the political manipulations available within a therapeutic culture to provide a fitting conclusion This volume establishes a benchmark for further theoretical reflection and empirical research on the nature of therapeutic culture It will be of interest to sociologists psychologists political scientists and cultural studies specialists Jonathan B Imber is editor in chief of *Society and Class* of 1949 Professor in Ethics and professor of sociology at Wellesley College
