John Sutter, Rascal and Adventurer Marguerite Eyer Wilbur, John August Sutter, 2012-06-01 Based On Source Material Manuscripts And Letters Pertaining To Captain John Augustus Sutter Leading Figure In The Gold Rush And The Founder Of John Sutter, Rascal and Adventurer, Etc. [With Plates, Including a Portrait.]. Marguerite Eyer John Sutter Marguerite Knowlton WILBUR, Johann August SUTTER, 1949 <u>Iohn Sutter</u> Marguerite Eyer Wilbur, 1949 (Eyer) Wilbur, 1949 John Sutter Albert L. Hurtado, 2006 Re examines the life of John Sutter in the context of America's rush for westward expansion in a fully documented account of the Swiss expatriate and would be empire builder and his John Sutter and a Wider West Kenneth N. Owens, John Augustus Sutter, 2002-11-01 This volume begins with John Sutter's own account of his life and the discovery of gold at his sawmill in 1848 Leading historians Howard R Lamar Albert L Hurtado Iris H W Engstrand Richard W White and Patricia Nelson Limerick then demythologize Sutter while giving him a more secure place in western history River City and Valley Life Christopher J. Castaneda, Lee M.A. Simpson, 2013-12-09 Often referred to as the Big Tomato Sacramento is a city whose makeup is significantly more complex than its agriculture based sobriquet implies In River City and Valley Life seventeen contributors reveal the major transformations to the natural and built environment that have shaped Sacramento and its suburbs residents politics and economics throughout its history The site that would become Sacramento was settled in 1839 when Johann Augustus Sutter attempted to convert his Mexican land grant into New Helvetia or New Switzerland It was at Sutter's sawmill fifty miles to the east that gold was first discovered leading to the California Gold Rush of 1849 Nearly overnight Sacramento became a boomtown and cityhood followed in 1850 Ideally situated at the confluence of the American and Sacramento Rivers the city was connected by waterway to San Francisco and the surrounding region Combined with the area's warm and sunny climate the rivers provided the necessary water supply for agriculture to flourish The devastation wrought by floods and cholera however took a huge toll on early populations and led to the construction of an extensive levee system that raised the downtown street level to combat flooding Great fortune came when local entrepreneurs built the Central Pacific Railroad and in 1869 it connected with the Union Pacific Railroad to form the first transcontinental passage Sacramento soon became an industrial hub and major food processing center By 1879 it was named the state capital and seat of government In the twentieth century the Sacramento area benefitted from the federal government's major investment in the construction and operation of three military bases and other regional public works projects Rapid suburbanization followed along with the building of highways bridges schools parks hydroelectric dams and the Rancho Seco nuclear power plant which activists would later shut down Today several tribal gaming resorts attract patrons to the area while Old Sacramento revitalizes the original downtown as it celebrates Sacramento s pioneering past This environmental history of Sacramento provides a compelling case study of urban and suburban development in California and the American West As the contributors show

Sacramento has seen its landscape both ravaged and reborn As blighted areas rail yards and riverfronts have been reclaimed and parks and green spaces created and expanded Sacramento's identity continues to evolve As it moves beyond its Gold Rush Transcontinental Railroad and government town heritage Sacramento remains a city and region deeply rooted in its **The Gold Crusades** Douglas Fetherling, George Fetherling, 1997-01-01 Among the hordes of starry eved argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargrayes He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In The Gold Crusades A Social History of Gold Rushes 1849 1929 Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics. He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988 California Andrew Rolle, Arthur C. Walker, 2003-12-08 Gold Gold on the Beach American River This declaration shouted in the streets of San Francisco in the spring of 1848 electrified the nation and its echo was heard in the farthest corners of the globe In the five years that followed tens of thousands of hopeful argonauts made their way to the vast territory on the Pacific conquered by the United States in its recent war with Mexico They traveled overland from the Missouri River their ox drawn wagons crossing the Rocky Mountains vast plains and deserts and the formidable peaks of the Sierra Nevada They journeyed by boat and on foot across the fever ridden jungles of the Isthmus of Panama They took ship from eastern seaports and sailed sixteen thousand miles via Cape Horn to the gateway of the

goldfields the new city of San Francisco In Eldorado award winning historian Dale L Walker presents the complete often gaudy always fascinating story of the California Gold Rush the greatest mining bonanza in all of American history The story ranges from the discovery by a New Jersey carpenter at a sawmill north of Sutter's Fort to the advent of large scale hydraulic mining that spelled the ruination of the land and the end of the boom days when a Forty niner with a pick and a pan found colors in a streamed and earned his wages an ounce of raw gold a day Walker's narrative of this pivotal event of American history is drawn from the lives and experiences of those on the ground in the rush those who blazed the trails and settled the West in their search for the riches at the rainbow s end At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied **United States Local Histories in the Library of Congress: The West** Library of Congress, 1975 Library Journal Melvil Dewey, Richard Rogers Bowker, L.
