Literary Theory For Beginners Mary Klages, 2017-05-15 Have you heard the terms structuralism and deconstruction and postmodernism but aren't really sure what they mean Have you taken a whole course on literary criticism but are still feeling lost Here's the book you need to sort it all out and enjoy doing so In *Literary Theory For Beginners* Mary Klages takes you into her classroom cuts through the jargon and explains the ABCs and the DEFs as well in terms you can get your head around Her breadth of knowledge her unique skills as a teacher and the delightful illustrations of Frank Reynoso help us understand why literature matters how it affects us and how it reflects history culture and diversity Here are ways of thinking about literature not just reading it methods of study and frameworks of interpretation from classical humanism all the way up to psychoanalysis gender and queer theory race postcolonialism and yes postmodernism With wit and wisdom Klages takes on the two most frequently asked questions about literature and makes it all fun What does the work MEAN What is the deeper hidden or symbolic meaning Did the author intend all these meanings Are any and all meanings present in the text Are all meanings equally valid What does the work DO Why is literature important What effect does it have on the reader How can literature be a force for social change So sit back relax and take it all in

Key Terms in Literary Theory Mary Klages, 2012-03-29 Guide to key terms in literary theory designed to make difficult terms concepts and theorists accessible and understandable

Teaching Theory R. Bradford, 2011-01-27 *Teaching Theory* offers a selection of essays on the pragmatics benefits and shortcomings of Theory as a key aspect of literature teaching in universities They range from reflective discussions of Theory as an intellectual challenge for undergraduates to accounts of the day to day problems of planning and teaching courses and implementing Theory

Understanding Revolution Kavous Ardalan, 2020-06-15 This book applies a multiparadigmatic philosophical frame of analysis to the topic of social revolution Crossing two disciplines and lines of literature social philosophy and social revolution this book considers different aspects of social revolution and discusses each aspect from four diverse paradigmatic viewpoints functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each paradigm generates theories concepts and analytical tools that are different from those of other paradigms An understanding of different paradigms leads to a more balanced understanding of the multifaceted nature of the subject matter In this book the first chapter reviews the four paradigms Using the Iranian Revolution as

exemplar the next few chapters provide paradigmatic explanations for a particular aspect of revolution culture religion ideology With this background the book introduces a comprehensive approach to the understanding of revolution The final chapter concludes by recommending further paradigmatic diversity This book will be of particular interest to students and researchers interested in social revolution political sociology and political theory *Theoretical Perspectives on Cultural Representations in Vietnamese Children's Picturebooks* Ngoc Tai Huynh,Vinh To,Angela Thomas,2023-07-25 This book evaluates the implicit and nuanced meanings embedded in Vietnamese picturebooks and explores the intricate cultural aspects they portray Through meticulous research the contributors of this pioneering book unveil the values of contemporary Western analytical frameworks while identifying their limitations By combining East Asian philosophies with captivating visual texts this groundbreaking work offers reliable theoretical and practical resources enabling a profound exploration of Vietnamese culture This book is more than just a contribution to academia it s also a tool for Asia Literacy enabling intercultural understanding It also serves as a vital connection to the cultural heritage of Vietnamese children both at home and abroad By cultivating positive perceptions of Vietnamese culture among non Vietnamese children it aspires to create a society built on harmony equality and love **Ethnic Studies Research** Timothy P. Fong,2008-05-02 Study of ethnic groups and race relations have always existed in the academy primarily in the areas of sociology and anthropology However grassroots movements for ethnic studies programs and departments came about with very different agendas for the study of these groups It is surprising then that relatively few books devoted to these methods exist to document and promote this innovation among succeeding generations of graduate students as well as current academics and professional practitioners Ethnic Studies Research synthesizes and benchmarks ethnic studies methodologies as interdisciplinary modes of inquiry providing state of the art summary chapters on key methods and issues extensive bibliographies and promising new directions for the future *Research Methods in Health Humanities* Craig M. Klugman,Erin Gentry Lamb,2019-09-02 Research Methods in Health Humanities surveys the diverse and unique research methods used by scholars in the growing transdisciplinary field of health humanities Appropriate for advanced undergraduates but rich enough to engage more seasoned students and scholars this volume is an essential teaching and reference tool for health humanities teachers and scholars Health humanities is a field committed to social justice and to applying expertise to real world concerns creating research that translates to participants and communities in meaningful and useful ways The chapters in this field defining volume reflect these values by examining the human aspects of health and health care that are critical reflective textual contextual qualitative and quantitative Divided into four sections the volume demonstrates how to conduct research on texts contexts people and programs Readers will find research methods from traditional disciplines adapted to health humanities work such as close reading of diverse texts archival research ethnography interviews and surveys The book also features transdisciplinary methods unique to the health humanities such as health and social justice studies digital health humanities

and community dialogues Each chapter provides learning objectives step by step instructions resources and exercises with illustrations of the method provided by the authors own research An invaluable tool in learning curricular development and research design this volume provides a grounding in the traditions of the humanities fine arts and social sciences for students considering health care careers but also provides useful tools of inquiry for everyone as we are all future patients and future caregivers of a loved one

Subjectivity Donald Hall,2004-02-20 Explores the history of theories of selfhood from the Classical era to the present and demonstrates how those theories can be applied in literary and cultural criticism Donald E Hall examines all of the major methodologies and theoretical emphases of the twentieth and twenty first centuries including psychoanalytic criticism materialism feminism and queer theory applies the theories discussed in detailed readings of literary and cultural texts from novels and poetry to film and the visual arts offers a unique perspective on our current obsession with perfecting our selves looks to the future of selfhood given the new identity possibilities arising out of developing technologies Examining some of the most exciting issues confronting cultural critics and readers today Subjectivity is the essential introduction to a fraught but crucial critical term and a challenge to the way we define our selves
