The Metamorphoses of Kinship Maurice Godelier, 2012-03-03 With marriage in decline divorce on the rise the demise of the nuclear family and the increase in marriages and adoptions among same sex partners it is clear that the structures of kinship in the modern West are in a state of flux In *The Metamorphoses of Kinship* the world renowned anthropologist Maurice Godelier contextualizes these developments surveying the accumulated experience of humanity with regard to such phenomena as the organization of lines of descent sexuality and sexual prohibitions In parallel Godelier studies the evolution of Western conjugal and familial traditions from their roots in the nineteenth century to the present The conclusion he draws is that it is never the case that a man and a woman are sufficient

on their own to raise a child and nowhere are relations of kinship or the family the keystone of society Godelier argues that the changes of the last thirty years do not herald the disappearance or death agony of kinship but rather its remarkable metamorphosis one that ironically is bringing us closer to the traditional societies studied by ethnologists **The Social World of the Babylonian Priest** Bastian Still,2019-06-24 In *The Social World of the Babylonian Priest* Bastian Still presents a comprehensive study of the priestly community of Borsippa during the Neo Babylonian and early Persian Empires ca 620 484 BCE By examining patterns of marriage landholding moneylending and friendship he provides an intimate account of the daily life of the Babylonian priesthood beyond the temple walls and develops a more sophisticated understanding of the organisation of ancient Babylonian society as a whole Combining the use of social network analysis anthropological studies and sociological concepts concerned with kinship tie strength social boundaries and identity formation Bastian Still's interdisciplinary approach transcends the traditional boundary of cuneiform studies and enables the field of Assyriology to contribute to a more general socio historical discourse S's book is a valuable contribution to our growing knowledge of the Mesopotamian priesthoods in the first millennium Nathan MacDonald *Journal for the Study of the Old Testament* 44 5 2020

In the Old Testament, we read God's word as it was spoken to his people Israel. Today, thousands of years later, we hear in these thirty-nine books his inspired and authoritative message for us. These twin convictions, shared by all of the contributors to *The New International Commentary on the Old Testament*, define the goal of this ambitious series of commentaries. For those many modern readers who find the Old Testament to be strange and foreign soil, the NICOT series serves as an authoritative guide bridging the cultural gap between today's world and the world of ancient Israel. Each NICOT volume aims to help us hear God's word as clearly as possible. Scholars, pastors, and serious Bible students will welcome the fresh light that this commentary series casts on ancient yet familiar biblical texts. The contributors apply their proven scholarly expertise and wide experience as teachers to illumine our understanding of the Old Testament. As gifted writers, they present the results of the best recent research in an interesting manner. Each commentary opens with an introduction to the biblical book, looking especially at questions concerning its background, authorship, date, purpose, structure, and theology. A select bibliography also points readers to resources for their own study. The author's own translation from the original Hebrew forms the basis of the commentary. Proper verse-by-verse comments nicely balance in-depth discussions of technical matters, textual criticism, critical problems, and so on, with exposition of the biblical writer's theology and its implications for the life of faith today. Double Blessing Mark Batterson, 2019. A New York Times bestselling author and pastor invites readers to pursue, recognize, and flip every blessing from God. He provides the tools necessary to inventory one's blessings and participate in double blessing that moment when a blessing in one's life is leveraged to doubly bless another. It is a speculation on what the world might be like if
