Spragg, 2017 On December 15 1944 Maj Alton Glenn Miller commanding officer of the Army Air Force Band Special boarded a plane in England bound for France with Lt Col Norman Francis Baessell Somewhere over the English Channel the plane vanished No trace of the aircraft or its occupants has ever been found To this day Miller Baessell and the pilot John Robert Stuart Morgan are classified as missing in action Weaving together cultural and military history Glenn Miller Declassified tells the story of the musical legend Miller and his military career as commanding officer of the Army Air Force Band during World War II After a brief assignment to the Army Specialist Corps Miller was assigned to the

Army Air Forces Training Command and soon thereafter to Supreme Headquarters Allied Expeditionary Force in the UK. Later that year Miller and his band were to be transferred to Paris to expand the Allied Expeditionary Forces Programme but Miller never made it. Miller's disappearance resulted in numerous conspiracy theories especially since much of the information surrounding his military service had been classified restricted or in some cases lost. Dennis M Spragg has gained unprecedented access to the Miller family archives as well as military and government documents to lay such theories to rest and to demonstrate the lasting legacy and importance of Miller's life career and service to his country. **Glenn Miller** Charles River Editors, 2019-07-19. Includes pictures. Includes a bibliography for further reading. A band ought to have a sound all of its own. It ought to have a personality. Glenn Miller. Sprightly swing music spills across the dimly lit club. The grayish curtains of cigarette smoke part every once in a while to reveal a sparkling stage and tables upon tables of patrons some incurably inebriated and others high on the fast paced nightlife. Fabulous flappers in shimmering cocktail dresses and stylish feather headbands throw their hands up and stomp their feet to the addictive beat on the dance floor. Smartly dressed men their hair neatly parted and slicked back toss fistfuls of dice onto the plush green baize of the craps tables. Some hover over roulette wheels staring intently at the spinning flashes of silver while others finger their playing cards as they sip on tumblers of whiskey eyeing both the river and the tower of tokens next to them. Frisky tunes, chic fashion and American gambling are nostalgic rose tinted images most choose to project when visualizing the Roaring Twenties but the other side of the coin brought an uninviting much harsher reality that most would prefer to sweep under the rug. The first real estate bubble was on the brink of bursting and progress was evident but painfully slow which gave way to yet another era of violent riots lynchings and other forms of oppression imposed on minorities. The Swing Era was a magical period in American history between the hedonism of the Roaring Twenties and the rebelliousness sparked by rock music beginning in the 1950s. Swing music was rooted in ragtime blues and jazz music that had long been popular in African American enclaves in Chicago St Louis Kansas City and New Orleans and while musicians like Benny Goodman popularized swing music big bands produced America's most popular music. Though it may be hard to fathom in the wake of Elvis Presley and popular rock bands like the Beatles the early 20th century featured a burgeoning music sales industry that was dominated in ways that nobody would ever reach again including the Fab 4. While Elvis and the Beatles had a combined 71 Top 10 hits over their lengthy careers Glenn Miller had 16 records reach 1 and he compiled 69 Top 10 hits all in the span of four years before he had turned 40. Like any music pioneer Miller and his band were often criticized for not being true to the roots of the music they performed even as they perfected a sound that captivated the country. In short order Miller and his music influenced legends ranging from Benny Goodman to Louis Armstrong. Miller was the most popular big band leader in the United States when he walked away from his orchestra to enlist in the U S Army. World War II was raging and Miller was determined to fulfill his patriotic duty so he assembled a military orchestra to give fellow American servicemen a little taste of the homes they were missing.

While based in the United Kingdom in 1944 the military orchestra was granted clearance to perform in Paris which had been liberated from the Nazis just months before Miller planned his own trip across the English Channel to prepare for a few days ahead of the orchestra s arrival Miller s trip had already been postponed by cold foggy and drizzly weather but on December 15 1944 the pilot chose not to let similar conditions delay it again The plane took off at about 2 00 p m from the airstrip at Twinwood Farm but it never made it to Paris As Miller himself had once prophetically put it I don t know why I spend my time making plans like this I have an awful feeling you guys are going to go home without me and I m going to get mine in some goddamn beat up old plane December 2019 marks the 75th anniversary of Miller s disappearance which remains among the greatest aviation mysteries of all time
