**Neoliberalism and Culture in China and Hong Kong** Hai Ren, 2010-10-04 This book examines the period leading up to the Hong Kong handover in 1997 the countdown of time and by using iconic cultural symbols such as the countdown clock the Hong Kong Museum exhibitions and cultural heritage sites argues that China has undergone a transition to neoliberal state in part through its reunification with Hong Kong The problem of synchronization with the world a Chinese phrase that epitomizes China's engagement with modern capitalism since the first Opium War was characterized throughout the 20th century as a humiliation weakness tragedy and disaster with China in the role of the victim of capitalist globalization During the reunification with Hong Kong these conventional expressions were replaced by new ones such as de humiliation return self esteem and revival Hai Ren gives an ethnographic and historical analysis of this cultural and political transformation of

China's globalization experience by looking closely at public history practices in mainland China and Hong Kong and how the reconfiguration of everyday life and cultural norms led to the development of this neoliberal China. As a book which straddles Chinese and Hong Kong history, politics, cultural heritage and museum studies, more generally it can be regarded as a work of cultural political economy which will appeal to students and scholars of all of the above. [The Routledge Handbook of Tourism in Asia](#) C. Michael Hall, Stephen J. Page, 2016-09-13. Asia is regarded as the fastest growing area for international and domestic tourism in the world today and over the next 20 years. Given the economic, social and environmental importance of tourism in the region, there is a need for a comprehensive and readable overview of the critical debates and controversies in tourism in the region and the major factors that are affecting tourism development both now and in the foreseeable future. This Handbook provides a contemporary survey of the region and its continued growth and development as a key destination and generator of tourism which is marked by a high proportion of intra-regional travel. The book is divided into five sections. This first section provides an introduction to the region and context to the nationally focused chapters. The next three sections are then broadly based on the three UNWTO Asian regions: South East Asia, South and Central Asia, and East and North East Asia, providing readers with a valuable snapshot of tourism at various scales and from various approaches and positions. The concluding section considers future prospects for tourism in Asia. The handbook is interdisciplinary in coverage and is also international in scope through its authorship and content. It presents a range of perspectives and understanding of the processes and forces that are shaping tourism in this fascinating and dynamic region that is one of the focal points of global tourism. This is essential reading for students, researchers and academics interested in tourism in the growth region of Asia now and in the future.

**Forthcoming Books** Rose Arny, 1992. **Today Hong Kong, Tomorrow the World** Mark L. Clifford, 2022-02-01. A gripping history of China's deteriorating relationship with Hong Kong and its implications for the rest of the world. For 150 years as a British colony, Hong Kong was a beacon of prosperity where people, money and technology flowed freely and residents enjoyed many civil liberties. In preparation for handing the territory over to China in 1997, Deng Xiaoping promised that it would remain highly autonomous for fifty years. An international treaty established a Special Administrative Region (SAR) with a far freer political system than that of Communist China, one with its own currency and government administration, a common law legal system and freedoms of press, speech and religion. But as the halfway mark of the SAR's lifespan approaches in 2022, it is clear that China has not kept its word. Universal suffrage and free elections have not been instituted, harassment and brutality have become normalized, and activists are being jailed en masse. To make matters worse, a national security law that further crimps Hong Kong's freedoms has recently been decreed in Beijing. This tragic backslide has dire worldwide implications as China continues to expand its global influence. Hong Kong serves as a chilling preview of how dissenters could be treated in regions that fall under the emerging superpower's control. Today Hong Kong Tomorrow the World tells the complete story of how a city once famed for protests so peaceful that

toddlers joined grandparents in millions strong rallies became a place where police have fired more than 10 000 rounds of tear gas rubber bullets and even live ammunition at their neighbors while pro government hooligans attack demonstrators in the streets A Hong Kong resident from 1992 to 2021 author Mark L Clifford has witnessed this transformation firsthand As a celebrated publisher and journalist he has unrivaled access to the full range of the city s society from student protestors and political prisoners to aristocrats and senior government officials A powerful and dramatic mix of history and on the ground reporting this book is the definitive account of one of the most important geopolitical standoffs of our time **Hong Kong & Macau** Jules Brown,2002 This resource includes full details of Hong Kong harbour its shopping and nightlife districts traditional sites and off the beaten track areas of the New Territories and outlying islands A history and a cultural guide is included as well as places to eat drink and sleep on every budget Background information on post handover politics and features on festivals feng shui and Chinese astrology are also included **Staging Hong Kong** Rozanna Lilley,1998-12-01 This beautifully written and well informed book presents a comprehensive study of Zuni Icosahedron a Hong Kong avant garde theatre and dance company and calls into question the relationship between culture and politics during the last years of British colonial rule Through both fieldwork and textual analysis the author explores the double bind tensions between Chinese and Western aesthetic forms while examining identity and gender within representation as part of the dramatization of an increasingly uncertain present Incorporating insights from cultural studies feminism anthropology and queer theory this imaginative unpacks current debates over Hong Kong identity through the kaleidoscope of avant garde theatre performances [Hong Kong, 1990](#) ,1990 [Annual Report of China Outbound Tourism Development 2009/2010](#) ,2010
