Life Span Development Bases For Preventive And Interventive Helping:

Life Span Development Martin Bloom, 1980 *Mental Health and the Elderly* Francis J. Turner, 2010-06-15 The demographic shift to a much older population is having a large impact on social work professionals who have traditionally been the primary caretakers of the elderly As more people are living into advanced old age it is becoming increasingly important to understand and treat the wide range of psychological disorders which may affect them rather than simply attributing the disorders to senescence as was frequently done in the past *Mental Health and the Elderly* A Social Work Perspective is a comprehensive guide to diagnosis and treatment of the range of disorders affecting the elderly **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), **Primary Prevention Practices** Martin Bloom, 1996-03-26 Intended for use by students in the helping professions as well as by practitioners and researchers in the field *Primary Prevention Practices* offers step by step procedures on how to use more than 50 techniques of prevention practice **How Institutions are Shaping the Future of Our Children** Catherine Dulmus, Karen Sowers, 2013-10-18 Improve services for children and youth with new concepts different perspectives and up to date information *How Institutions are Shaping the Future of Our Children* For Better or for Worse explores the positive and negative impacts of social institutions on child and adolescent well being Experts in the fields of social work and child welfare provide a broad perspective on how to improve outcomes for children and adolescents who receive institutional services either directly or indirectly This book contains innovative strategies for reducing the negative outlook for children and families in shelters foster homes and residential treatment centers This book offers improvements for care services at such locations as residential institutions state custody and foster homes schools youth development organizations urban public housing developments homeless shelters In *How Institutions are Shaping the Future of Our Children* you ll discover current case studies that show how certain groupssuch as minorities and economically challenged children and familiesare stigmatized by the current child welfare system You ll also find new evidence of the detrimental effects that can occur as a result of institutionalization and the need to find alternatives to removing children and adolescents from family style environments This book contains tables to clarify the findings of these case studies references to further your reading and detailed descriptions of plans and programs that you can implement in your own social work practice *How Institutions are Shaping the Future of Our Children* presents new ways to create positive environments for children and adolescents including strengths based approaches to practice with children with severe emotional and behavioral disturbances custody planning for the children of HIV infected women discipline specific education for child protection caseworkers creating supportive staff youth relationships within all institutions multiple family group interventions which help to strengthen homeless families in preparation to transition to permanent housing the School Development Program Child Development Project and Comprehensive Quality Programminginterventions for preventing school drop outs Life Plans for post institutionalized youth

Life Span Development Martin Bloom,1980 **Passing Through Transitions** Naomi Golan,1983-10 Naomi Golan pens an excellent book with numerous research citations and case examples on dealing with transitional periods Robert W Roberts Dean School of Social Work at the University of Southern California As humans strive to live in cope in an era of revolutionary social and psychological change it becomes difficult to manage the trauma impact and disequilibrium that accompanies it In *Passing Through Transitions* Professor Naomi Golan provides through research and examination of the problematic and effective ways to navigate the inevitable transitions of life One of the finest contributions to this book is the exhaustive review of selected theoretical frameworks for viewing these transitional life changes This book is a gem Social Work

Disability and the Life Course Mark Priestley,2001-07-05 *Disability and the Life Course* first published in 2001 explores the global experience of disability using a novel life course approach The book explores how disabling societies impact on disabled people s life experiences and highlights the ways in which disabled people have acted to take more control over their own lives It provides a unique combination of analysis policy issues and autobiography offering the reader a rare opportunity to make links between the theoretical the political and the personal in a single volume The material is set in a truly international context with contributions from thirteen different countries bringing together established and emerging writers both disabled and non disabled The book bridges some important gaps in the existing disability literature by including issues relevant to disabled people of all ages and with different kinds of impairments and also by offering a unique analysis of the relationship between disability and generation in a changing world

Religion and Spirituality in the Life Cycle James Gollnick,2005 In recent years profound changes have affected the way people view the role of religion and spirituality in the life cycle For many people spirituality always considered an essential part of religion has become an interest no longer tied to organized religion This book addresses the evolving relationship of spirituality to religion in our time and the consequences of this change for understanding personality development It also applies the concept of implicit religion to show how the least easily observed aspects of religion are at work in the growth of personality

The Child Welfare Challenge James K. Whittaker,2017-07-12 Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape child welfare practice and its future In addition to describing the major problems facing the field the book highlights service innovations that have been developed in recent years The resulting picture is encouraging especially if certain major program reforms I are implemented and agencies are able to concentrate resources in a focused manner The volume emphasizes families and children whose primary recourse to services has been through publicly funded child welfare agencies The book considers historical areas of service foster care and adoptions in home family centered services child protective services and residential services where social work has an important role Authors address the many fields of practice in which child and family services are provided or that involve substantial numbers of social work programs such as services to adolescent parents child mental health education and

juvenile justice agencies This new edition will continue to serve as a fundamental introduction for new practitioners as well as summary of recent developments for experienced practitioners Studying Christian Spirituality David B.

Perrin,2024-04-23 Studying Christian Spirituality proposes a framework to discover how spirituality can be understood beyond the conventional boundaries that religions have established Its nine chapters discuss a wide variety of issues and questions which include definitions of spirituality the impact of models of God human spiritual development the importance of context historical criticism anthropology interpretation of texts and art and examples of spiritual practice David B Perrin clearly explains the traditional relationships between Christian spirituality and theology and history He also proposes greater connections with the human sciences such as philosophy psychology phenomenology and sociology and reshapes the classical approaches to Christian spirituality its texts practices and experience This interdisciplinary volume is an essential reference for scholars and students at all levels who desire to develop a deeper understanding of Christian spirituality s research methods and its relevance to the world today The Child Welfare Challenge ,2017-07-28 This newly revised and updated

edition of a widely adopted text continues to address a broad array of issues in supporting children and strengthening families It includes key information about federal legislation as well as policy related outcomes research in child welfare The first edition of The Child Welfare Challenge was hailed by Social Work as an excellent source from which to gain an in depth understanding of the practice and policy dimensions of child maltreatment foster care and adoption and by the Journal of Sociology and Social Welfare as essential reading for anyone interested in knowing more about child welfare practice in social work Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape current child welfare practice and possible future directions In addition to describing the major challenges facing the child welfare field the book highlights some of the service innovations that have been developed as these could be used to help address some of these challenges In child welfare the focus is on families and children whose primary recourse to services has been through publicly funded agencies The contributors consider historical areas of service foster care and adoptions in home family centered services child protective services and residential services in which social work has a legitimate long standing and important mission This is a comprehensive book but one that appreciates the fact that many areas such as daycare and early intervention invite exploration It is unique in that each chapter describes how policy initiatives and research can or should influence program design and implementation **Advanced Generalist Social Work Practice** David S. Derezotes,2000 This book describes an advanced generalist approach to direct social work practice with

individuals couples families and groups Intervention paradigms that include psychodynamic cognitive behavioral communications experiential humanistic existential and transpersonal are presented as the four sources of social work

Preventing Adolescent Suicide Dave Capuzzi,2013-08-21 First published in 1988 Many people absolutely reject suicide under any circumstances However most of us can sympathize with the suicidal motives let s say of an elderly person afflicted

with terminal cancer But it disturbs the core of our being that a child would find this life so empty of hope that death would be preferable Teenagers are so full of pain pleasure sexuality energy curiosity idealism bravado vulnerability rebellion and promise This book comes to grips with the reality of adolescent suicide In the book are fifteen chapters organized under five major parts Competent Caregivers--competent Children Karen Dahlberg Vander Ven, Ethel Tittnich, 1986 Learn how to design develop and implement good quality education and training programs Competent Caregivers Competent Children provides a thorough overview of the design and delivery of effective training and education for practitioners in the field of child and youth care Some of the leading authorities in the profession including Henry Maier James Anglin and Roy Ferguson combine conceptual approaches with practical guidelines to produce workable strategies that insure the best preparation for caregivers In this crucial resource for child care professionals chapters focus on the achievements of the child care field thus far and the internal barriers that block its ongoing development the skills entry level and experienced child care practitioners need and strategies for developing a content and format that will focus on these needs the models that have been used successfully to deliver programs to child care practitioners in a variety of settings in a broad range of geographic areas For all who educate and train child care practitioners and for those who employ them as members of a professional staff Competent Caregivers Competent Children is a highly valuable book Prevention Training Program for Social Work , 1990

Restoring the Balance Gail Guthrie Valaskakis, Eric Guimond, Madeleine Dion Stout, 2011-07-15 First Nations peoples believe the eagle flies with a female wing and a male wing showing the importance of balance between the feminine and the masculine in all aspects of individual and community experiences Centuries of colonization however have devalued the traditional roles of First Nations women causing a great gender imbalance that limits the abilities of men women and their communities in achieving self actualization Restoring the Balance brings to light the work First Nations women have performed and continue to perform in cultural continuity and community development It illustrates the challenges and successes they have had in the areas of law politics education community healing language and art while suggesting significant options for sustained improvement of individual family and community well being Written by fifteen Aboriginal scholars activists and community leaders Restoring the Balance combines life histories and biographical accounts with historical and critical analyses grounded in traditional thought and approaches It is a powerful and important book *Social Work Education Bibliography* , 1983 **Education for Primary Prevention in Social Work** Joan P. Bowker, 1983

Family, Self, and Society Philip A. Cowan, Dorothy Field, Donald A. Hansen, Arlene Skolnick, Guy E. Swanson, 2014-05-22 Any agenda for family research in the 1990s must take seriously a contextual approach to the study of family relationships The editors and contributors to this volume believe that the richness in family studies over the next decade will come from considering the diversity of family forms different ethnic groups and cultures different stages of family life as well as different historical cohorts Their goal is to make more explicit how we think about families in order to study them and

understand them To illustrate the need for diversity in family studies examples are presented from new and old families majority and minority families American and Japanese families and intact and divorcing families This variety is intended to push the limits of current thinking not only for researchers but also for all who are struggling to live with and work with families in a time when family life is valued but fragmented and relatively unsupported by society's institutions Students and researchers interested in family development from the viewpoint of any of the social sciences will find this book of value
