Linguistic Analysis Of Jokes

Ferenc Kiefer

Linguistic Analysis Of Jokes:

The Linguistic Analysis of Jokes Graeme Ritchie, 2004-03-01 This book starts from three observations First the use of humour is a complex puzzling and idiosyncratically human form of behaviour and hence is of scientific interest Second there is currently no theory of how humour works Third one useful step towards a theory of humour is to analyze humorous items in precise detail in order to understand their mechanisms The author begins by considering how to study jokes rigorously the assumptions to make the guidelines to follow and the pitfalls to avoid A critique of other work on humour is also provided This introduces some important concepts and also demonstrates the lack of agreement about what a theory of humour should look like The language devices used in various jokes such as puns or humour based on misinterpretation are analysed in detail The central part of the book develops and demonstrates proposals for how best to analyze the workings of simple jokes Finally the author makes some general suggestions about the language devices that seem to be central to the construction of jokes The *Linguistic Analysis of Jokes* will be invaluable for researchers and advanced students of humour research

linguistics and cognitive science *The Linguistic Analysis of Jokes* Graeme D. Ritchie, 2004 **The Linguistic Analysis of Jokes** Graeme Ritchie, 2004-03 Graeme Ritchie advocates a cognitive science approach to humour research aiming for higher levels of detail and formality than has been customary in humour research and argues the case for analyzing jokes and humour *Linguistic Theories of Humor* Salvatore Attardo, 2010-01-13 No detailed description available for *Linguistic Theories of Humor*

Irony and Humor Leonor Ruiz Gurillo, M. Belén Alvarado Ortega, 2013-07-31 Irony and Humor From pragmatics to discourse is a complete updated panorama of linguistic research on irony and humor based on a variety of perspectives corpora and theories The book collects the most recent contributions from such diverse approaches as Relevance Theory Cognitive Linguistics General Theory of Verbal Humor Neo Gricean Pragmatics or Argumentation The volume is organized in three parts referring to pragmatic perspectives mediated discourse and conversational interaction This book will be highly relevant for anyone interested in pragmatics discourse analysis as well as social sciences **Jokes**

and the Linguistic Mind Debra Aarons, 2012-02-27 Through the lens of cognitive science *Jokes and the Linguistic Mind* investigates jokes that play on some aspect of the structure and function of language In so doing Debra Aarons shows that these linguistic jokes can evoke our tacit knowledge of the language we use Analyzing hilarious examples from movies plays and books *Jokes and the Linguistic Mind* demonstrates that tacit linguistic knowledge must become conscious for linguistic jokes to be understood The book examines jokes that exploit pragmatic semantic morphological phonological and semantic features of language as well as jokes that use more than one language and jokes that are about language itself With its use of jokes as data and its highly accessible explanations of complex linguistic concepts this book is an engaging supplementary text for introductory courses in linguistics psycholinguistics and cognitive science *The Language of Jokes in the Digital Age* Delia Chiaro, 2017-11-23 In this accessible book Delia Chiaro provides a fresh overview of the language of jokes in a

globalized and digitalized world The book shows how while on the one hand the lingua cultural nuts and bolts of jokes have remained unchanged over time on the other the time space compression brought about by modern technology has generated new settings and new ways of joking and playing with language The Language of Jokes in the Digital Age covers a wide range of settings from social networks e mails and memes to more traditional fields of film and TV especially sitcoms and game shows and advertising Chiaro s consideration of the increasingly virtual context of jokes delights with both up to date examples and frequent reference to the most central theories of comedy This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics

Semantic Mechanisms of Humor V. Raskin, 2012-12-06 GOAL This is the funniest book I have ever written and the ambiguity here is deliberate Much of this book is about deliberate ambiguity described as unambiguously as possible so the previous sentence is probably the first last and only deliberately ambiguous sentence in the book Deliberate ambiguity will be shown to underlie much if not all of verbal humor Some of its forms are simple enough to be perceived as deliberately ambiguous on the surface in others the ambiguity results from a deep semantic analysis Deep semantic analysis is the core of this approach to humor The book is the first ever application of modern linguistic theory to the study of humor and it puts forward a formal semantic theory of verbal humor The goal of the theory is to formulate the necessary and sufficient conditions in purely semantic terms for a text to be funny In other words if a formal semantic analysis of a text yields a certain set of semantic properties which the text possesses then the text is recognized as a joke As any modern linguistic theory this semantic theory of humor attempts to match a natural intuitive ability which the native speaker has in this particular case the ability to perceive a text as funny i e to distinguish a joke from a non joke

Applied Linguistics : Stylistics And Language Teaching R.S. Sharma, 2004 Applied Linguistics Explores In Depth Some Of The Most Vital Areas In Stylistics And Language Teaching Anthropomorphism In The Language Of Poetry Style As A Weapon Or Defence Mechanism In Style As Artifice A New Approach To Technical Style In Technical Style Implication Of Operationalism Discourse Structure And Teaching Of English Conversation In Dialogue And Dialogue Teaching A Scientific Procedure For The Teaching Of Poetry At The University Level In Analysing A Poem A Linguistic Pedagogical Approach And Teaching Poetry A Linguistic Method Nearly All The Articles Are Analytical And Thought Provoking The Author Has Avoided Repeating Familiar Views And Ideas And Has Sought To Break New Ground

The Language of Jokes Delia Chiaro, 2006-12-05 In this highly readable and thought provoking book Delia Chiaro explores the pragmatics of word play using frameworks normally adopted in descriptive linguistics Using examples from personally recorded conversations she examines the structure of jokes quips riddles and asides Chiaro explores degrees of conformity to and deviation from established conventions the tellability of jokes and the interpretative role of the listener the creative use of puns word play and discourse The emphasis in her analysis is on sociocultural contexts for the production and reception of jokes and she examines the extent to which jokes are both

universal in their appeal and specific to a particular culture

The Routledge Handbook of Language and Humor

Salvatore Attardo, 2017-02-17 The Routledge Handbook of Language and Humor presents the first ever comprehensive in depth treatment of all the sub fields of the linguistics of humor broadly conceived as the intersection of the study of language and humor The reader will find a thorough historical terminological and theoretical introduction to the field as well as detailed treatments of the various approaches to language and humor Deliberately comprehensive and wide ranging the handbook includes chapter long treatments on the traditional topics covered by language and humor e g teasing laughter irony psycholinguistics discourse analysis the major linguistic theories of humor translation but also cutting edge treatments of internet humor cognitive linguistics relevance theoretic and corpus assisted models of language and humor Some chapters such as the variationist sociolinguistics stylistics and politeness are the first ever syntheses of that particular subfield Clusters of related chapters such as conversation analysis discourse analysis and corpus assisted analysis allow multiple perspectives on complex trans disciplinary phenomena This handbook is an indispensable reference work for all researchers interested in the interplay of language and humor within linguistics broadly conceived but also in neighboring disciplines such as literary studies psychology sociology anthropology etc The authors are among the most distinguished scholars in their fields

Understanding Language through Humor Stanley Dubinsky, Chris Holcomb, 2011-09-15 Students often struggle to understand linguistic concepts through examples of language data provided in class or in texts Presented with ambiguous information students frequently respond that they do not get it The solution is to find an example of humour that relies on the targeted ambiguity Once they laugh at the joke they have tacitly understood the concept and then it is only a matter of explaining why they found it funny Utilizing cartoons and jokes illustrating linguistic concepts this book makes it easy to understand these concepts while keeping the reader's attention and interest Organized like a course textbook in linguistics it covers all the major topics in a typical linguistics survey course including communication systems phonetics and phonology morphemes words phrases sentences language use discourses child language acquisition and language variation while avoiding technical terminology

Discursive Pragmatics Jan Zienkowski, Jan-Ola Östman, Jef Verschueren, 2011-06-16 The ten volumes of Handbook of Pragmatics Highlights focus on the most salient topics in the field of pragmatics thus dividing its wide interdisciplinary spectrum in a transparent and manageable way While the other volumes select specific philosophical cognitive grammatical social cultural variational or interactional angles this 8th volume focuses on theories and phenomena at the level of discourse but leaving aside conversational interaction It provides the reader with pragmatics oriented information on discourse analysis critical discourse analysis and critical linguistics as well as text linguistics and appraisal theory while introducing other specific approaches to discourse through concepts such as polyphony intertextuality genre and nonciation Furthermore topics such as public discourse narrative figures of speech cohesion and coherence pragmatic markers manipulation and humor are all dealt with in separate chapters The binding idea explained in the introduction is that

discursive pragmatics may serve as a platform for a diversity of perspectives on discourse as they have emerged not only in the language sciences but also in the humanities and social sciences in general *Encyclopedia of Humor Studies* Salvatore Attardo, 2014-02-25 The *Encyclopedia of Humor Studies* explores the concept of humor in history and modern society in the United States and internationally This work's scope encompasses the humor of children adults and even nonhuman primates throughout the ages from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire As an academic social history it includes the perspectives of a wide range of disciplines including sociology child development social psychology life style history communication and entertainment media Readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development especially in the areas of health creativity social development and imagination This two volume set is available in both print and electronic formats Features Benefits The General Editor also serves as Editor in Chief of *HUMOR International Journal of Humor Research* for The International Society for Humor Studies The book's 335 articles are organized in A to Z fashion in two volumes approximately 1 000 pages This work is enhanced by an introduction by the General Editor a Foreword a list of the articles and contributors and a Reader's Guide that groups related entries thematically A Chronology of Humor a Resource Guide and a detailed Index are included Each entry concludes with References Further Readings and cross references to related entries The Index Reader's Guide themes and cross references between and among related entries combine to provide robust search and browse features in the electronic version This two volume A to Z set provides a general non technical resource for students and researchers in such diverse fields as communication and media studies sociology and anthropology social and cognitive psychology history literature and linguistics and popular culture and folklore Key Themes Anthropology Folklore and Ethnicity Antiquity Components of Humor Culture Entertainment Industry History Literature and Major Literary Figures Performing Arts Philosophy and Religion Politics Psychology Clinical and Counseling Psychology Cognition Developmental Psychology General Psychology Health Psychology Interpersonal Relationships Motivation and Emotion Neuropsychology Personality and Social Psychology Tests and Measurement Professions Business World Education Law Humor Theory Linguistics Mathematics Computer Science and the Internet National Ethnic and Regional Humor Africa Americas Asia Europe Middle East Physiology and Biology Sociology Visual Humor **Developments in Linguistic Humour Theory** Marta Dynel, 2013-10-15 This volume presents recent developments in the linguistics of humour It depicts new theoretical proposals for capturing different humorous forms and phenomena central to humour research thereby extending its scope The 15 contributions critically survey and develop the existing interpretative models or they postulate novel theoretical approaches to humour in order to better elucidate its workings The collection of articles offers cutting edge interdisciplinary explorations encompassing various realms of linguistics semantics pragmatics stylistics cognitive linguistics and language philosophy as well as drawing on findings from

other fields primarily sociology psychology and anthropology Thanks to careful overviews of the relevant background literature the papers will be of use to not only researchers and academics but also students Albeit focused on theoretical developments rather than case studies the volume is illustrated with interesting research data such as the discourse of television programmes and series films and stand up comedy as well as jokes *Values Across Cultures and Times* Biljana Mišić Ilić, Vesna Lopičić, 2014-03-17 *Values Across Cultures and Times* is a collection of sixteen articles examining the concept of values understood in its broadest sense as the need of the modern man to examine redefine and reconstruct previous theories histories moralities social relationships forms of language and language use In times of great change preserving traditional values seems to be particularly difficult and the authors of these essays respond to the challenge and approach the notion of changing values from the perspectives of literary studies and linguistics The book opens with an introductory overview followed by sixteen articles divided into three sections The book is aimed at a broad academic audience while the popular style of the articles also makes the volume appealing to a wider audience interested in different aspects of values The authors of the articles come from Serbia Macedonia Bulgaria Romania and the United States

Hungarian Linguistics Ferenc Kiefer, 1982-01-01 This volume contains papers on Hungarian general linguistics Hungarian here means that the work of these authors either centers around the Hungarian language or has close ties to present day Hungarian linguistics or both Topics include philosophy of language psycholinguistics historical linguistics history of Hungarian linguistics phonology syntax typology *Analyzing Language and Humor in Online Communication* Taiwo, Rotimi, Odeunmi, Akinola, Adetunji, Akin, 2016-06-16 Misunderstandings in technology mediated communication can be due to a lack of tone and facial expression on the part of the speaker which provide additional context clues into the meaning of the message beyond textual representation As technology becomes more of a ubiquitous element in our interactions with one another further study into the ways in which language and humor are conveyed online and impact human communication is essential *Analyzing Language and Humor in Online Communication* presents a compendium of research into virtual communities online communication social networks and the ways that language and humor in particular are being conveyed and understood in these digital environments Emphasizing examples from popular culture and contemporary media this innovative publication fills the current void in the literature by focusing specifically on humor creation and perception in the digital age Students researchers linguists psychologists media professionals and sociologists will find this publication to be a unique reference source **Structural Ambiguity in English** Dallin D. Oaks, 2010-05-27 *Structural Ambiguity in English* is a major new scholarly work that provides an innovative and accessible linguistic description of those features of the language that can be exploited to generate structural ambiguities Most ambiguity scholarship is concerned with disambiguation the process of making what is ambiguous clear This book takes the opposite approach as it focuses on describing the features in the English language that may contribute towards the creation of

structural ambiguities which form the core of some of the best word plays found in advertising comedy and marketing Oaks utilizes a systematic and comprehensive inventory approach that identifies individual elements in the language and their distinctive behaviors that can be manipulated in the deliberate creation of structural ambiguities In doing so he also provides authentic examples to illustrate the concepts he presents This book will appeal to researchers and academics interested in the structure of the English language usage pragmatics communication natural language processing editing and humor studies as well as those in marketing advertising or humor writing

Hungarian General Linguistics Ferenc

Kiefer,1982-01-01 This volume contains papers on Hungarian general linguistics Hungarian here means that the work of these authors either centers around the Hungarian language or has close ties to present day Hungarian linguistics or both Topics include philosophy of language psycholinguistics historical linguistics history of Hungarian linguistics phonology syntax typology

This book delves into Linguistic Analysis Of Jokes. Linguistic Analysis Of Jokes is a crucial topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Linguistic Analysis Of Jokes, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Linguistic Analysis Of Jokes
- Chapter 2: Essential Elements of Linguistic Analysis Of Jokes
- Chapter 3: Linguistic Analysis Of Jokes in Everyday Life
- Chapter 4: Linguistic Analysis Of Jokes in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Linguistic Analysis Of Jokes. The first chapter will explore what Linguistic Analysis Of Jokes is, why Linguistic Analysis Of Jokes is vital, and how to effectively learn about Linguistic Analysis Of Jokes.
3. In chapter 2, this book will delve into the foundational concepts of Linguistic Analysis Of Jokes. The second chapter will elucidate the essential principles that need to be understood to grasp Linguistic Analysis Of Jokes in its entirety.
4. In chapter 3, the author will examine the practical applications of Linguistic Analysis Of Jokes in daily life. The third chapter will showcase real-world examples of how Linguistic Analysis Of Jokes can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Linguistic Analysis Of Jokes in specific contexts. This chapter will explore how Linguistic Analysis Of Jokes is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Linguistic Analysis Of Jokes. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Linguistic Analysis Of Jokes.
