On the Margins of Modernism Chana Kronfeld, 2023-04-28. Modernism valorizes the marginal, the exile, the other; yet we tend to use writing from the most commonly read European languages: English, French, German, as examples of this marginality. Chana Kronfeld counters these dominant models of marginality by looking instead at modernist poetry written in two decentered languages: Hebrew and Yiddish. What results is a bold new model of literary dynamics, one less tied to canonical norms, less limited geographically, and less in danger of universalizing the experience of minority writers. Kronfeld examines the interpenetrations of modernist groupings through examples of Hebrew and Yiddish poetry in Europe, the U.S., and Israel. Her discussions of Amichai, Fogel, Raab Halpern, Markish, Hofshetyn, and Sutskever will be welcomed by students of modernism in general and Hebrew and Yiddish literatures in particular. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1997.

The Writing of Yehuda Amichai Glenda Abramson, 2012-02-01 Yehuda Amichai is an Israeli poet of international distinction Known as Israel's master poet Amichai conveys a portrait of life in modern Israel summarizing and reflecting all the major preoccupations of his generation Unlike most of his Israeli contemporaries he explores the alteration of Jewish perspectives the loss of religious orthodoxy and the nature of Jewish identity in the mid 20th century He illuminates the dislocation of Jewish life after the Holocaust and the dilemma of response on the part of young Israelis His poetic language is rich in figuration and laced with quotations from classical Jewish texts which he manipulates into ironic discourse with the problems of the present Echoing the 17th century metaphysical poets Amichai's writing reveals a tussle between physical love and spirituality its tension lies in his failure to synthesize both in religious faith Abramson presents a detailed critical description and thematic analysis of Amichai's work with reference to the historical background from which it has emerged The problems of an emerging national culture are seen subjectively through the eyes of one of its most sensitive and perceptive literary observers
