*Science of Last Rites* Dr. Mita Shah Ph.D.,2018-05-15 This book *Science of Last Rites* An insightful journey into the World of Spirit is a unique book in itself It deals with the science of last rites performed for the departed loved one The traditions customs and methods of these rites may differ from religion to religion and culture to culture according to time place and circumstances However the belief remains the same The soul after leaving the physical body has to move forward which is possible only when the soul is at peace The author has very insightfully used the regression in life between life states to find out what happens when rituals prayers food or donation are offered in the name of the departed soul In case it has any effect how will the spirit receive this You will find out how small things like reading the scriptures lighting a light bathing the dead body the rites themselves help the departed souls and the survivors This is an unusually interesting and an extensively well researched book

**Lullaby for the Dead** J. N. Catanach,2001      **The Last Days of Mankind** Karl Kraus,2015-11-24 One hundred years after Austrian satirist Karl Kraus began writing his dramatic masterpiece *The Last Days of Mankind* remains as powerfully relevant as the day it was first published Kraus s play enacts the tragic trajectory of the First World War when mankind raced toward self destruction by methods of modern warfare while extolling the glory and ignoring the horror of an allegedly defensive war This volume is the first to present a complete English translation of Kraus s towering work filling a major gap in the availability of Viennese literature from the era of the War to End All Wars Bertolt Brecht hailed *The Last Days* as the masterpiece of Viennese modernism In the apocalyptic drama Kraus constructs a textual collage blending actual quotations from the Austrian army s call to arms people s responses political speeches newspaper editorials and a range of other sources Seasoning the drama with comic invention and satirical verse Kraus reveals how bungled diplomacy greedy profiteers Big Business complicity gullible newsreaders and above all the sloganizing of the press brought down the Austro Hungarian Empire In the dramatization of sensationalized news reports inurement to atrocities and openness to war as remedy today s readers will hear the echo of the fateful voices Kraus recorded as his homeland descended into self destruction
