Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families

Michael Hardey, Graham Crow

Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families:

Lone Parenthood Michael Hardey, Graham Crow, 1991 This book is about single parents who make up an increasingly important and controversial group in Western society The growth in the number of single parent households is linked to debates about the decline of family values and questions about state involvement in family life Their economic and social deprivation relative to two parent households is now a persistent theme of political and academic debates about social policy Lone Parenthood sets out to explore the nature of the challenge that single parents present to social policy and conventional thinking about families Contributions from a group of authors from a range of disciplinary backgrounds bring together important current research and theory on this major aspect of modern society A central theme of the book concerns the particular difficulties faced by single parents bringing up their children without a partner in the household While the authors recognize that individuals have entered single parenthood through various routes and have different ways of coping with the problems they may encounter they also see that single parents are united by the common experience of having to make their own lives and those of their children without the support of a partner and with limited support from the State This timely study of single parents is essential reading for students and researchers of family sociology the sociology of gender women's studies and social policy and professional social community and voluntary sector workers Lone Parenthood Michael Hardey, Graham Crow, 1991 This work explores the nature of the challenge that lone parents present to social policy and conventional thinking about families It deals with the common problems with which lone parents have to contend whilst acknowledging that lone parenthood occurs for a number of different reasons *Therapy with Single Parents* Joan D Atwood, Frank Genovese, 2014-02-25 Provide effective counseling to members of single parent families With more than half of all first marriages ending in divorce it's time to re think the notion that divorce means failure *Therapy with Single Parents* focuses on the strengths of the single parent family rather than its weaknesses stressing the need to look at the socially constructed norms values and definitions associated with marriage and family in order to provide effective counseling This unique book examines experiences that are common to single parents and presents interventive strategies for treating single parent family issues drawing on clinical case studies to provide technical knowledge in everyday language Current research shows that single parents account for 27 percent of family households that include children under 18 and that the number of single mothers in the United States more than tripled between 1970 and 2000 *Therapy with Single Parents* challenges outdated notions that the single parent family is somehow deficient and associated with adjustment problems in children It doesn't ignore the anger pain sadness and guilt experienced by many members of single parent families but offers therapeutic considerations from a more balanced approach The book examines the social psychological and sexual experiences of newly single parents and addresses the ups and downs they'll face in dealing with schools the workplace and social services *Therapy with Single Parents* examines social and psychological differences between divorce and widowhood

cognitive behavioral principles of single parent families what children can learn from divorce dealing with the ghosts of past relationships relationship rules dealing with adult children and extended families the effect of change in divorcing families the feminization of poverty the therapeutic value of social networks Therapy with Single Parents is an invaluable resource for psychologists professional counselors social workers and marriage and family therapists The book presents a thorough in depth examination of the single parent family system as a viable healthy family form **Single Mothers In International Context** Simon Duncan,Rosalind Edwards,2013-11-05 Single mothers caring for dependent children are an important and increasing population in industrialized countries In some single mothers are seen primarily as mothers and few have paid work in others they are regarded as workers and most have paid work and sometimes they are seen as an uneasy combination of the two with varying proportions taking up paid work This edited collection explores these variations focusing on the interaction between dominant discourses around single motherhood state policies towards single mothers the structure of the labour market at national and local levels and neighbourhood supports and constraints *Lone Motherhood in Twentieth-Century Britain* Kathleen Kiernan,Hilary Land,Jane Lewis,1998-05-07 During the 1990s lone mothers reached the top of the political agenda viewed as both a drain on public expenditure and a moral threat What has been missing from the debate is an understanding of how we have got to where we are This timely new study by three leading experts in the field sets out first to investigate the demographics of lone motherhood how the pathways into lone motherhood have changed and whether the changes of the last quarter of a century are as dramatic as they appear Second it looks at the wider context for the changes in lone motherhood in terms of ideas about marriage and the changes in the construction of the never married mother from victim in the 1950s to parasite in the late 1980s Finally it examines the way in which policies have defined the problem of lone motherhood over time and the way in which lone mothers have been treated with regard to housing social security and employment The study concludes that there is little possibility of putting the genie back in the bottle in terms of reducing the number of lone mothers efforts to do so by reducing public expenditure on them may be effective but at the expense of the children involved Instead the authors urge policy makers to change focus again and pay more attention to investing in children Institutional Ethnography as Practice Dorothy E. Smith,2006-06-15 In this edited collection institutional ethnographers draw on their field research experiences to address different aspects of institutional ethnographic practice As institutional ethnography embraces the actualities of people s experiences and lives the contributors utilize their research to reveal how institutional relations and regimes are organized As a whole the book aims to provide readers with an accurate overview of what it is like to practice institutional ethnography as well as the main varieties of approaches involved in the research *Single Motherhood and Poverty* Annelou Ypeij,Johanna Louisa Ypeij,2009 n the Netherlands single mothers run a high risk of becoming poor even though the country has a well developed welfare system This study brings together many partial life histories of single mothers of different cultural backgrounds and origins and

shows that poverty is not solely material deprivation Through its in depth account of the ways single mothers construct their everyday lives this book sheds light on the many social cultural and structural dimensions of poverty *The Family Handbook* Herbert Anderson,1998-01-01 This encyclopedic volume brings clarity and focus to a multitude of family issues The expert contributors deal with practical and important questions thereby providing information of significant usefulness to social workers therapists lawyers ministers and health care professionals Those who work with families will learn new techniques and see their efforts in a larger context An extensive directory of family resources provides the reader with helpful and practical information The Family Culture and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family s revitalization

Lone Mothers, Social Security and the Family in Hong Kong Lai Ching Leung,2017-07-05 This book is the first study with feminist analysis on lone mothers economic dependency in Hong Kong The implications of this study are considerable it challenges both conventional thinking about families and the political and academic debates about social policy This book sets out to examine the relationship between social security benefits and lone mothers labour supply in Hong Kong Two particular aspects of the labour supply behaviour of lone mothers are explored firstly the possible effect of social security on lone mothers employment and secondly the knowledge and perception of social security benefits in the decision making processes of lone mothers in relation to taking up paid work Evidence from this study suggests that there are three structural barriers which hinder lone mothers from taking up paid employment outside their family inadequate support for child care the low level of Earnings Disregard Policy which discourages lone mothers living on benefit from being self reliant and thirdly the low wages that lone mothers earn in the labour market *Canada's Changing Families* Kevin McQuillan,Zenaida R. Ravanera,2006-01-01 In recent years two significant trends have had a substantial impact on Canadian families First Canadian families have been dramatically altered by high rates of separation and divorce declining fertility greater popularity of alternative family arrangements such as cohabitation and increasing involvement of women in paid labour Second changes occurring in the economy and the larger society have brought new pressures to bear on families In Canada s Changing Families editors Kevin McQuillan and Zenaida R Ravanera explore how these developments have altered family life Using data collected in recent surveys by Statistics Canada contributors to this volume illustrate how transformed conditions in the labour market have forced families to alter their routines and the division of responsibilities within the household At the same time the government striving to maintain or increase the competitive position of the economy has moved to control spending restrain taxes and reduce deficits The result has been new demands on the family to provide or supplement services that might otherwise be provided by the state Canada s Changing Families is an eye opening study and one of great contemporary relevance

Single Parent Families Joe Hudson,Burt Galaway,1993 The single parent family is an increasingly frequent family form in all western societies Single Parent Families is an important new book that presents and synthesizes current

research about the single parent family and identifies the economic and social policy implications This book is an ideal text for courses in the sociology of the family and for use in social work and family studies programs at colleges and universities It is also an invaluable resource for policy makers students of public policy and academics with an interest in the single parent family

Lone Mothers, Paid Work and Gendered Moral Rationalities S. Duncan, R. Edwards, 1999-08-12 Why are most British lone mothers unemployed And is welfare to work the right sort of policy response This book provides an in depth analysis of how lone mothers negotiate the relationship between motherhood and paid work Combining qualitative and quantitative data it focuses on social capital in different neighbourhoods local labour markets and welfare states Criticising conventional economic theories of decision making it posits an alternative concept of gendered moral rationality and sets up new frameworks for understanding national policy differences and discourses about lone motherhood

Women-Headed Households S. Chant, 1997-01-31 Households headed by women are a growing presence worldwide This is the first book to focus on their diversity and dynamics in developing countries Set within the context of global trends and debates on female household headship and using case study material based on interviews with low income women in Mexico Costa Rica and the Philippines the analysis explores the reasons for the formation and increase in women headed households in different parts of the world and their capacity for survival in societies where male headed households are both the norm and ideal

Single Parents Karen L. Kinnear, 1999 Single Parents offers an overview of this growing phenomenon the problems faced by single parent families and their impact on society Topics include men and women as single parents single mother families and poverty the legal system and single parents gay and lesbian parents moral issues and the effects of growing up in a single parent family The experiences of single parents in other countries are also discussed This volume lists numerous resources among them federal government programs state statutes concerning child custody and adoption private and public organizations a guide to literature films and videos and information on the Internet

Good Enough Mothering? Elizabeth Bortolotta Silva, 2013-01-11 Currently lone mothers and their children make up almost 20 per cent of families with dependent children in the UK a threefold increase since 1970 Yet while they are often cited by politicians as both a symptom and cause of social breakdown relatively little is known of the causes consequences and conditions of lone motherhood in Britain and throughout Europe Good Enough Mothering provides accounts of historical patterns of mothering and ideologies of the family with cross national comparisons of policies and experience of lone motherhood in developed and developing countries Countries include Britain US Norway South Africa Kenya Thailand India Brazil and the Caribbean This engaging edited collection will appeal to students of social policy women's studies and social work

Women and Social Policy Mary Kember, Clare Ungerson, 1997-09-19 It is ten years since the first edition of this well established text was published The second edition contains an almost entirely new selection of readings to bring the publication up to date and to develop themes that are likely to remain topical into the late 1990s and beyond Where possible and relevant much of the material has

a comparative particularly European perspective The book is an essential text for students and teachers of social policy and women s studies *Practical Social Investigation* Richard Lampard,Christopher Pole,2015-10-15 Practical Social Investigation provides within a single text an introduction to a wide range of both long standing and newer social research methods Its balanced and integrated coverage of qualitative and quantitative approaches demonstrates that they can be complementary While research practice is emphasised readers are encouraged to reflect on methodological issues as well as being provided with tools for their own research This coherent accessibly written book draws upon the authors extensive experience of conducting research and teaching research methods Numerous examples based on real research studies illustrate key issues in a way that acknowledges both the messiness and the creativity of social research *Dying and Death in 18th-21st Century Europe* Corina Rotar,Marius Rotar,2014-03-17 This book features the second selection of the most representative papers presented at the international conference Dying and Death in 18th 21st Century Europe ABDD a traditional scientific event organized every year in Alba Iulia Romania The book invites the reader on a fascinating journey across the last three centuries of Europe using the concept of death as a guide The past and present realities of the complex phenomena of death and dying in Romania the United Kingdom Lithuania Serbia Macedonia Poland USA Germany Sweden Finland and Italy are dealt with by authors from varying backgrounds including historians sociologists psychologists priests humanists anthropologists and doctors This is proof that death as a topic cannot be confined to one science the deciphering of its meanings and of the shifts it effects requires a joint interdisciplinary effort *Canadian Journal of Criminology* ,1992

Caring for Children and Families Ian Peate,Lisa Whiting,2006-08-04 This text will help students understand fundamental aspects of clinical practice in order to provide safe and effective care to children and their families in various situations When in clinical practice students may find themselves being supervised from a distance and as such this text will help the student when they find themselves in a variety of settings to assist their integration of theory and practice The reader will develop their paediatric caring skills with a sound knowledge base which will underpin the safe and effective delivery of care User friendly writing style Contributions from expert paediatric academic staff and skilled clinicians One of the few books that deal with clinical practice specifically related to and addressing the needs of children in a user friendly manner

The book delves into Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families. Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families
 - Chapter 2: Essential Elements of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families
 - Chapter 3: Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families in Everyday Life
 - Chapter 4: Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, the author will provide an overview of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families. The first chapter will explore what Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families is, why Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families is vital, and how to effectively learn about Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families.
3. In chapter 2, the author will delve into the foundational concepts of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families. This chapter will elucidate the essential principles that need to be understood to grasp Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families in its entirety.
4. In chapter 3, the author will examine the practical applications of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families in daily life. This chapter will showcase real-world examples of how Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families in specific contexts. The fourth chapter will explore how Lone Parenthood Coping With Constraints

And Making Opportunities In Single Parent Families is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, the author will draw a conclusion about Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families. The final chapter will summarize the key points that have been discussed throughout the book. This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families.

Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or

authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families Books

What is a Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with

Lone Parenthood Coping With Constraints And Making Opportunities In Single Parent Families

PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
