## Loeil Naif:

*Transmitting Culture* Régis Debray, 2000 In a departure author Régis Debray redefines communication as the inescapable conditioning of civilization's meanings and messages by their technologies of transmission and lays the groundwork for a science of the transmission of cultural forms

*Time Passing* Sylviane Agacinski, 2003 In this wide ranging meditation on the meaning of time Agacinski weaves together discussions of Aristotle Kant Hegel Freud Heidegger Baudelaire Barthes and especially Walter Benjamin her model for the modern passer of time as she traces a time line of the philosophy of time

In the Name of Humanity Alain Finkielkraut, 2000 An unsettling reflection on the twentieth century in its twilight hours in which we are asked to rethink our assumptions about universalism and humanism While many people look to humanist ideals as a deterrent to nationalist chauvinism Finkielkraut challenges the abstract idea of universalism by describing the terrible crimes civilized Europe has committed in its name

Writing with Light Mick Gidley, 2010 Contributor Martin Padgett's essay Native Americans the Photobook and the Southwest Ansel Adams and Mary Austin's Taos Pueblo was awarded the 2010 Arthur Miller Essay Prize This book offers a collection of essays on the interface between literature and photography as exemplified in important North American texts

*The Anthropological Turn* Jacob Collins, 2020-04-24 A close look at post 1968 French thinkers Régis Debray Emmanuel Todd Marcel Gauchet and Alain de Benoist In *The Anthropological Turn* Jacob Collins traces the development of what he calls a tradition of political anthropology in France over the course of the 1970s After the social revolution of the 1960s brought new attention to identities and groups that had previously been marginal in French society the country entered a period of stagnation the economy slowed the political system deadlocked and the ideologies of communism and Catholicism lost their appeal In this time of political cultural and economic indeterminacy political anthropology as Collins defines it offered social theorists grand narratives that could give greater definition to the social by anchoring its laws and histories in the deep and sometimes archaic past Political anthropologists sought to answer the most basic of questions what is politics and what constitutes a political community Collins focuses on four influential yet typically overlooked French thinkers Régis Debray Emmanuel Todd Marcel Gauchet and Alain de Benoist who from Left to far Right represent different political leanings in France Through a close and comprehensive reading of their work he explores how key issues of religion identity citizenship and the state have been conceptualized and debated across a wide spectrum of opinion in contemporary France Collins argues that the stakes have not changed since the 1970s and rival conceptions of the republic continue to vie for dominance Political and cultural issues of the moment the burkini for example become magnified and take on the character of an anthropological threat In this respect he shows how the anthropological turn as it figures in the work of Debray Todd Gauchet and Benoist is a useful lens for viewing the political and social controversies that have shaped French history for the last forty years

The Modern Essay in French Charles Forsdick, Andy Stafford, 2005 As a textual form the *essai* predominates in modern and contemporary literature in French Emerging from an earlier tradition and

distinguished from its English language counterpart the French language essay ranges from Stéphane Mallarmé to Colette Victor Segalen to Aimé Césaire Jean Grenier to Pierre Michon The *essai* remains however one of the most hazily identified of textual forms its definition often depending on the progressive elimination of all other generic possibilities Excluded from the archigenres theatre poetry *critique* it can even be seen as a hold all category whose role is to absorb the anarchic extremes of writing It is perhaps this very lack of pretension to orthodoxy that has drawn so many writers to the *essai* The conventional understanding of the term as a tentative unsystematic exploration stresses the genre's provisional nature its refusal of any claims to comprehensiveness The *essai* exploits the devices of anecdote illustration and humour it is addressed to a wide and often general audience it is also intricately linked to the performance of ideological and writerly strategies often reordering the classical art of rhetoric and persuasion As the contributions to this volume show there is a need to outline an ethics and politics as well as poetics of essayism

**Rethinking Professionalism** Kristina Huneault, Janice Anderson, 2012-04-11 The history of women and art in Canada has often been celebrated as a story of progress from amateur to professional practice *Rethinking Professionalism* challenges this narrative by questioning the assumptions that underlie the category of artistic professionalism a construct as influential for artistic practice as it has been for art historical understanding Through a series of in-depth studies contributors examine changes to the infrastructure of the art world that resulted from a powerful discourse of professionalization that emerged in the late nineteenth century While many women embraced this new model others fell by the wayside barred from professional status by virtue of their class their ethnicity or the very nature of the artworks they produced The richly illustrated essays in this collection depict the changing nature of the professional paradigm as it was experienced by women painters photographers craftspeople architects curators gallery directors and art teachers In so doing they demonstrate the ongoing power of feminist art history to disrupt patterns of thought that have

become naturalized and accordingly invisible Going beyond the narratives of recovery or exclusion that the category of professionalism has traditionally encouraged Rethinking Professionalism explores the very consequences of telling the history of women's art in Canada through that lens Contributors include Annmarie Adams McGill University Alena Buis Queen's University Sherry Farrell Racette University of Manitoba Cynthia Hammond Concordia University Kristina Huneault Concordia University Loren Lerner Concordia University Lianne McTavish University of Alberta Kirk Niergarth Mount Royal University Mary O'Connor McMaster University Sandra Paikowsky Concordia University Ruth B Phillips Carleton University Jennifer Salahub Alberta College of Art Design and Anne Whitelaw Concordia University

**Marcel Marceau poetics of gesture** Patrizia Iovine, 2019-06-24 The origins of theatre date back to 500 b C with religious rituals of ancient Greece Mime drama dates back to Theocritus to performances of folk life to gatherings in honour of the God Dionysus during which the use of a mask was introduced The Romans used to mime political situations inventing satirical pantomimes A silent genre developed in the town of Atella the Atellan Farce with fixed characters ancestors of the stereotypes of the Commedia dell Arte or theatre of the Zanni The father of the family of the Zanni was the servant Arlequin In the Commedia dell Arte of the Sixteenth Century the face was covered by a mask that would define the nature of the character Created by Debureau in 1665 the melancholic Pierrot will step on stage and as his ancestors he will be forever in love and rejected With Molière the use of the mask will start to change until it will disappear leaving space to the expressiveness of the face and nature of the character With Carlo Goldoni the Commedia di carattere will flourish In the Twentieth Century it's Charlie Chaplin's turn to write an important chapter of the art of mime with the romantic hero Charlot who wanders up and down the streets in the city of London in the Twenties desperate and alone In his gestural grammar Etienne Decroux covers the face of the actors with a veil to leave only the body mass to speak On the contrary according to his pupil Marcel Marceau the face and the hands represent the backbone to gestural eloquence as in Oriental techniques with the aristocratic Noh and the commoner Kabuki Starting from Graeco Roman Statuary retracing the phases of gestural art remembering the myths of gesture and working side by side with Decroux Marceau will decide to generate the last heir of this imaginary dynasty the merchant of illusions Bip leaving him free to live and dream in the temporal space of a performance Transforming the invisible into visible bringing into the theatres all around the world his pantomimes the French Master has made palpable the art of emotions

**Uncanonical Women** Wendy Greenberg, 2023-12-14 In English here is presented for the first time an examination of the text and context of five nineteenth century French women poets Elisa Mercoeur 1808 1835 Marceline Desbordes Valmore 1786 1859 Louisa Siefert 1845 1877 Louise Ackermann 1813 1890 and Louise Michel 1830 1905 will demonstrate that in spite of mentoring by various literary historic or even family figures these writers found their own voices A striking example is Louisa Siefert who in spite of bold intertextuality displays an unmistakably feminine persona whose originality poignantly

draws the reader's attention. These poets had many obstacles to overcome as women identified poets. For example, Louise Ackermann's own husband did not want her to write, and for this reason she remained silent during her whole years of marriage. Louise Michel is a different case. As an analysis of the short poem *Bouche close* (Le Livre du Baigneur, 1873-1880) will demonstrate. In short, *Uncanonical Women* explores a crescendo of poetic voice from the initial timid solicitations of Elisa Mercoeur to the bold self-sufficient defiance of Louise Michel. The implication of my original findings that uncanonical poets can surpass cultural marginalization is that the book will target both a traditional and modern readership. Major themes and clear language and tools that delineate identifiably personal style of true writers and the poetic persona of each is unique. Mercoeur in ambition, Desbordes-Valmore in domesticity, Siefert in anguish, Ackermann in pessimism, and Michel in leadership.

**Cezanne and Provence** Nina M. Athanassoglou-Kallmyer, 2003-05. Discusses painter Paul Cézanne's 1886 departure from Paris to his native city Aix-en-Provence, arguing that it was related to French regionalist politics of the time and shows how the move affected his art. *L'Opinion*, 1922. *The Complete Works: Short Stories, Novels, Plays, Poetry, Memoirs and more* Guy de Maupassant, 2024-01-07. Guy de Maupassant's *The Complete Works: Short Stories, Novels, Plays, Poetry, Memoirs and more* stands as a definitive anthology encapsulating the breadth of his literary genius. Within its pages, readers will encounter Maupassant's masterful narratives that often explore the intricacies of human emotion and the societal mores of 19th-century France. His sharp naturalistic style is marked by a keen eye for detail and a clear, unadorned prose that effortlessly draws readers into the existential dilemmas faced by his characters. Set against the backdrop of post-Francophonic realism, his tales range from the poignant to the grotesque, providing an unflinching examination of the human condition. Born in 1850 in the Normandy region of France, Maupassant was greatly influenced by his tumultuous upbringing and the social upheavals of his time, including the Franco-Prussian War. His personal experiences, not least his struggles with mental health, infused his works with a sense of authenticity and urgency. Maupassant studied under the tutelage of Flaubert, and his literary career quickly flourished with contemporaneous relevance that continues to resonate today. This comprehensive collection is essential reading for both seasoned literature enthusiasts and newcomers. It offers unparalleled insight into Maupassant's explorations of love, loss, and human folly, making it a vital addition to any literary library. Readers seeking to navigate the complexities of human nature will find within these pages not just stories but profound reflections that endure across generations.

**The Complete Works of Guy De Maupassant (A Bilingual Edition)** Guy de Maupassant, 2023-11-20. *The Complete Works of Guy De Maupassant: A Bilingual Edition* is a comprehensive collection of stories and novels by the influential French author Guy de Maupassant. Known for his keen observation of human behavior, Maupassant's writing style is characterized by its realism and psychological depth. This bilingual edition allows readers to fully appreciate Maupassant's mastery of the French language as well as his ability to capture the nuances of human emotion. From tales of love and betrayal to stories of social commentary, this collection showcases the breadth of Maupassant's

storytelling abilities With each piece presenting a unique insight into the human condition readers are sure to be captivated by the timeless themes explored in Maupassant s works Guy de Maupassant a prominent figure in 19th century French literature drew inspiration from his own experiences and observations of society Having lived through the tumultuous period of the Franco Prussian War and its aftermath Maupassant s work often reflects the social and political realities of his time His deep understanding of human nature and his ability to convey universal truths through his writing have solidified his place as a literary master I highly recommend The Complete Works of Guy De Maupassant to readers who appreciate finely crafted prose insightful storytelling and thought provoking narratives This bilingual edition provides a unique opportunity to delve into the world of one of France s most celebrated authors and to gain a deeper understanding of the complexities of the human experience
