**Karl Rahner**

## **Logosymbol In The Christology Of Karl Rahner:**

Logos-Symbol in the Christology of Karl Rahner Joseph H. P. Wong, 1984      **Logos-Symbol in the Christology of Karl Rahner** Joseph Hak-Piu Wong (s.d.b.), 1984      *Karl Rahner* Karl Rahner (S.I.), 1992 Karl Rahner's 1904-84 creative proposals in theological areas made him one of the giants of 20th century theology. The depth of his contributions has made study of Rahner's writings difficult but Kelly's anthology of Rahner's writings overcomes the obstacles beautifully. A select bibliography neatly organizes the vast work by and on Rahner. Part of The Making of Modern Theology Series      *The Achievement of Karl Rahner* Louis Roberts, 1967      **The Foundations of Karl Rahner** Mark F. Fischer, 2005 Karl Rahner is one of Catholicism's most influential theologians. Yet his Foundations of Christian Faith, the basic course that he intended as his most systematic and comprehensive work, remains difficult reading. In *The Foundations of Karl Rahner* Mark F. Fischer offers a page by page explanation of Rahner's masterwork, showing its overall design and the interconnections among its 368 sections and subsections. Designed for beginning theology students and scholars alike, and with topic name and Bible indices to help readers navigate the Rahnerian basic course, *The Foundations of Karl Rahner* is an indispensable addition to every theological library. BOOK JACKET      *Reflections on Karl Rahner's Real Symbol and Its Use in Christology* James C. Kolar, 1971      A Rahner Handbook Robert Kress, 1982 Robert Kress combines biographical information and primary sources to provide keen insights into understanding Karl Rahner. A comprehensive guide to reading and appreciating the thoughts of an important contemporary theologian, Kress uses techniques he picked up as a student and a teacher to present a valuable resource for study and teaching. Features a special section on How to Read Rahner. Back cover      **Understanding Karl Rahner** George Vass (S.J.), 1985      **Karl Rahner, an Introduction to His Theology** Karl-Heinz Weger, 1980      **Karl Rahner** William V. Dych, 1992 Karl Rahner 1904-1984 has been called the most important and influential Roman Catholic thinker of the twentieth century. He was a major influence at the Second Vatican Council, and his extensive writings have inspired generations of modern students of theology. Dych provides a concise introduction to Rahner's theological interests and covers his thinking from his student days to the time of his death.      Abstracts of Karl Rahner's Theological Investigations 1-23 Daniel T. Pekarske, 2002 Everyone familiar with Rahner's great 23 volume *Theological Investigations* knows the series is hard to use because it lacks a key. The titles often fail to describe the contents of the essays accurately; there is no cumulative index in English; the existing indices at the end of each volume are tedious and failed to distinguish significant discussions of a topic from casual references; and short of wading through an entire essay, there is no way to know quickly whether it contains the material one is looking for. This book attempts to address these problems.      **The Christology of Karl Rahner** Paul Cullen, 1971      A Rahner Reader Karl Rahner, 1981      **Understanding Karl Rahner** George Vass (S.J.), 1985      **Understanding Karl Rahner** Herbert Vorgrimler, 1986 Karl Rahner, who died in 1984 at the age of eighty, is recognized as one of the greatest of twentieth century Roman Catholic theologians, but his works are forbidding.

in their extent the list of his writings numbers over 4000 titles and his language has often been found extremely difficult by his readers. Moreover many of those who never had the opportunity to meet him know little about his personality and his life. In this attractive study Herbert Vorgrimler, a former pupil and lifelong friend, demonstrates that Rahner's work is not as unapproachable as it is made out to be. He begins by producing a portrait of Rahner: his personal characteristics, his main interests, his style, his language, his audience, and his spirituality, so that without having specific details of his work and career we feel that we know the man we are to meet. Then he traces the course of Rahner's life, setting his major writings in a personal context and against the background of the development of Roman Catholic theology in the twentieth century, before and after the Second Vatican Council. An appendix illuminates the Council from letters by Rahner to the author, some of which appear for the first time.

**Karl Rahner: From Metaphysical Anthropology to Christology** Jeffrey Tranzillo, 1990

*The SPCK Introduction to Karl Rahner* Karen Kilby, 2007 Karl Rahner, a German Jesuit, was probably the most prominent and influential Catholic theologian of the twentieth century. In the 1950s he was on the margins, his orthodoxy questioned and his work censored. Yet a decade later he was a key theological adviser at the Second Vatican Council and in almost all accounts but his own one of the shaping influences upon it. Heavily influenced by Aquinas, his work sought to reconcile Christian faith with contemporary thought and the revelation of God in human experience. Here Karen Kilby makes Rahner's often dense and difficult thinking accessible to a wide audience. She sketches a few of the central themes of Rahner's thought and gives the reader both a feeling for the way he approaches problems and some sense of the breadth of his work. This revised and expanded edition is an ideal introduction to Rahner for students and the general reader.

**The Academic and the Spiritual in Karl Rahner's Theology** Svein Rise, 2000 The author of this book seeks to penetrate the heart of Karl Rahner's theology by asking: What does it truly mean to say that Jesus Christ is the redeemer of the world? Rise presents an analysis of the fundamental conception in Rahner's theology with special attention to the way in which Rahner combines two trajectories: the academic and the spiritual. This combination is the basis for Rahner's interpretation of the trinitarian doctrine of God, christology, and soteriology. In the final chapter, Rise reflects on the relevance of Rahner to postmodern culture and shows that Rahner's understanding of Jesus is potentially very fruitful in an age marked by pluralism, ethical relativism, and the lack of a total vision which could give life a meaning.

*Karl Rahner in Dialogue* Karl Rahner, 1986

**The Heart of Rahner** Karl Rahner, John Griffiths, 1980

This is likewise one of the factors by obtaining the soft documents of this **Logobymbol In The Christology Of Karl Rahner** by online. You might not require more time to spend to go to the ebook establishment as well as search for them. In some cases, you likewise complete not discover the message Logobymbol In The Christology Of Karl Rahner that you are looking for. It will totally squander the time.

However below, bearing in mind you visit this web page, it will be thus definitely simple to get as without difficulty as download guide Logobymbol In The Christology Of Karl Rahner

It will not understand many time as we explain before. You can get it though deed something else at home and even in your workplace. hence easy! So, are you question? Just exercise just what we give below as well as evaluation **Logobymbol In The Christology Of Karl Rahner** what you subsequently to read!
