You read the description, and the first few pages on Amazon's preview. Look Inside, make sure to click Surprise me to get a true glimpse of what this book is all about, better yet, click on Search Inside this book and punch in your favorite player. And that includes you too. Skip Bayless from ESPN's First Take. So far, at the end of August, a panel of experts so to speak on the show have been giving their selections for Top 3 Greatest Players of All Time, soon after LeBron James publicly announced his. He chose, of course, Michael Jordan, and then Dr. J, Larry Bird, followed by Magic Johnson. After he was asked to name a fourth, and then more recently, current and past players were giving their Mount Rushmore picks. Top 4 with assortment of mixed opinions. LeBron gave his in a more serious interview during the 2014 All Star break when he then chose Jordan, Magic Bird, and then Oscar Robertson. Hard to argue with those picks. Well, also, this is partly what this new 2013 release is all about: ranking the greatest players of all time. LeBron himself would be amazed of what is written about him as a player. In addition, every chapter on every player has an awesome and unmatched description of his attributes, an very own skill set. This book is a must have for all basketball fans. It contains hardcore facts and stats of The NBA's 50 Greatest Players of All Time, rankings of Magic Bird, Jordan, Wilt, Russell, Oscar, Dream, and the rest of the greats of the game, find out who's in the top 10 with exclusive projected rankings of seven current players. As they approach their primes and where they might end up in the Elite Rankings of All Time. On the cover of the book and on its first page, title instead of changing the subtitle from projected pick six to a projected super seven. I have decided to keep both subtitles. Within the 57 chapter player rankings, there is also an additional 50 plus players written about exclusively and extensively, including Kevin Love in Blake Griffin's chapter as potentially becoming the greatest power forward of the current era. In the player comparisons throughout, it distinguishes which players are better than others from an objective point of view, which in turn allows you to judge for yourselves. For example, Is Wilt Chamberlain better than Bill Russell or Kareem Abdul Jabbar? Is Magic Johnson better than Larry Bird? Is Kobe Bryant better than Jerry West? Is Tim Duncan better than Karl Malone? Is John Stockton better than Isiah Thomas? Also listed is an All Time

NBA First Team Second Team and Third Team based on projected rankings The book is filled with player introductions including a mini biography player opinions from past and current great players player attributes and skill sets records and individual accolades award and honors player rankings and player comparisons throughout and a player s chronological history year by year with interceding player evaluations of the NBA s elite and players outside the top 50 The book was completed at near 200 000 words And finally the most interesting part of this book is that I have created a one of a kind chart as mentioned above for individual accolades honors and awards of the 50 greatest basketball players of all time
