The Music of Pavel Haas Martin Čurda, 2020-06-03 The Czech composer Pavel Haas 1899 1944 is commonly positioned in the history of twentieth century music as a representative of Leo Jan ek s compositional school and as one of the Jewish composers imprisoned by the Nazis in the concentration camp of Terez n Theresienstadt However the nature of Jan ek s influence remains largely unexplained and the focus on the context of the Holocaust tends to yield a one sided view of Haas s oeuvre The existing scholarship offers limited insight into Haas s compositional idiom and does not sufficiently explain the composer s position with respect to broader aesthetic trends and artistic networks in inter war Czechoslovakia and beyond This book is the first attempt to provide a comprehensive albeit necessarily selective discussion of Haas s music since the publication of Lubom r Peduzzi s life and work monograph in 1993 It provides the reader with an enhanced understanding of Haas s music through analytical and hermeneutical interpretation as well as cultural and aesthetic contextualisation and thus reveal the rich nuances of Haas s multi faceted work which have not been sufficiently recognised so far

Hahn, 2020-07-27 *Side Stepping Normativity* Selected Short Stories by Sylvia Townsend Warner discusses Sylvia Townsend Warner's highly innovative narrative style which does not conform to conventional modernist or postmodernist standards and explores how Warner's short stories shift to off centre positions *Side Stepping Normativity* further outlines the way in which Warner constantly challenges the categories we apply to classify our surroundings and analyses how Warner succeeds in creating queer that is non heteronormative as well strange and peculiar stories without explicitly opposing the so called norms of her time In this *Side Stepping Normativity* joins a vibrant conversation in queer studies which revolves around the question how critics can approach literary texts from a non antagonistic position Rather than focussing on the role of the critic however this thesis

shows that Warner's texts have long achieved what queer theorists seek to achieve on an analytical level **Fashion Stylists** Ane Lyng-Jorlen, 2020-08-06 Stylists have become increasingly influential in shaping fashion imagery. They have moved from the backstage as unrecognised players to the frontstage of fashion becoming celebrated for their creative work as image makers for magazines, advertising and fashion designers. Yet little is known about the profession, its diverse incarnations and its aesthetic economy. Featuring contributions from leading experts and stylists, this collection is the first to explore the history, meaning and practice of fashion styling through interviews and historic and present-day case studies. Featuring in-depth contributions from prominent fashion scholars, chapters span historical periods, cultural contexts and theoretical frameworks, employing a range of methodologies in the international case studies upon which they are based. Interspersed with interviews with innovative fashion stylists working today and drawing on examples from advertising, the catwalk and magazines, this book explores the challenges faced by stylists in a fashion system increasingly shaped by commercial pressures and by growing numbers of collections and seasons. **Fashion Stylists** is an invaluable resource for students and professionals interested in image making, the representation of style and fashion entrepreneurship and the history of fashion professionals.
