

5. LEE HARVEY OSWALD'S OTHER ACTIONS TEND TO SUPPORT THE CONCLUSION THAT HE ASSASSINATED PRESIDENT KENNEDY

The Warren Commission concluded that shortly after the assassination, Oswald boarded a bus, but when the bus got caught in a traffic jam, he disembarked and took a taxicab to his roominghouse. (124) The Commission also found that Oswald changed clothes at the roominghouse and walked about nine-tenths of a mile away from it before he encountered Dallas Police Officer J. D. Tippit. (125) After being stopped by Tippit, the Commission concluded, Oswald drew a revolver and shot Tippit four times, killing him. He then ran from the scene. (126) He was apprehended at approximately 1:50 p.m. in a nearby movie house, the Texas Theatre. (127)

The committee found that while most of the depository employees were outside of the building at the time of the assassination and returned inside afterwards, Oswald did the reverse; he was inside before the assassination, and afterward he went outside. That Oswald left the building within minutes of the assassination was significant. Every other depository employee either had an alibi for the time of the assassination or returned to the building immediately thereafter. Oswald alone neither remained nor had an alibi.

(a) *The Tippit murder*

The committee investigated the murder of Officer Tippit primarily for its implications concerning the assassination of the President. The committee relied primarily on scientific evidence. The committee's firearms panel determined positively that all four cartridge cases found at the scene of the Tippit murder were fired from the pistol that was found in Lee Harvey Oswald's possession when he was apprehended in the Texas Theatre 35 minutes after the murder. (128)

In addition, the committee's investigators interviewed witnesses present at the scene of the Tippit murder. (129) Based on Oswald's possession of the murder weapon a short time after the murder and the eyewitness identifications of Oswald as the gunman, the committee concluded that Oswald shot and killed Officer Tippit. The committee further concluded that this crime, committed while fleeing the scene of the assassination, was consistent with a finding that Oswald assassinated the President.

The Warren Commission had investigated the possibility that Oswald and Tippit were associated prior to the assassination, but it failed to find a connection. (130) Similarly, the committee's investigation uncovered no direct evidence of such a relationship, nor did it attribute any activity or association to Officer Tippit that could be deemed suspicious. The committee, however, did find and interview one witness who had not been interviewed by the Warren Commission or FBI in 1963-64. His name is Jack Ray Tatum, and he reported witnessing the final moments of the shooting of Officer Tippit. (131) Oswald, according to Tatum, after initially shooting Tippit from his position on the sidewalk, walked around the patrol car to where Tippit

<sup>13</sup> Since Oswald's revolver had been partially modified to shoot different ammunition than the type it was manufactured to shoot, it was not possible for the panel to determine whether the bullets that killed Tippit were fired from it. The panel did determine that the characteristics of the bullets were consistent with their having been fired from Oswald's revolver.

*The Kennedy Assassinations* Mel Ayton,2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders Was a shot fired from Dealey Plaza s grassy knoll Why did Jack Ruby shoot Oswald Was it the CIA the Soviets Cuban nationalists or the Mafia that arranged John Kennedy s assassination Was Robert Kennedy shot from in front and behind and who had the most to gain from his death These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents

and eyewitness statements he has demolished each one In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories These have now been brought together to provide a comprehensive analysis of all the main theories as to who how and why the two Kennedy brothers met their deaths in such unusual circumstances Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy s assassination the harsh reality is that the Kennedy brothers were each killed by lone gunmen This is an absorbing read brought up to date with the addition of new material as it has been uncovered Maybe just maybe this book will persuade people that the official accounts of both murders although flawed are not cover ups but simply statements of fact
