freedom of speech as it was intended by the visionaries who designed the Constitution and the Bill of Rights The First Amendment empowers Americans to join the public and political debate with their ideas and values including those traditional ideas and values that have made America great This fundamental freedom is under attack and unless principled Americans fight back our grandchildren and future generations around the world will receive a greatly diminished inheritance United States Senator Jim DeMint and Professor David Woodard compellingly demonstrate that through court rulings bureaucratic pronouncements and well intentioned but ultimately unhelpful laws secular values have allied with government authority to dismantle the ideals of a moral and decent nation A country once confident of its values and optimistic about its future is now pessimistic nervous and confused Traditional American institutions like the Boy Scouts churches businesses college campuses and public schools are routinely targeted for attack and government regulation As a result morally responsible patriotic Americans are
