Dutchess County was created 1 Nov. 1683 when the Province of New York was divided into twelve counties. It was desirous of settling the lands and granted large tracts of land to Dutch, who would help populate them even before the county was formed. When Gulian Ver Planck received a patent of land, the Roubout Patent, which included the towns of Fishkill, Wappingers, East of Lag and Poughkeepsie. [2] Records as include Fishkill.

Guidelines For Authors Of Compiled Genealogies:

Guidelines for Authors of Compiled Genealogies Thomas Kozachek, 1998 *The BCG Genealogical Standards Manual*, 2000 Family historians depend upon thousands of people unknown to them They exchange research with others copy information from books and databases and write libraries societies and government offices At times they even hire professionals to do legwork in distant areas and trust strangers to solve important problems But how can a researcher be assured that he or she is producing or receiving reliable results This official manual from the Board of Certification for Genealogists provides a standard by which all genealogists can pattern their work **Genealogy Standards**, 2000-08-01 Family historians depend upon thousands of people unknown to them They exchange research with others copy information from books and databases and write libraries societies and government offices At times they even hire professionals to do legwork in distant areas and trust strangers to solve important problems But how can a researcher be assured that he or she is producing or receiving reliable results This official manual from the Board of Certification for Genealogists provides a standard by which all genealogists can pattern their work **Professional Genealogy** Elizabeth Shown Mills, 2001 A manual for researchers writers editors lecturers and Librarians *Genealogy of the Purchase Family in Britain and Southern Africa* Nancy R. Purchase, H. Graham Purchase, 2008 A fascinating book covering fourteen generations of the extended Purchase family The Purchase ancestors from England were related to Rev Charles Haddon Spurgeon from London and were missionaries to Southern Africa They settled in Northern Rhodesia and raised their families under very primitive conditions In addition to instilling Christian principles into local Africans they taught them common farming and building skills The descriptions of confrontations with wild animals and interactions with native Africans are at times riveting Successive generations of Purchases spread out all over the world **Evidence!** Elizabeth Shown Mills, 1997 Evidence provides a common ground upon which all can meet speak the same language and share their results reliably **Nexus**, 1998 The newsmagazine of the New England Historic Genealogical Society **Some Field Family Journeys** Warren James Field, 2011-06-14 There is no available information at this time **The New England Historical and Genealogical Register**, 1910 Beginning in 1924 Proceedings are incorporated into the Apr no **The New York Genealogical and Biographical Record**, 1880 **This and that Genealogy Tips** Shirley Elro Hornbeck, 2000 This classic work on colonial Southern families contains hundreds of genealogies giving names dates of birth marriage and death names of children and their offspring with dates and places of birth marriage and death names of collateral connections places of residence biographical highlights and war records Over 12 000 individuals are referred to in the text all of them easily located in the alphabetical index **A Guide to the Library of the New England Historic Genealogical Society** Maureen Alice Taylor, Henry Bainbridge Hoff, 2004 This book is divided into eight sections a general introduction to the library articles on genealogies and manuscripts regional studies New England beyond the Northeast Canada and the British Isles and Ireland and

methodological articles on diverse topics Introduction p ix **Genealogical Manuscripts in Cross-Cultural Perspective** Markus Friedrich, Jörg B. Quenzer, 2024-12-16 Situating the history of genealogy in the ambit of manuscript studies this volume explores how handwriting practices influenced the development of genealogies It shows how lineages used handwritten documents in constructing and presenting their identity both to the outside world and to themselves Genealogical handwriting is practiced in many manuscript cultures this volume is the first to juxtapose studies from a wide variety of such cultures ranging from East Asia to West and Central Asia to Europe As the present contributions discuss in depth tracing one s lineage usually required taking note of personal histories biographies and relationships the chapters explore the many different reasons that compelled both individuals and institutions to do just this and highlight the various contexts in which genealogy writing occurred Taking a material oriented approach to handwriting practices in the study of genealogies can reveal the challenges implicated in producing such written artefacts highlighting the enormous effort required in cultivating lineage related knowledge Seen from the view of manuscript studies genealogies emerge as invaluable yet also highly fragile forms of cultural capital **Genealogical Standards of Evidence** Brenda Dougall Merriman, 2010-03-15 Author Brenda Dougall Merriman takes readers through the genealogical process of research and identification while examining how the genealogical community has developed standards of evidence and documentation what those standards are and how they can be applied *Genealogies in the Library of Congress* Marion J. Kaminkow, 2012-09 Vol 1 905p Vol 2 961p The Genealogical Quarterly Magazine, Devoted to Genealogy, History, Heraldry, Revolutionary and Colonial Records ,1900 **Rhode Island Roots** ,1998 *New England Ancestors* ,2006 Guide to Reference in Genealogy and Biography Mary K. Mannix, Fred Burchsted, Jo Bell Whitlatch, 2015 An excellent starting point for both reference librarians and for library users seeking information about family history and the lives of others this resource is drawn from the authoritative database of Guide to Reference voted Best Professional Resource Database by Library Journal readers in 2012 Biographical resources have long been of interest to researchers and general readers and this title directs readers to the best biographical sources for all regions of the world For interest in the lives of those not found in biographical resources this title also serves as a guide to the most useful genealogical resources Profiling more than 1400 print and electronic sources this book helps connect librarians and researchers to the most relevant sources of information in genealogy and biography **NGS Newsletter** ,2004
