Guiding Hand:

Music's Guiding Hand Kingsley Day, 2023-02-27 It was too big a secret to keep and too great a price to pay Though few details are known of 11th century Benedictine monk Guido d Arezzo he is widely recognized for inventing the language of music The Hand of Music offers a fictional account as to how an unlikely friendship between two medieval monks might have inspired one of the most important and enduring innovations of the Western world When a fellow monk continually struggles to learn the sacred songs by rote Brother Guido devises the musical staff as a way of precisely notating pitch But in an institution that thrives on tradition and routine his challenge to the status quo is met with skepticism resistance and even punishment Torn between obedience and his convictions Brother Guido must decide to submit or rebel with immediate and enduring consequences
