The Avatar Faculty Jeffrey G. Snodgrass,2023-01-10 The Avatar Faculty creatively examines the parallels between spiritual and digital activities to explore the roles that symbolic second selves avatars can play in our lives The use of avatars can allow for what anthropologists call ecstasy from the Greek ekstasis meaning standing outside oneself The archaic techniques of promoting spiritual ecstasy which remain central to religious healing traditions around the world now also have contemporary analogues in virtual worlds found on the internet In this innovative book Jeffrey G Snodgrass argues that avatars allow for the ecstatic projection of consciousness into alternate realities potentially providing both the spiritually possessed and gamers access to superior secondary identities with elevated social standing Even if only temporary self transformations of these kinds can help reduce psychosocial stress and positively improve health and well being
