Far Enemy Why Jihad Went Global:

The Far Enemy, 2005 Since 9 11 Al Qaeda has been portrayed as an Islamist front united in armed struggle or jihad against the West Fawaz Gerges argues that Al Qaeda represents a minority whose strategies have been opposed by religionist nationalists thus creating a rift that led to the events of 9 11 [The Far Enemy](#) Fawaz A. Gerges, 2005-09-05

Analyses the rift in the jihadist movement that led to the events of 9 11 **Why Terrorist Groups Form International Alliances** Tricia Bacon, 2018-04-04 Terrorist groups with a shared enemy or ideology have ample reason to work together even if they are primarily pursuing different causes Although partnering with another terrorist organization has the potential to bolster operational effectiveness efficiency and prestige international alliances may expose partners to infiltration security breaches or additional counterterrorism attention Alliances between such organizations which are suspicious and secretive by nature must also overcome significant barriers to trust the exposure to risk must be balanced by the promise of increased lethality resiliency and longevity In **Why Terrorist Groups Form International Alliances** Tricia Bacon argues that although it may seem natural for terrorist groups to ally groups actually face substantial hurdles when attempting to ally and when alliances do form they are not evenly distributed across pairs Instead she demonstrates that when terrorist groups seek allies to obtain new skills knowledge or capacities for resource acquisition and mobilization only a few groups have the ability to provide needed training safe haven infrastructure or cachet Consequently these select few emerge as preferable partners and become hubs around which other groups cluster According to Bacon shared enemies and common ideologies do not cause alliances to form but create affinity to bind partners and guide partner selection Bacon examines partnerships formed by the Popular Front for the Liberation of Palestine Al Qaida and Egyptian jihadist groups among others in a series of case studies spanning the dawn of international terrorism in the 1960s to the present **Why Terrorist Groups Form International Alliances** advances our understanding of the motivations of terrorist alliances and offers insights useful to counterterrorism efforts to disrupt these dangerous relationships **Fault Lines in Global Jihad** Assaf Moghadam, Brian

Fishman, 2011-05-10 This book deals with the causes nature and impact of the divisions within the jihadi movement and the splits between jihadis and other Islamic groups **Fault Lines in Global Jihad** offers a systematic and comprehensive examination of the broad range of divisions that contribute to the weakening of the jihadi movement It separates these divisions into two broad categories namely fissures dividing jihadis themselves and divisions separating jihadis from other Muslim and Islamist groups The first part of the book covers intra jihadi divisions highlighting tensions and divisions over strategic tactical and organizational issues The second part of the book addresses several important case studies of jihadi altercations with other Muslim and Islamist groups of non jihadi persuasion such as the Muslim Brotherhood Hamas and the Shii community More than simply an enumeration of problems and cracks within al Qa ida and its cohorts this book addresses critical policy issues of relevance to the broader struggle against the global jihadi movement The editors conclude

that these divisions have and continue to weaken al Qaeda but neither in an automatic nor in an exclusive fashion for these divisions render the global jihadi movement simultaneously vulnerable and more resilient This book will be of much interest to students of jihadism terrorism and political violence Islamism security studies and IR in general **Suicide Terror** Ophir Falk, Henry Morgenthau, 2009-07-15 Ophir Falk and Henry Morgenthau have compiled a book that should be read by anyone who is serious about winning the war on terror By painstakingly analyzing the empirical data they help us better understand the nature of our enemies and why they employ these barbaric tactics Most crucially they offer important insights on how terrorism can be effectively confronted and ultimately defeated In so doing they have performed an invaluable service for all those who are committed to winning this crucial battle Benjamin Netanyahu Prime Minister of Israel **FIRSTHAND ACCOUNTS AND ANALYSES FROM FRONTLINE PERSONNEL AND EXPERTS IN THE WAR AGAINST TERROR** Based on U S and Israeli experiences and detailed interviews with frontline personnel **Suicide Terror** enables policymakers first responders and students of homeland security to understand and deal with the growing threat of suicide terror It analyzes recent suicide attacks as well as our current vulnerabilities and high risk scenarios for future attacks Following the expert authors advice readers learn possible measures to prevent an attack Moreover they learn how to prepare for and implement an effective and quick response to minimize casualties and losses in the event of an attack Following an overview and historical review of suicide terror the book covers Global jihad Israel s confrontation with suicide terrorism America s experience with suicide bombings Internationalization of suicide terrorism High risk scenarios and future trends Methods for confronting suicide terror Medical management of suicide terrorism Using eyewitness accounts the text re creates the look and feel of actual terrorism incidents Detailed case studies help readers get into the minds of suicide terrorists in order to understand how to best prevent and confront these very dangerous threats This book is a definitive study of suicide terror synthesizing the experience of well known Israeli and American experts who have dealt with it firsthand Anyone responsible for understanding preventing and confronting this devastating threat should read this book and consider its recommendations with all seriousness **Global Jihadist Terrorism** Paul Burke, Doaa Elnakhala, Seumas Miller, 2021-04-30 This insightful book provides a unified repository of information on jihadist terrorism Offering an integrated treatment of terrorist groups zones of armed conflict and counter terrorism responses from liberal democratic states it presents fresh empirical perspectives on the origins and progression of conflict and contemporary global measures to combat terrorist activity **America's War against Global Jihad** William R. Nester, 2018-03-06 A specter haunts America the specter of Global Jihad Islamic Holy War This specter was never more horrific than on September 11 2001 when nineteen fanatics hijacked four jetliners and used them as guided missiles to destroy the twin World Trade Towers damage the Pentagon murder nearly 3 000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy But Jihadists have periodically attacked Americans ever since November 1979 when

mobs shouting death to America overran the American embassy in Tehran and held 52 officials hostage for 444 days President George W Bush responded to the September 11 atrocities by declaring a global war on terror Now in its second decade that war has cost the United States thousands of lives and trillions of dollars Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb blasted cities hundreds of slaughtered bodies thousands of refugees huddled in squalid camps and American journalists in orange jump suits kneeling in the desert before the black robed and masked men who will behead them Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought This book analyzes America s crusade against Jihadism The key related questions it addresses are these Looking back what were the successes and failures of Washington s counter Jihadist strategy before and after September 11 Looking ahead should Americans stay the course or cut their losses in Iraq Afghanistan and elsewhere Was the catastrophic September 11 attack a one time event or could its equivalent or worse in death and destruction happen again Renowned Harvard professor Samuel Huntington asserted that The underlying problem for the West is not Islamic fundamentalism it is Islam a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power Is that true Just what of Muhammad s words and deeds if any justifies the barbarism of al Qaeda Islamic State and other Jihadists Finally just how corporeal is that specter of global Jihad to the United States A startling surprise awaits the reader in the final chapter as acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats

Anti-american Terrorism: From Eisenhower To Trump - A Chronicle Of The Threat And Response: Volume Iii: The Clinton Administration

Dennis A Pluchinsky, 2025-01-17 A major international security concern that surfaced in the post World War II period was the emergence and evolution of international terrorism The dominant theme in the evolution of this threat has been anti American terrorism No other country has had its overseas interests subjected to the same level lethality diversity and geographic scope of international terrorist activity as the United States This five volume work chronicles the development of this threat through 12 U S presidential administrations over a 70 year period It assesses the terrorist threat in the U S and overseas and how the government responded The expansion of the field of terrorism in academia think tanks institutes and the private sector over this period is also addressed Volumes I and II covered the Eisenhower through to the George H W Bush administrations This volume documents the terrorist threat faced by the Clinton administration 1993 2000 and how it responded It was during this administration that Osama bin Laden and al Qaeda emerged as major terrorism actors and the planning and preparation for the September 11 2001 terrorist attacks took place The 1993 World Trade Center bombing 1993 Battle of Mogadishu 1995 Oklahoma City bombing 1996 Khobar Towers bombing 1998 bombings of the U S Embassies in Kenya and Tanzania and 2000 bombing of the USS Cole missile destroyer also occurred during this period Importantly this book is the first to address in detail a plan neglected by the media and suppressed by the U S government to kill President

Clinton during a visit to Manila in November 1996 in which al Qaeda was suspected Executive orders presidential decision directives domestic legislation international treaties special counterterrorism units terrorist renditions presidential findings public diplomacy and counterterrorism actions are also examined *Ten Years After 9/11 - Rethinking the Jihadist Threat* Arabinda Acharya, 2013-03-05 Ten years after the 9 11 attacks this book reassesses the effectiveness of the War on Terror considers how al Qaeda and other jihadist movements are faring explores the impact of wider developments in the Islamic world such as the Arab Spring and discusses whether all this suggests that a new approach to containing international especially jihadist terrorism is needed Among the book s many richly argued conclusions are that the War on Terror and the invasions of Afghanistan and Iraq have brutalised the United States that the jihadist threat is not one but rather a wide range of separate unconnected struggles and that al Qaeda s ideology contains the seeds of its own destruction in that although many Muslims are content to see the United States worsted they do not approve of al Qaeda s violence and are not taken in by the jihadists empty promises of utopia **Routledge Handbook of Religion and Politics** Jeffrey Haynes, 2016-01-13 From the United States to the Middle East Asia and Africa religion continues to be an important factor in political activity and organisation The second edition of this successful handbook provides the definitive global survey of the interaction of religion and politics Featuring contributions from an international team of experts it examines the political aspects of all the world s major religions including such crucial contemporary issues as religious fundamentalism terrorism the war on terror the clash of civilizations the Arab Spring and science and religion Each chapter has been updated to reflect the latest developments and thinking in the field and new chapters such as Postsecularism and international relations and Securitization and Secularization The two pillars of state regulation of European Islam have been added to ensure the book is a comprehensive and up to date resource Four main themes addressed include World religions and politics Religion and governance Religion and international relations Religion security and development References at the end of each chapter have been overhauled to guide the reader towards the most up to date information on various topics This book is an indispensable source of information for students academics and the wider public interested in the dynamic relationship between politics and religion *The Routledge History of Terrorism* Randall D. Law, 2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist The Routledge History of Terrorism is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but

also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book's rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism *Journal of a Dissenter* Chris Wright, 2025-01-20

This is a lengthy intellectual journal by a political radical that ranges over a variety of subjects such as Marxism capitalism history many schools of modern philosophy psychology economics and contemporary American politics It also includes quite a few personal passages but I've kept those only because they express common experiences and youthful psychological tendencies Its most useful content for students might be its many summaries of good historical and scientific scholarship especially in the journal's second half Ultimately the document is a fairly comprehensive expression of a particular society as refracted through an inquisitive and critical mind from the ages of 15 to 44 *Debating Terrorism and Counterterrorism* Stuart Gottlieb, 2013-03-29

Featuring paired pro con pieces written specifically for this volume *Debating Terrorism and Counterterrorism* Conflicting Perspectives on Causes Contexts and Responses encourages students to grapple with the central debates surrounding the field of terrorism With topics ranging from the root causes of terrorism the role of religion in terrorism whether suicide terrorism is ever justified whether the spread of democracy can help defeat terrorism and what trade offs should exist between security and civil liberties Gottlieb's outstanding cast of contributors returns compelling students to wrestle with the conflicting perspectives that define the field Stuart Gottlieb frames the paired essays with incisive headnotes providing historical context and preparing students to read each argument critically Each selection has been updated to account for recent world events policy changes and new scholarship New to the reader and by reviewer request is a chapter Can Global Institutions Make a Difference in Fighting Terrorism **Leaderless Jihad** Marc Sageman, 2011-09-28

In the post September 11 world Al Qaeda is no longer the central organizing force that aids or authorizes terrorist attacks or recruits terrorists It is now more a source of inspiration for terrorist acts carried out by independent local groups that have branded themselves with the Al Qaeda name Building on his previous groundbreaking work on the Al Qaeda network forensic psychiatrist Marc Sageman has greatly expanded his research to explain how Islamic terrorism emerges and operates in the twenty first century In *Leaderless Jihad* Sageman rejects the views that place responsibility for terrorism on society or a flawed predisposed individual Instead he argues the individual outside influence and group dynamics come together in a four step process through which Muslim youth become radicalized First traumatic events either experienced personally or learned about indirectly spark moral outrage Individuals interpret this outrage through a specific ideology more felt and understood than based on doctrine Usually in a chat room or other Internet based

venues adherents share this moral outrage which resonates with the personal experiences of others The outrage is acted on by a group either online or offline Leaderless Jihad offers a ray of hope Drawing on historical analogies Sageman argues that the zeal of jihadism is self terminating eventually its followers will turn away from violence as a means of expressing their discontent The book concludes with Sageman s recommendations for the application of his research to counterterrorism law enforcement efforts

Othering Islam: Proceedings of the International Conference on “The Post-September 11 New Ethnic/Racial Configurations in Europe and the United States: The Case of Islamophobia”—Maison des Sciences de l’Homme, Paris, France, June 2-3, 2006 Mohammad H. Religious Ideology and the Roots of the Global Jihad J. Turner, 2014-08-26 The events of 9 11 prompted questions as to the origins nature and purpose of international jihadist organisations In particular why had they chosen to target the US and the West in general Turner s book provides a unique holistic insight into these debates taking into account historical perceptions and ideology as key factors

Islamist Terrorism and Democracy in the Middle East Katerina Dalacoura, 2011-04-29 What were the reasons behind the terrorist attacks of September 11th Does the cause of Islamist terrorism relate to the lack of democracy in the Middle East Through detailed research into the activities of both radical and moderate organizations across the Middle East such as the Muslim Brotherhood Hamas and Hizbullah and via interviews with key personnel Katerina Dalacoura investigates whether repression and political exclusion pushed Islamist entities to adopt terrorist tactics She also explores whether

inclusion in the political process has had the opposite effect of encouraging Islamist groups toward moderation and ideological pragmatism In a challenge to the conventional wisdom she concludes that Islamist terrorism is not a direct consequence of authoritarianism in the Middle East and that there are many key factors that generate radicalism 9/11 and the War on Terror Paul J. Springer, 2016-10-03 The attacks of September 11 and the resulting War on Terror have defined the first decade and a half of the 21st century This text closely examines and analyzes the primary documents that provide the historical background of today s worldwide War on Terror 9 11 and the War on Terror A Documentary and Reference Guide provides readers with a rare opportunity to read and examine a variety of primary documents related to the September 11 2001 attacks and the larger War on Terror both in the United States and globally Thematically organized into chapters each document comes with an introduction and analysis written by an expert in the field that supplies the crucial historical background for the users of this title to learn about the complexities of the global War on Terror This book showcases key primary documents that follow the trajectory of events of the 9 11 attacks and the subsequent War on Terror Through the examination of various types of documents such as speeches diplomatic exchanges military communications and government reports issued by opposing sides in the global conflict readers will gain valuable insight into how these primary sources influenced the 21st century world Each primary source is prefaced by an introduction and followed by an analysis written by a scholar specializing in the field The accompanying analyses enable readers to better gauge the role of diplomacy military strategy national security concerns and ideological propaganda in the global War on Terror **The Fourth Ordeal** Victor J. Willi, 2021-02-04 A history of the Muslim Brotherhood in Egypt based on first person interviews with Brotherhood rank and file members **Hezbollah, Islamist Politics, and International Society** Filippo Dionigi, 2014-12-16 How do the norms of the liberal international order affect the activity of Islamist movements This book analyzes and assesses the extent to which Islamist groups which have traditionally attempted to shield their communities from alien moral conceptions have been affected by the rules and principles that regulate international society Through an analysis of Lebanon s Hezbollah Filippo Dionigi concludes that international norms are among the most significant factors changing Islamist politics The result is a precarious but innovative equilibrium in which Islamists are forced to rethink idea of an allegedly authentic Islamic morality and the legitimacy of international norms
