The Birth of a Song Patrick Bentley, 2007-11 Author Patrick Bentley challenges his readers to labor for the meat that will never perish in his new book *The Birth of a Song*. Many years of trials in Patrick's life has created some extraordinary testimonies that include giving birth to hundreds of new songs to the glory of the Lord Jesus Christ. Included in these beautifully written pages Bentley unveils many hidden mysteries such as how to count the mark of the beast Revelation 13:18 and why the United States of America is in the heart of Jer USA. *The Birth of a Song* is a must read for all believers in Christ Jesus. In these spiritually inspirational lyrics you can feel the love of the Lord through your very soul. **Finding My Way** Duncan Brown, 2023-12-01 This book reflects on South African literature from the perspective of 2020. It emerges from Duncan Brown's experiences of three decades of working in this field of writing and scholarship. It is a personal intellectual exploration and an engagement with the institutional history of literary studies in South Africa and elsewhere. *Finding My Way* also attempts to find more creative, engaging and intriguing modes of writing about literature and the humanities universally. It seeks to recover a sense of the imaginative, the literary and the affective not only as things to value in the literary texts we read but also as ways of understanding and reading texts as ways of writing criticism of registering how books make us feel as well as how they make us think. McLaren, 2008-05-04 Shines a practical light on the spiritual disciplines that have been in use since the time of Abraham. In a sense every day of our lives is labor. It is questionable if you can ever be exactly the same person waking up on two consecutive days. How are spiritual sojourners to cope with the constant change? Many are beginning to explore the ancient Christian spiritual practices that have been in use for centuries: everything from fixed hour prayer to fasting to sincere observance of the Sabbath. What is causing this hunger for deeper spirituality? Brian McLaren guides us on this quest for an explanation of these spiritual practices, many of which go all the way back to Abraham and the establishment of Israel. In the midst of contemporary Christianity we discover the beauty of these ancient disciplines and the transformation through Christ that each can provide. Why have certain spiritual disciplines been in use for centuries and why is it important? It is questionable if one can ever be exactly the same person waking up on two consecutive days. An intimate mystery encompasses you and tugs upon your heart: what does it mean to follow that tug across the arc of a spiritual life? Reflecting out of more than fifty years of practice in Zen Buddhism, Unitarian Universalism, and other contemplative traditions, James Ishmael Ford invites us into a journey through life's mysteries and the stages of spiritual development. Lightly structured by the archetypal Buddhist oxherding images, Ford's exploration is rooted in the Zen way while being deeply enriched by various strains of world mysticism. The book, sprinkled with insights and quotes from Buddhist, Daoist, and Christian traditions, serves as a map and a companion to spiritual seekers or pilgrims, whether within one religious tradition or cobbling together a way of one's own. Here is the most natural of all natural experiences, writes Ford: In the midst of our suffering, our longing, our desperation, we capture a glimpse. Something touches us. And with that, if we are lucky and really
