**A Guide to the Formulation of Water Resources Strategy** Guy J.-M. Le Moigne, 1994-01-01 World Bank Technical Paper No 263 Management of water resources is essential for long term environmentally sustainable human and economic development Increasingly the World Bank and other international organizations are called upon to provide *Water Sector Policy Review and Strategy Formulation* Food and Agriculture Organization of the United Nations, 1995-01-01 **Building a Regime for the Waters of the Euphrates-Tigris River Basin** Aysegul Kibaroglu, 2021-10-18 Due to a variety of reasons water resources on the globe are becoming scarcer The degree of water scarcity and its political economic and social implications are felt more severely in regions like the Middle East The Euphrates Tigris river basin is one of the major sources of water but also a source of tension in the region Unless cooperation is achieved among the riparian countries namely Turkey Syria and Iraq in the areas of management allocation and utilisation of the waters of the Euphrates Tigris basin growing scarcity may result not only in conflict but also in further devastation of an extremely vital source Recently water has become a subject matter of international law and formal and informal deliberations in international conferences have produced general principles and norms for using and managing water resources effectively Hence this book is an attempt to put together a meaningful set of principles norms rules and decision making procedures of a region specific regime framework for effective utilisation of the waters of the Euphrates Tigris river basin with a view to promoting cooperation among the riparian countries *The Struggle for Accountability* Jonathan A. Fox, L. David Brown, 1998-08-19 After a history of funding environmentally costly megaprojects the World Bank now claims that it is trying to become a leading force for sustainable development For more than a decade nongovernmental organizations NGOs and grassroots movements have formed transnational coalitions to reform the World Bank and the governments that it funds The Struggle for Accountability assesses the efforts of these groups to make the World Bank more publicly accountable The book is organized into four parts Part I describes the NGOs and grassroots movements that are the book's central focus Part II presents case studies of four projects that provoked the emergence of transnational advocacy coalitions Indonesia's Kedung Ombo dam the Mt Apo geothermal plant in the Philippines Brazil's Planaforo Amazon development project and the remarkable campaign of Ecuador's indigenous people to influence national economic policy that led to their participation in the design of a development loan Part III looks at the origins and politics of reform in four areas of broader World Bank policy the rights of indigenous peoples involuntary resettlement water resources and the World Bank's institutional reforms that are supposed to encourage public accountability In the last section the editors discuss issues of accountability within transnational coalitions and assess the impact of advocacy campaigns on World Bank projects and policies Contributors L.
