Audiences for contemporary German film and television are becoming increasingly transnational and depictions of German cultural history are moving beyond the typical post war focus on German s problematic past Entertaining German Culture explores this radical shift building on recent research into transnational culture to argue that a new process of internal and external cultural reabsorption is taking place through areas of mutually assimilating cultural exchange such as streaming services an increasingly international film market and the import and export of Anglo American media formats **Medieval**

French on the Move Leah Tether, Patrick Moran, Anne Salamon, 2025-03-17 When Keith Busby published his field shaping Codex and Context in 2002 the work was referred to as groundbreaking and monumental It prompted scholars of medieval literature to return to manuscripts in their droves However Busby s Codex and Context would also enact another more gradual movement His formulation of the term medieval Francophonia to describe the presence power and effect of French outside France would filter steadily into academic enquiry The term and concept are now widely recognised and applied in global scholarship including in multiple major projects dedicated to the topic This volume brings together a series of cutting edge studies of medieval Francophonia covering in one place and for the first time the fullest scope of the concept s remit with contributions on history historiography language literature culture society and authority At the same time as offering a timely contribution to the field this volume pays tribute to Busby s life work not only to pioneer medieval Francophonia but also and moreover to encourage the study of the medieval through material philology Each of the studies here written by Busby s friends and colleagues thus roots its approach in a material context **Author-catalogue of printed books in**
