Children and Young People's Nursing Ruth Davies, Alyson Davies, 2011-04-29 Children and Young People's Nursing provides a comprehensive overview of the issues facing children's nurses today. It focuses on developing best practice and implementing high quality care. This book covers the wide range of general and specialist care settings in which children and young people's nurses work including schools, the community and mental health. Written by a team of experts from across the UK, it emphasizes throughout the fundamental principles of contemporary children's nursing such as family centred care, safeguarding and the need for a culturally sensitive and rights based approach to care. This is an essential text for all children's nursing students as well as a useful reference for qualified nurses looking to update their practice. Key features: All chapters are underpinned by current policies and the latest research. Key points, reflection points, principles for practice boxes and case studies to aid learning. Concludes with a section on building your portfolio and advancing your practice and career.

Supporting the Child and the Family in Paediatric Palliative Care Erica Brown, Brian Warr, 2007 Provides a comprehensive overview of good practice in caring for terminally ill children, young people and their families. *Meaningful Funerals* Ewan Kelly, 2008-10-18 Addresses how funerals may be created which are not only relevant for the bereaved but which also have theological integrity. *Don't Tell* Kathy Isaac, 2021-05-31 A story of heartbreak, hope and healing. Grab a Kleenex. Bonnie Gallant, Agora Network Ministries co-author of *The Beautiful Strokes of God*. Nothing short of an amazing account of God's love and faithfulness. Toni Schirico, Horras Area Coordinator at Safe Families for Children Greater Chicago Area. What happens when a cardinal rule is broken? What if you're the one who breaks it? Can there be redemption? Is there hope? The sins of our fathers are long reaching. Joanie Brusseau knows what happens when cardinal rules are broken. As a kid, she survived it barely. It cost her everything. Never hurt a child. It's a fundamental principle and now she's broken it. Can she survive this too? What happens next is unexpected, perhaps miraculous. A chance encounter sets her on a journey of risk and adventure. Joanie's story gives hope to all of us people in bad shape, in deep trouble, to accomplish great things in the world.

Palliative Care for Children and Families Jayne Price, Patricia McNeilly, 2009-08-20 Providing an in-depth look at the issues surrounding the palliative care of children and their families, this innovative text considers children with both malignant and non-malignant conditions and the specialist care required. Absorbing activities to support learning and help build knowledge in a meaningful way. Interprofessional perspectives from the whole palliative care team. The contributors to the book are drawn from both education and practice across a range of disciplines.
