Girls Have Academic Advantages and So Do Boys Jodie Fonseca, Laiba Bahrawar,Margaret M. Dubeck,Yasmin Sitabkhan,Christopher Cummiskey,Devanshi Unadkat,2023-05-15 This paper contains a new analysis of gender differences in early grade reading and mathematics outcomes in 19 USAID funded studies over the past decade from 14 locations in Africa Asia Latin America and the Middle East The paper addresses gaps in the literature related to learning patterns for girls and boys in lower and middle income countries and in early primary school We analyzed the results from reading and mathematics assessments in grades 2 and 3 including differences in oral reading fluency ORF and quantitative comparison scores between boys and girls as well as differences in score distributions by gender In line with results from assessments in upper grades and in wealthier countries we found that girls consistently outperformed boys in reading In mathematics boys slightly outperformed girls although the differences were typically not large Global experience has shown that patterns in poor performance become more entrenched the further learners progress through the grades suggesting that early interventions for boys in reading and girls in mathematics could have long term benefits At the same time both girls and boys typically score below expectations in the two subjects across countries necessitating targeted strategies to improve outcomes for both genders early in their educational trajectories

Substance Misuse Prevention Program Attendance Marni L. Kan,Hsiu Chen Yeh, Lisa M. Schainker,Jessica Nelson,Samantha Charm,Cleve Redmond,Richard Spoth,2022-12-19 Typical life circumstances for military families may impact their participation in prevention programs yet little is known about what factors influence their participation The current study examined predictors of attendance in the Strengthening Families Program For Parents and Youth 10 14 for

Military Families a universal in person program designed to improve family functioning and reduce youth substance misuse and other problem behaviors Participants included 159 parent child dyads randomly selected to be offered the 7 week family program Analyses examined demographic characteristics deployment experiences time spent waiting for the program to begin and psychosocial functioning as predictors of attendance in a series of regression models Of the 39 percent of families that attended any program sessions the majority 71 percent attended at least four of the seven sessions Attendance varied significantly across the geographic areas in which groups were held Prior service utilization youth conduct problem behavior parental history of deployment and family conflict were each positively associated with attendance whereas parent tobacco use was negatively associated with attendance These results highlight the challenges in recruiting military families into in person prevention programs and suggest that extra efforts may be needed to engage families that do not perceive that they have a need for support

Cloze Reading (Rdg. Children's Books in Print, 2007 ,2006 Research in Education ,1974 Handbook of Writing Research , International Handbook of Literacy and Technology Michael C. McKenna, Linda D. Labbo, Ronald D. Kieffer, David Reinking, 2013-01-11 This Handbook provides a comprehensive and international representation of state of the art research theory and practice related to principal areas in which significant developments are occurring in the study of literacy and technology It offers a glimpse of the commonalities

faced by literacy educators around the world together with specific challenges raised by unique circumstances Volume I of this Handbook endeavored to lay essential groundwork for the study of literacy and technology it retains an explanatory value that will not weaken over time Volume II differs considerably in conception It assumes for the most part a higher level of expertise on the part of readers and the projects and applications described by the contributors are characterized by greater sophistication The scope of technology use is broader and the challenges that have emerged are in sharper focus A powerful feature of this volume is the addition of commentaries from experts across the field on the potential of technology in key dimensions of literacy The title of Volume II has changed slightly to reflect the inclusion of contributions on a broad geographic basis It is now a truly international Handbook with chapter authors from six countries and five continents The International Handbook of Literacy and Technology Volume II is organized in five sections The Role of Technology in the New Literacies Technology Applications with Specific Populations Literacy Software and the Internet Teacher Education and Professional Development and The Potential of Technology in Key Dimensions of Literacy The effects of technology on literate activity have been both sweeping and subtle marked by an increasing variety of changes that are difficult to evaluate and project Perhaps the only prediction that can be offered with certainty is that the impact of technology is irreversible Specific changes may come and go but literacy and technology seem inextricably linked This Handbook is dedicated to that linkage and to examining the intricacies that define it International Handbook of Literacy and Technology Volume II is an essential reference for researchers professionals and students in reading literacy education literacy and technology educational technology and related areas and will serve well as a text for upper level and graduate courses on these topics
