The Routledge Research Companion to Shakespeare and Classical Literature Sean Keilen, Nick Moschovakis, 2017-03-31 In this wide ranging and ambitiously conceived Research Companion contributors

explore Shakespeare's relationship to the classic in two broad senses. The essays analyze Shakespeare's specific debts to classical works and weigh his classicism's likeness and unlikeness to that of others in his time; they also evaluate the effects of that classical influence to assess the extent to which it is connected with whatever qualities still make Shakespeare himself a classic, arguably the classic of modern world literature and drama. The first sense of the classic which the volume addresses is the classical culture of Latin and Greek reading, translation and imitation. Education in the canon of pagan classics bound Shakespeare together with other writers in what was the dominant tradition of English and European poetry and drama up through the nineteenth and even well into the twentieth century. Second and no less central is the idea of classics as such, that of books whose perceived value exceeding that of most in their era justifies their protection against historical and cultural change. The volume's organizing insight is that as Shakespeare was made a classic in this second antiquarian sense, his work's reception has more and more come to resemble that of classics in the first sense of ancient texts subject to labored critical study by masses of professional interpreters who are needed to mediate their meaning simply because of the texts' growing remoteness from ordinary life, language and consciousness. The volume presents overviews and argumentative essays about the presence of Latin and Greek literature in Shakespeare's writing. They coexist in the volume with thought pieces on the uses of the classical as a historical and pedagogical category and with practical essays on the place of ancient classics in today's Shakespearean classrooms.

Jones, Jr., 2011-09-29 A significant expansion of the critically acclaimed first edition *Classics Illustrated: A Cultural History* 2d ed. carries the story of the Kanter family's series of comics style adaptations of literary masterpieces from 1941 into the 21st century. This book features additional material on the 70 year history of *Classics Illustrated* and the careers and contributions of such artists as Alex A. Blum, Lou Cameron, George Evans, Henry C. Kiefer, Gray Morrow, Rudolph Palais and Louis Zansky. Enhancing the lively account of the growth of the World's Finest Juvenile Publication are new interviews and correspondence with editor Helene Lecar, publicist Eleanor Lidofsky, artist Mort Kunstler and the founder's grandson John Buzz Kanter. Detailed appendices provide artist attributions, issue contents and for the principal *Classics Illustrated* related series a listing of each printing identified by month, year and highest reorder number. New U.S., Canadian and British series have been added. More than 300 illustrations, most of them new to this edition, include photographs of artists and production staff, comic book covers and interiors and a substantial number of original cover paintings and line drawings.
