Jung And Christianity In Dialogue:

Jung and Christianity in Dialogue Robert L. Moore, Daniel J. Meckel, 1990 PSYCHOLOGY POP PSYCHOLOGY **Carl Jung and Maximus the Confessor on Psychic Development** G. C. Tympas, 2014-03-26 In what ways does psychological development differ from spiritual development and psychological experience from spiritual experience Bringing together two disparate theories under a trans disciplinary framework G C Tympas presents a comparison of Carl Jung s theory of psychic development and Maximus the Confessor s model of spiritual progress An evolutionary relationship between the psychological and the spiritual is proposed for a dynamic interpretation of spiritual experience Carl Jung and Maximus the Confessor on Psychic Development offers a creative synthesis of elements and directions from both theories and further explores Jung s views on religion in a dialogue with Maximus concepts The different directions and goals of Jung s and Maximus models Jung s Answer to Job in relation to Maximus theory of final restoration Tympas argues that a synthesis of Jung s and Maximus models comprises a broader trans disciplinary paradigm of development which can serve as a pluralistic framework for considering the composite psycho spiritual development Constructively combining strands of differing disciplines this book will appeal to those looking to explore the dialogue between analytical psychology early Christian theology and Greek philosophy C. G. Jung and Hans Urs von Balthasar Les Oglesby, 2013-10-23 This book brings together the work of Carl Gustav Jung and Hans Urs von Balthasar two of the most creative thinkers in psychology and theology in the twentieth century to critically compare their ideas on the perennial question of God s involvement with evil In later life Jung embarked on a project relating to Christianity with psychotherapeutic and theological intentions forming his collection of essays *Symbolik des Geistes* in which God and evil was a major theme Balthasar gave significant attention to Jung s psychology in his own theological trilogy but opposed the approach to God and evil that Jung presented In this book Les Oglesby provides a thorough examination of convergences and divergences in Jung and Balthasar s thinking their different approaches to the origins and reality of evil as well as their alternative theological orientations The book culminates with a study of each man s understanding of the central event of Christianity Christ s death on the Cross and his descent to the dead and discusses how Balthasar s vertical and Jung s horizontal approach to this major happening can be held together fruitfully with one another Illustrating how analytical psychology and Christian theology can mutually enrich one another when they are held in creative tension this book invites reflection on the meaning of the central symbol of Christianity and God s involvement with evil as an aid to integrated psychological living and theological maturity It will prove fascinating for students of psychology and religion as well as for Jungian analysts and practical theologians *Jungian and Catholic?* James Arraj, Jim Arraj, 1991 C.G. Jung and Kierkegaard Amy Cook, 2017-08-24 Jung and Kierkegaard identifies authenticity suffering and self deception as the three key themes that connect the work of Carl Jung and Søren Kierkegaard There is in the thinking of these pioneering psychologists of the human condition a fundamental belief in the healing potential of a religious outlook This engaging and erudite text explores the significance of the similarities of thinking between Kierkegaard and Jung bridging the gap between the former's particular brand of existential Christian psychology and the latter's own unique philosophy Given the similarity of their work and experiences that were common to both of their personal biographies particularly the relationship that each had with his father one might expect Jung to have found in Kierkegaard a kindred spirit Yet this was not the case and Jung viewed Kierkegaard with great scorn That there exists such a strong comparison and extensive overlap in the life and thought of these towering figures of psychology and philosophy leads us to question why it is that Jung so strongly rejected Kierkegaard Such hostility is particularly fascinating given the striking similarity that Jung's own analytical psychology bears to the Christian psychology upheld by Kierkegaard Cook's thought provoking book fills a very real gap in Jungian scholarship and is the first attempt to undertake a direct comparison between Jung and Kierkegaard's models of development It is therefore essential reading for academics and postgraduate students with an interest in Jungian and Kierkegaard scholarship as well as psychology philosophy and religion more generally
