Duck Hunting in America Steven Lahr, 2016-06-23 The title of this piece of work is misleading in many respects You might pick it up and peruse it thinking that wow its a new waterfowl book Well you'll find some The core and idea of what's inside in reality is somewhat disguised The title in essence is a reflection more of life and with some different perspectives The writer has deep love of the Art of Waterfowling Hes also a bird watcher and a long time member of the Cornell Ornithology Association Many accolades to this organization Think of the concept of this title as what's written is more of a reflection on the writer himself Get All Your Ducks In A Row and well attempt to embark on some inner meanings Hopefully it will grow The first book Rantings of an Ivy League Mad Man has a parallel Lets get out the decoys and sit tight as we watch the morning come to full light If you've been there with your camo on you most likely won't be bored Hopefully we pass on this tradition to those we love because of what happens to waterfowl and human beings alike Im trying to pass on a message Some may struggle making the connection between the book title and its content I hope they persevere Hopefully you'll grasp the concept as it is These aren't necessarily poems I call them poems for better clarity You'll see why Enjoy Steve C Lahr
