English Conversation For Millions:

Five Million Conversations Iain Watson, 2015-09-20 On the eve of the general election Ed Miliband declared that Labour had won the ground war He proclaimed that his activists had been in touch with many more voters than his opponents We have had five million conversations This will go to the wire Yet the Conservatives went on to win a majority for the first time in more than two decades while Labour lost seats in England and were all but wiped out in Scotland How could they get it so wrong Iain Watson followed the Labour campaign around Britain and now he examines what its senior politicians are now calling the party's political and organisational failures He exposes the high level divisions over when to rule out a deal with the SNP the gulf between perception and reality over Labour's level of support and looks at the more successful campaigns of the Conservatives and Scottish Nationalists He sets out the challenges for the next Labour leader having had his own conversations with voters activists and senior party figures and discovers there is no easy solution to the party's problems

Studies will also find this a valuable book The Last Million Ian Hay, 1919 The Million, 1884 **One Face in a Million** William Bond, 2020-08-26 One Face in a Million is an entirely fictional story evolved over many years I began thinking about writing a story after I visited southern Africa in 1967 where my wife had been born and raised and was often called Mu Shangaaniana when she was young I began to formulate a story about a young girl who had been raised on a mission station in Mozambique She was anxious to leave Africa for America to have a more interesting life A plot began in my mind and I envisioned a striking girl to have a life that was quite amazing She would travel and fall in love meet notable people and experience a lot of success Would that prove to be satisfying During the years that followed I was privileged to travel to many places throughout the world so my story evolved in a way that readers could share in some of my traveling experiences My protagonist had to decide what was really important in her life Her story takes place across the span of a few decades therefore the story eventually developed into a series of five books which should be considered as one Because the title is One Face in a Million I knew her appearance would be of real interest I looked at images of several notable actresses of the past but the one that I preferred was of Merle Oberon Perhaps it would be just as well for any reader to formulate your own ideas of what my characters would look like Although this is a fictitious story I hope that it entertains those who choose to read it **Corpus-Based Sociolinguistics** Eric Friginal, Jack Hardy, 2013-12-17 In the last decade the availability of
