Building Strong Brands David A. Aaker, 2011-11-08 As industries turn increasingly hostile it is clear that strong brand building skills are needed to survive and prosper In David Aaker's pathbreaking book *Managing Brand Equity* managers discovered the value of a brand as a strategic asset and a company's primary source of competitive advantage Now in this compelling new work Aaker uses real brand building cases from Saturn General Electric Kodak Healthy Choice McDonald's and others to demonstrate how strong brands have been created and managed A common pitfall of brand strategists is to focus on brand attributes Aaker shows how to break out of the box by considering emotional and self expressive benefits and by introducing the brand as person brand as organization and brand as symbol perspectives The twin concepts of brand identity the brand image that brand strategists aspire to create or maintain and brand position that part of the brand identity that is to be actively communicated play a key role in managing the out of the box brand A second pitfall is to ignore the fact that individual brands are part of a larger system consisting of many intertwined and overlapping brands and subbrands Aaker shows how to manage the brand system to achieve clarity and synergy to adapt to a changing environment and to leverage brand assets into new markets and products Aaker also addresses practical management issues introducing a set of brand equity measures termed the brand equity ten to help those who measure and track brand equity across products and markets He presents and analyzes brand nurturing organizational forms that are responsive to the challenges of coordinated brands across markets products roles and contexts Potentially destructive organizational pressures to change a brand's identity and position are also discussed As executives in a wide range of industries seek to prevent their products and services from becoming commodities they are recommitting themselves to brands as a foundation of business strategy This new work will be essential reading for the battle ready

Softimage Ingrid Hoelzl, Remi Marie, 2015-09-01 With today's digital technology the image is no longer a stable representation of the world but a programmable view of a database that is updated in real time It no longer functions as a political and iconic representation but plays a vital role in synchronic data to data relationships It is not only part of a program but it contains its own operating code the image is a program in itself *Softimage* aims to account for that new reality taking readers on a journey that gradually undoes our unthinking reliance on the apparent solidity of the photographic image and building in its place an original and timely theorization of the digital image in all its complexity one that promises to spark debate within the evolving fields of image studies and software studies

Onscreen/Offscreen Constantine V. Nakassis, 2022-12-01 Based on over a decade of ethnographic fieldwork in the South Indian state of Tamil Nadu *Onscreen Offscreen* is an exploration of the politics and being of filmic images The book examines contestations inside and outside the Tamil film industry over the question what is an image Answers to this question may be found in the ontological politics that take place on film sets in theatre halls and in the social fabric of everyday life in South India from populist electoral politics and the gendering of social space to caste uplift and domination Bridging and

synthesizing linguistic anthropology film studies visual studies and media anthropology Onscreen Offscreen rethinks key issues across a number of fields concerned with the semiotic constitution of social life from the performativity and ontology of images to questions of spectatorship realism and presence In doing so it offers both a challenge to any approach that would separate image from social context and a new vision for linguistic anthropology beyond the question of language

ICIDDT 2023 Esteban Garcia Bravo,Jun Huo,Yingnan Li,2024-01-15 This book contains the proceedings of the 3rd International Conference on Innovation Design and Digital Technology ICIDDT 2023 which was held in a hybrid form from November 3rd to 5th 2023 The conference topics covered in this conference include Smart Village and Future Community Digital Communication of Traditional Culture Intelligent Equipment and Innovative Design Intelligent Interaction and User Experience Digital Ecology and Data Analysis The conference aims to promote communication and cooperation between academia and industry and provide a platform to discuss the latest research results and development trends in the field of innovative design and digital technology We invited experts scholars and industry elites from all over the world to share their research results and experiences from different perspectives and fields In addition we would like to thank the conference chair publication chairs technical program committee chairs program committee chairs conference secretariat local organizers and conference sponsors for their financial support in making ICIDDT 2023 a success We hope that this conference will be organized again in the future with more informative publications and inspirational research published We would also like to thank the invited speakers for their excellent contributions and for sharing their points of view during their speeches

Career Alchemy-An Inside Out Approach to Joy, Success, and Fulfilment through Work Dr. Ramya Ranganathan,2024-10-23 Career Alchemy An Inside Out Approach to Joy Success and

Fulfilment through Work In a world where work often feels like a relentless grind what if there were a way to transform it into a source of fulfillment and purpose This book offers a comprehensive guide to recrafting your career whether you re a seasoned professional entrepreneur or in the midst of a career transition without having to quit your job Through powerful exercises you will undergo a profound personal transformation emerging not just with new strategies but as a new version of yourself Based on extensive research experimentation and the personal journey of Dr Ramya who has helped thousands create joy and impact in their careers this book provides a tested pathway to turn your work into a true reflection of your potential and purpose About the Author Dr Ramya Ranganathan After working in blue chip companies like ICICI Infosys and Citibank Dr Ramya left the corporate world to explore the fundamental question Why do people work An alumnus of IITM and IIMA she has been a full time faculty at IIM Bangalore for 10 years has a PhD from London Business School delivered 3 TED talks is a published poet and has been recognized by MHRD as one of India s top 15 innovators in higher education She is also a globally certified life and leadership coach has conducted workshops for more than 100 corporate organizations and developed multiple online courses including one on edX When she s not helping others ignite their inner potential you ll find her walking her dog or hiking the hills around her organic farm Software Engineering, Artificial Intelligence, Networking and Parallel/Distributed Computing Roger Lee,2022-01-03 This book presents scientific results of the 22nd ACIS

International Fall Virtual Conference on Software Engineering Artificial Intelligence Networking and Parallel Distributed Computing SNPD2021 Fall which was held on November 24 26 2021 at Taichung Taiwan The aim of this conference was to bring together researchers and scientists businessmen and entrepreneurs teachers engineers computer users and students to discuss the numerous fields of computer science and to share their experiences and exchange new ideas and information in a meaningful way Research results about all aspects theory applications and tools of computer and information science and to discuss the practical challenges encountered along the way and the solutions adopted to solve them The conference organizers selected the best papers from those papers accepted for presentation at the conference The papers were chosen based on review scores submitted by members of the program committee and underwent further rigorous rounds of review From this second round of review 13 of most promising papers are then published in this Springer SCI book and not the conference proceedings We impatiently await the important contributions that we know these authors will bring to the field of computer and information science

Friendfluence Carlin Flora,2013-10-08 Told with warmth as well as rigor an invaluable book that not only illuminates and interprets the science of friendship but will help you wisely navigate your present and future friendships Timely savvy and judicious Awash in arresting insights with practical implications many of them counter intuitive The Huffington Post Just as the role of friends is expanding in our culture Friendfluence explores their powerful and often under appreciated influence on our personalities habits physical health and even our chances of success in life In this fascinating book packed with the latest research findings Carlin Flora traces friendship from its evolutionary

roots to its starring role in childhood and adolescence to its subtle and sometimes not so subtle impact on adults both positive and negative online and offline

Feminist Interventions in International Communication Katharine Sarikakis, Leslie Regan Shade, 2008 This cutting edge work critiques today's global mediascape through feminist perspectives highlighting concerns of policy power labor and technology Starting with the general state of international communications the book uses feminist political economic and policy analyses to explore the globalization of media industries including questions about women's employment and media content that is globally produced and consumed A top notch group of authors covers cases on online news pornography and explicit material political participation and democracy policies for women's development violence against women labor practices and information workers print media and publishing public telecentres media coverage of HIV AIDS and more Providing fresh feminist insights into international communication this essential book shows the important strides taken toward women's justice in these areas and how far there is yet to go

How Designers Think Bryan Lawson, 2006-08-11 How Designers Think is based on Bryan Lawson's many observations of designers at work interviews with designers and their clients and collaborators This extended work is the culmination of forty years research and shows the belief that we all can and do design and that we can learn to design better The creative mind continues to have the power to surprise and this book aims to nurture and extend this creativity Neither the earlier editions nor this book are intended as authoritative prescriptions of how designers should think but provide helpful advice on how to develop an understanding of design In this fourth edition Bryan Lawson continues to try and understand how designers think to explore how they might be better educated and to develop techniques to assist them in their task Some chapters have been revised and three completely new chapters added The book is now intended to be read in conjunction with What Designers Know which is a companion volume Some of the ideas previously discussed in the third edition of How Designers Think are now explored more thoroughly in What Designers Know For the first time this fourth edition works towards a model of designing and the skills that collectively constitute the design process

Anthropology Matters, Second Edition Shirley A. Fedorak, 2012-10-24 Anthropology Matters places the study of anthropology concretely in the world by which it is surrounded It takes a question based approach to introducing important anthropological concepts by embedding those concepts in contemporary global issues that will interest students The second edition of this popular text has been updated throughout and includes four new chapters on language revitalization social media and social revolutions human migration and the role of NGOs in international development practice Students can now engage with the most up to date issues while learning to think anthropologically

Global Issues Shirley A. Fedorak, 2013-11-29 Global Issues is a pedagogically rich text that offers a unique way of looking at contemporary issues such as food security and global conflict from a cross cultural and multidisciplinary perspective By exploring each issue in depth students gain an applied understanding of more abstract concepts like conflict globalization culture imperialism human rights and gender while the

cross cultural approach encourages students to view the world from outside the Western box Designed for introductory level students in global and international studies human geography anthropology sociology and development studies this highly accessible text offers instructors and students a unique way of matching the concepts they learn in the classroom with important issues in the world in which they live and work *Proceedings of the Fifth International Conference on Arts and Design Education (ICADE 2022)* Juju Masunah,Tati Narawati,Yudi Sukmayadi,Zakarias S. Soeteja,Trianti Nugraheni,Rita Milyartini,Agus Budiman,2023-09-27 This is an open access book The 5th INTERNATIONAL CONFERENCE ON ARTS AND DESIGN EDUCATION ICADE Digital Media Literacy and Mastery of Post pandemic in Arts and Design Education

BACKGROUND The past year has been one of enormous turbulence and upheaval where nobody has been left untouched by the impact of the global pandemic even a great change has been forced upon artists and educators in their work creation process as well as learning and teaching practice What and how artists and educators have thought and gone through to keep their field sustained should be disseminated as a mutual learning to enhance our awareness on arts and design sustainability and role during pandemic ICADE 5 aims to bring together leading academic artists arts and design researchers and scholars to exchange and share their notion experiences and research results on all aspects of Digital Media Literacy and Mastery in Arts and Design education during pandemic and its urgencies after pandemics It also provides a premier interdisciplinary platform for arts and design researchers practitioners and educators to present and discuss the most recent innovations trends and concerns as well as practical challenges encountered and solutions adopted which involves digital media literacy or mastery in the fields of Arts and Design education The 5th International Conference on Arts and Design Education ICADE is a conference hosted by Faculty of Arts and Design Education Universitas Pendidikan Indonesia This conference will be held on September 22nd 2022 through Zoom Webinar ICADE has covered a broad range of topic on music dance drama visual arts visual communication design arts education film and television and multidiciplinary arts fields This conference scopes may pertain how artist designer or arts and design educators finally adapt and conquer digital media to support their work creation and studies activitiesduring pandemic attitude changes toward art and design works creation best practice of art and design creation and studies during pandemic sorts of digital media which might be left or continuously used after pandemic what finally the digital media can t ever cover during pandemic even to this moment post pandemic potential disruptive constructive point of digital media use as well as other substance where we spot a relation between a digital media with arts and design creation and studies

Shell Programming in Unix, Linux and OS X

Stephen G. Kochan,Patrick Wood,2016-08-30 Shell Programming in Unix Linux and OS X is a thoroughly updated revision of Kochan and Wood s classic Unix Shell Programming tutorial Following the methodology of the original text the book focuses on the POSIX standard shell and teaches you how to develop programs in this useful programming environment taking full advantage of the underlying power of Unix and Unix like operating systems After a quick review of Unix utilities the book s

authors take you step by step through the process of building shell scripts debugging them and understanding how they work within the shell s environment All major features of the shell are covered and the large number of practical examples make it easy for you to build shell scripts for your particular applications The book also describes the major features of the Korn and Bash shells Learn how to Take advantage of the many utilities provided in the Unix system Write powerful shell scripts Use the shell s built in decision making and looping constructs Use the shell s powerful quoting mechanisms Make the most of the shell s built in history and command editing capabilities Use regular expressions with Unix commands Take advantage of the special features of the Korn and Bash shells Identify the major differences between versions of the shell language Customize the way your Unix system responds to you Set up your shell environment Make use of functions Debug scripts Contents at a Glance 1 A Quick Review of the Basics 2 What Is the Shell 3 Tools of the Trade 4 And Away We Go 5 Can I Quote You on That 6 Passing Arguments 7 Decisions Decisions 8 Round and Round She Goes 9 Reading and Printing Data 10 Your Environment 11 More on Parameters 12 Loose Ends 13 Rolo Revisited 14 Interactive and Nonstandard Shell Features A Shell Summary B For More Information

Wellness His Way Caren Fehr,2023-07-17 Have you ever thought about what it would look like to take care of your body with God His way and for His glory Our bodies do matter The problem is that so often we make our bodies the main thing when they are simply meant to help us do the main thing which is to love God and love others For so long I took care of my body as though I was the owner of it rather than as the steward of it I got stuck in either idolizing my body or neglecting it all together My health was a tangled mess and the enemy tried to convince me it was hopeless But God gently drew near to me and whispered I can untangle it if you let Me I let Him and He did Are you ready to let Him Are you ready to learn and live His way This book is for The friend who obsesses about their body neglects it or is anywhere in between The friend who is ready to surrender this area of their life to Christ The friend who wants to be both strong in their spirit and healthy in body The friend who feels they ve been given a problem body so why bother The friend who wants to learn how to steward their health with God His way and for His glory Friend you can steward your body with joy peace and as an extension of your worship I am cheering you on as you say yes to discovering why God s way is not only greater but is ultimately the Way
