## **Interview With Jacqueline Wilson:**

**An Interview with Jacqueline Wilson** Joanna Carey, 2002      **An Interview with Jacqueline Wilson** Joanna Carey, Jacqueline Wilson, 2000      Jacqueline Wilson Lucy Pearson, 2015-11-23 Over the last 20 years Jacqueline Wilson has published well over 100 titles and has become firmly established in the landscape of Children's Literature. She has written for all ages from picture books for young readers to young adult fiction and tackles a wide variety of controversial topics such as child abuse, mental illness and bereavement. Although she has received some criticism for presenting difficult and seemingly adult topics to children, she remains overwhelmingly popular among her audience and has won numerous prizes selected by children such as the Smarties Book Prize. This collection of newly commissioned essays explores Wilson's literature from all angles. The essays cover not only the content and themes of Wilson's writing but also her success as a publishing phenomenon and the branding of her books. Issues of gender roles and child carer relationships are examined alongside Wilson's writing style and use of techniques such as the unreliable narrator. The book also features an interview with Jacqueline Wilson herself where she discusses the challenges of writing social realism for young readers and how her writing has changed over her lengthy career.

**Jacqueline Wilson** John Bankston, 2013-11 When Jacqueline Wilson was 16 she dropped out of school, a choice that could have been devastating.

*The Family in English Children's Literature* Ann Alston,2008-06-03 From the trials of families experiencing divorce as in Anne Fine s Madame Doubtfire to the childcare problems highlighted in Jacqueline Wilson s Tracy Beaker it might seem that the traditional family and the ideals that accompany it have long vanished However in *The Family in English Children s Literature* Ann Alston argues that this is far from the case She suggests that despite the tales of family woe portrayed in children s literature the desire for the happy contented nuclear family remains inherent within the ideological subtexts of children s literature Using 1818 as a starting point Alston investigates families in children s literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner What emerges from Alston s study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children s literature *The Family in English Children s Literature* sheds light on who maintains control who behaves and how significant children s literature is in shaping our ideas about what makes a family good      **ThirdWay** ,2006-09 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture      **Creating Writers** James Carter,2020-11-25 This unique and comprehensive text offers an original approach to

**Century of Struggle** Eleanor Flexner, Ellen Fitzpatrick, 1996 *Century of Struggle* tells the story of one of the great social movements in American history The struggle for women's voting rights was one of the longest most successful and in some respects most radical challenges ever posed to the American system of electoral politics The book you are about to read tells the story of one of the great social movements in American history The struggle for women's voting rights was one of the longest most successful and in some respects most radical challenges ever posed to the American system of electoral politics It is difficult to imagine now a time when women were largely removed by custom practice and law from the formal political rights and responsibilities that supported and sustained the nation's young democracy For sheer drama the suffrage movement has few equals in modern American political history From the Preface by Ellen Fitzpatrick

*Heritage, Memory, and Punishment* Shu-Mei Huang, Hyun-Kyung Lee, 2019-09-23 Based on a transnational study of decommissioned postcolonial prisons in Taiwan Taipei and Chiayi South Korea Seoul and China Lushun this book offers a critical reading of prisons as a particular colonial product the current restoration of which as national heritage is closely related to the evolving conceptualization of punishment Focusing on the colonial prisons built by the Japanese Empire in the first half of the twentieth century it illuminates how punishment has been considered a subject of modernization while the contemporary use of prisons as heritage tends to reduce the process of colonial modernity to oppression and atrocity thus constituting a heritage of shame and death which postcolonial societies blame upon the former colonizers A study of how the remembering of punishment and imprisonment reflects the attempts of postcolonial cities to re-articulate an understanding of the present by correcting the past *Heritage*

Memory and Punishment examines how prisons were designed built partially demolished preserved and redeveloped across political regimes demonstrating the ways in which the selective use of prisons as heritage reframed through nationalism leaves marks on urban contexts that remain long after the prisons themselves are decommissioned As such it will appeal to scholars of sociology geography the built environment and heritage with interests in memory studies and dark tourism
