**Brian John Busby**

## **Intimate Journal:**

*Intimacy* Martin Fisher, 2012-12-06 Intimacy is a complex and heterogeneous concept that has generated a variety of definitions theories and philosophies over the years Although there is much disagreement about the essential meaning of the term there seems to be a consensus that intimacy whatever it may be is of central importance in human relationships and specifically in the theory and practice of psychotherapy One approach to intimacy focuses on an intrapsychic conception Intimacy occurs when an individual achieves full self knowledge and is fully in touch with his or her feelings and wishes From this viewpoint an intimate act occurs when a person is willing to share these feelings and wishes with another so that self disclosure becomes an important index of intimacy This definition also implies that intimacy need not be reciprocal so that a therapeutic relationship can achieve a good deal of intimacy without the therapist engaging in self disclosure An alternate approach to intimacy stresses the interpersonal nature of the concept Intimacy is seen as the product of an interaction and can only occur between people Each one is able to touch something meaningful in the other whether at a conscious behavioral level or an unconscious and inferential level Therapists seeking intimacy in these terms would probably be a good deal more active and consider it more important to reveal something of the substance of their own persons if not the facts of their lives

**Handbook of Closeness and Intimacy** Debra J. Mashek, Arthur Aron, 2004-04-13 This handbook brings together the latest thinking on the scientific study of closeness and intimacy from some of the most active and widely recognized relationship scholars in social and clinical psychology communication studies and related disciplines Each contributing author defines their understanding of the meaning of closeness and intimacy summarizes existing research and provides an overview of a theoretical framework presents new ideas applications and previously unstated theoretical connections and provides cross references to other chapters to further integrate the material The Handbook of Closeness and Intimacy will be of interest to researchers practitioners and students from social clinical and developmental psychology family studies counseling and communication

*The Routledge Handbook of Men's Victimisation in Intimate Relationships* Louise Dixon, Denise A Hines, Emily M Douglas, 2025-05-29 This handbook provides a timely synthesis of the international literature that investigates men's experiences of intimate partner violence and help seeking behavior and considers what the findings mean for research practice and policy Providing the reader with a synthesis of cutting edge knowledge this book draws together a wealth of information from leading international researchers and practitioners working in the field of men's victimization in intimate relationships By including chapters that address a diverse range of men's experiences and needs it offers an accessible format for the reader to learn about the experiences of underrepresented groups of men across the world and how this knowledge can shape practice policy and future research The Routledge Handbook of Men's Victimisation in Intimate Relationships will be of great use to postgraduate students including training psychologists psychiatrists medics barristers attorneys social workers probation officers doctors and nurses academics researchers and professionals working in

areas of family violence law practice policy and service provision      **A Gentleman of Pleasure** Brian John Busby, 2011 The first biography of Canada's most enigmatic literary figure a self-described great practitioner of deceit      Intimate Partner Violence Connie Mitchell, Deirdre Anglin, 2009-06-30 Intimate partner violence is a challenging problem that health professionals encounter on a daily basis This volume thoroughly compiles the current knowledge and health science and provides a strong foundation for students educators clinicians and researchers on prevention assessment and intervention

**The Routledge International Handbook of Domestic Violence and Abuse** John Devaney, Caroline Bradbury-Jones, Rebecca J. Macy, Carolina Øverlien, Stephanie Holt, 2021-03-17 This book makes an important contribution to the international understanding of domestic violence and shares the latest knowledge of what causes and sustains domestic violence between intimate partners as well as the effectiveness of responses in working with adult and child victims and those who act abusively towards their partners Drawing upon a wide range of contemporary research from across the globe it recognises that domestic violence is both universal but also shaped by local cultures and contexts Divided into seven parts Introduction Theoretical perspectives on domestic violence and abuse Domestic violence and abuse across the life course Manifestations of domestic violence and abuse Responding to domestic violence and abuse Researching domestic violence and abuse Concluding thoughts It will be of interest to all academics and students working in social work allied health sociology criminology and gender studies as well as policy professionals looking for new approaches to the subject      How it was Done in Paris Leonid Livak, 2003 Here reintroduced into literary circulation is an ignored yet rich and original page in Russian literary history the unnoticed generation of Russian writers who took up residence in France after the Bolshevik coup of 1917 Leonid Livak analyzes the position of these writers in the context of French modernist literature examining the ways in which French literary life influenced migr artistic identities and oeuvre The book challenges commonly accepted notions of migr isolation from French literature and culture and is instrumental in reaching a fuller understanding of the cultural mechanisms involved in the effort by an expatriate community to carry on a creative existence      Encyclopedia of Interpersonal Violence Claire M. Renzetti, Jeffrey L. Edleson, 2008-06-19 From assisted suicide and batter women to human trafficking and sex offenders this guide provides an excellent overview of the state research on interpersonal violence This set is highly recommended for academic libraries John R M Lawrence Interpersonal violence is behavior that intentionally threatens attempts or actually inflicts harm on another This violence invades both the public and private spheres of our lives many times in unexpected and frightening ways Interpersonal violence is a problem that individuals could experience at any point during the life span even before birth Interpersonal violence is experienced not only throughout the life course but also as a global problem in the form of war genocide terrorism and rape of women as a weapon of war The Encyclopedia of Interpersonal Violence provides accurate research supported information to clarify critical issues and educate the public about different forms of interpersonal violence their incidence and prevalence theoretical explanations public policy

initiatives and prevention and intervention strategies These two volumes contain more than 500 accessible jargon free entries written by experts and provide cross references to related entries as well as suggested readings for further information Key Features Defines key concepts and explains theoretical principles clearly and succinctly Provides information on current data sets regional and national organizations specializing in various dimensions of interpersonal violence and relevant Web sites Serves as a quick reference guide to definitions statistics theories policies and prevention and intervention programs Discusses concern with interpersonal violence as a problem across the life span and across cultures Addresses careers in the many fields of interpersonal violence Key Themes Children and Youth Civil and Criminal Legal Systems Interpersonal Violence General Intervention and Prevention Programs Legislation Organizations and Agencies Racial Ethnic and Cross Cultural Issues Research Methods and Data Collection Instruments Sexual Violence and Abuse Syndromes Disorders and Other Mental Health Issues Theories and Theoretical Perspectives Violence Between Intimates Family Violence The Encyclopedia of Interpersonal Violence is designed for members of the general public who are interested in learning more about various aspects of the problem of interpersonal violence making it a must have resource for academic and public libraries

**Sexual Violence in Intimacy** M. Gabriela Torres, Kersti Yllö, 2020-11-26 Integrating interdisciplinary and cross cultural analysis this volume advances our understanding of sexual violence in intimacy through the development of more nuanced and evidence based conceptual frameworks Sexual violence in intimacy is a global pandemic that causes individual physical and emotional harm as well as wider social suffering It is also legal and culturally condoned in much of the world Bringing together international and interdisciplinary research the book explores marital rape as individual suffering that is best understood in cultural and institutional context Gendered narratives and large scale surveys from India Ghana and Africa Diasporas Pacific Islands Denmark New Zealand the United States and beyond illuminate cross cultural differences and commonalities Methodological debates concerning etic and emic approaches and de colonial challenges are addressed Finally a range of policy and intervention approaches including art state rhetoric health care and criminal justice are explored This book provides much needed scholarship to guide policymakers practitioners and activists as well as for researchers studying gender based violence marriage and kinship and the legal and public health concerns of women globally It will be relevant for upper level students and scholars in anthropology sociology psychology women s studies social work and public and global health

**Family Violence in the United States** Denise A. Hines, Kathleen Malley-Morrison, Leila B. Dutton, 2020-08-24 Family Violence in the United States takes an ecological approach to examining violence and abuse within the context of families Easy to read chapters are organized by exploring the Scope of the Problem definitions of key terminology predictors and consequences of different forms of maltreatment Attention is paid to larger social systems that can contribute to abuse as well as community relationship and individual predictors of both perpetration and victimization Additionally there is an emphasis on both prevention and intervention of family violence at various levels of

the ecological model Authors Denise A Hines Kathleen Malley Morrison and Leila B Dutton help students explore what family violence is and the reasons why it happens Their approach covers contemporary and controversial topics across the lifespan including maltreatment of male partners by women of parents within sexual minority relationships and on college campuses This 3rd edition is filled with chapter opening cases to prompt discussion within the classroom as well as considerations of context and application in the larger community Rich in scholarly references and case materials it is suitable for advanced undergraduates graduate students and professionals alike

*Psychosocial Resilience and Risk in the Perinatal Period* Gill Thomson, Virginia Schmied, 2017-07-14 Bringing together experts in the field this important book considers the underlying risk factors that create situations of psychosocial vulnerability and marginalisation for mothers from their baby's conception up to a year after birth Adopting a strengths based approach the book looks not only at the incidence and impact of disadvantageous circumstances on women but also explores protective factors at an individual family community and service level It identifies promising evidence based interventions and sources of resilience With a distinctive focus on social and

cultural diversity Psychosocial Resilience and Risk in the Perinatal Period considers a wide range of personal circumstances and social groups including women's experiences of traumatic birth domestic and family violence drug and alcohol use and mothering by indigenous same sex and disabled women Throughout case studies and service user experiences are used to illuminate the issues and illustrate exemplary care practice International in scope this book is particularly strong on the implications for care practices and health service delivery within Western models of maternity care Its applied focus and evidence base makes it eminently suitable for study purposes and professional reference Of relevance to midwives health visitors and other health and social care practitioners Psychosocial Resilience and Risk in the Perinatal Period's final chapters focus on developing resilience amongst professionals and multiprofessional and interagency working Writers and Their Notebooks Diana M. Raab, 2022-04-13 Personal reflections on the vital role of the notebook in creative writing from Dorianne Laux Sue Grafton John Dufresne Kyoko Mori and more This collection of essays by established professional writers explores how their notebooks serve as their studios and workshops places to collect to play and to make new discoveries with language passions and curiosities For these diverse writers the journal also serves as an ideal forum to develop their writing voice whether crafting fiction nonfiction or poetry Some include sample journal entries that have since developed into published pieces Through their individual approaches to keeping a notebook the contributors offer valuable advice personal recollections and a hearty endorsement of the value of using notebooks to document develop and nurture a writer's creative spark **Child Abuse, Family Rights, and the Child Protective System** Stephen M. Krason, 2013-07-05 The child protective system CPS shaped by federal law forty years ago and run on the state and county levels in the United States offered in utopian fashion the hope of preventing all possible child abuse or neglect In response legislators enacted a spate of vague laws that poorly defined such categories as abuse and neglect and granted the CPS sweeping powers to intrude into families often on the basis of nothing more than anonymous complaints about standard childrearing practices This arrangement which followed from the questionable assertion of the existence of a crisis of child abuse and neglect became the basis in theory for the universal monitoring of American families that has resulted in the sharp curtailing of parental rights and responsibilities With overreaching by local and state governments into family affairs the current CPS has not only damaged untold numbers of families but also undercut the legitimacy of parental authority through the continuous threat to parents of child removal In *Child Abuse Family Rights and the Child Protective System A Critical Analysis* from Law Ethics and Catholic Social Teaching Stephen M Krason gathers essays by leading scholars and practitioners to comment through the prism of Catholic social thought on the plight afflicting American families and the role of the child protective system Here readers will find critical essays on the deleterious effect of the 1974 passage of the Child Abuse Prevention and Treatment Act assessments of current American policies on child abuse and neglect and the role of the CPS within the context of prevailing international human rights principles and Catholic social teaching a survey of the enforcement of CPS policies from a legal

and constitutional perspective research data disputing the CPS principle that all parents are potential abusers and illustrating the greater prevalence of abuse and neglect in broken blended and untraditional families and arguments for poverty and unemployment as the prime culprits in the mistreatment of children Also included are the amicus curiae briefs that the Society of Catholic Social Scientists submitted in two U S Supreme Court cases on parental rights the CPS and state control over the family Child Abuse Family Rights and the Child Protective System should appeal to a variety of professionals as well as scholars from family court attorneys social workers family counselors and clergy to researchers in the fields of social work law family studies American politics sociology human services counseling and psychology and education as well as public officials

**Curriculum Action Research** James McKernan, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

**The Oxford Handbook of Behavioral Emergencies and Crises** Phillip M. Kleespies, 2016-09-19 The Oxford Handbook of Behavioral Emergencies and Crises includes the most up to date and valuable research on the evaluation and management of the most challenging patients or clients faced by mental health providers individuals who are at high risk of suicide of other directed violence or of becoming the victims of interpersonal violence These are cases in which the outcome can be serious injury or death and there can be negative consequences not only for the patient but also for the patient s family and friends for the assessing or treating clinician and for the patient s clinic or medical center Virtually all mental health clinicians with an active caseload will see individuals with such issues This Handbook is comprised of chapters by leading clinicians researchers and scholars in this area of practice It presents a framework for learning the skills needed for assessing and working competently with such high risk individuals Chapters draw a distinction between behavioral emergencies and crises and between emergency intervention and crisis intervention The book examines the inter related aspects of the major behavioral emergencies that is for example the degree to which interpersonal victimization may lead an individual on a pathway to later suicidal or violent behavior or the degree to which suicidal individuals and violent individuals may share certain cognitive characteristics This resource is not simply a knowledge base for behavioral emergencies it also presents a method for reducing stress and acquiring skills in working with high risk people
